The Fire Commissioner of the City of Boston, 115 Southampton street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for installing two new steam boilers and oil-burning equipment at Engine 13 and Engine 26. A bond of an approved surety company doing business in the Commonwealth of Massachusetts, in the full amount of the contract, will be required to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at the office of the Fire Commissioner, 115 Southampton street. Each proposal must be signed by the bidder, placed in an envelope, sealed and marked "Proposal for Installing Steam Boilers and Oil-Burning Equipment at Engine 13, 1246 Tremont Street, Roxbury, and Engine 26, 194 Broadway, Boston," and left at the office of the Fire Commissioner, 115 Southampton street, before 12 o'clock noon of Tuesday, September 4, 1951, accompanied by a certified check for three hundred (300) dollars, payable to the City of Boston and to be the property of said city as liquidated damages suffered by said city if, after acceptance of his proposal, the bidder shall fail to carry out said proposal. The proposals will then and there be publicly opened for reading. Proposals must be made in duplicate, and the sealed duplicate, without check, must be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a schedule of which appears in the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (Ter. Ed.) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing will be required prior to the award of said contract. Specifications may be obtained at the office of the Fire Commissioner, 115 Southampton street. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

PUBLIC BUILDINGS DEPARTMENT.

INVITATION FOR PROPOSALS FOR A NEW MUNICIPAL BUILDING AT 1481-1491 TREMONT STREET, ROXBURY DISTRICT, BOSTON, MASS.

The Superintendent of Public Buildings, Public Buildings Department, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for a new municipal building at 1481-1491 Tremont street, Roxbury district, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, September 12, 1951, at the office of the Awarding Authority, Room 1005, City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained on and after Monday, August 27, 1951, at the office of the Awarding Authority, upon deposit of \$50 in cash. This deposit will be refunded upon the return of the plans and specifications in good condition within ten days after the opening of bids.

Subbids shall be received on plumbing, heating and ventilating, electrical and elevator work.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Friday, September 7, 1951.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1930.

In his address to the convention of Veterans of World War II Mayor John B. Hynes spoke as follows:

Boston welcomes, with great pride, this militant organization of Veterans of World War II.

FANEUIL HALL TO BE EQUIPPED WITH CITY-OWNED ELECTRIC ORGAN AND SPINET PIANO—MAYOR HYNES HAS ASKED BOSTON MUSIC COMMITTEE TO UNDERTAKE RESPONSIBILITY—HISTORIC SHRINE WOULD BE IMPROVED AND MADE MORE ATTRACTIVE TO VISITORS AND THOSE CITIZENS WHO HOLD PATRIOTIC EXERCISES THERE.

Mayor John B. Hynes has requested the Boston Music Committee, named by him last spring to advance the promotion of music in Boston, to undertake the responsibility of equipping Faneuil Hall with an electrical organ and a spinet

MAYOR JOHN B. HYNES SEEKS TO IMPROVE CARE FOR AGED IN BOSTON—ASKS HEALTH COMMISSIONER DR. CAULEY TO RESURVEY NURSING HOMES, HOMES FOR CONVALESCENTS, AND HOMES DEVOTED TO CARE OF AGED, TO EVALUATE CARE GIVEN SUCH CITIZENS AND TO SEEK METHODS FOR MAKING THEIR DECLINING YEARS MORE CHEERFUL AND COMFORTABLE—MAYOR DETERMINED THAT FACILITIES AND CARE SHALL BE OF HIGHEST STANDARDS.

Mayor John B. Hynes has issued the following statement:

I have conferred with Dr. John H. Cauley, the Health Commissioner, concerning the quality of care provided older people in the City of Boston. As a result, I requested the Health Commissioner to resurvey nursing homes, convalescent homes, and homes for the aged, and to evaluate the care being furnished elderly people in Boston.

A survey of this type conducted by the Boston Health Department during 1950 indicated that there were approximately one hundred institutions, aside from hospitals, in Boston furnishing convalescent care and care for more than twelve hundred aged. The survey also indicated that the majority of patients were over sixty-eight years of age and many patients were recipients of Old Age Assistance.

I instructed Dr. Cauley to confer with the Fire and Building Departments and with the Overseers of Public Welfare in order that the regulations of these departments might be reviewed to determine whether they set up high enough standards for the operation of privately conducted homes for convalescents and aged. I am determined that the facilities and type of care being furnished the aged people of the City of Boston be of the highest. The Health Commissioner will confer with all official and private agencies and will submit a program for the care of the aged which will establish for Boston a program which shall not be exceeded by any city in the nation.

Number of Aged Increases.

The 1950 United States Census showed that there has been a definite percentage increase in the number of aged people in the City of Boston, and the national trend demonstrates that the expectancy of life will continue to increase. In the past fifty years, twenty years have been added to life expectancy, and it is anticipated that in the next decade the span of life will be increased another five years.

The Health Commissioner reported that during 1950 an intensive program of inspection of all homes for the aged was launched by the Health Department, and that all essential facilities of the department were utilized to insure to patients a maximum of adequate care. In addition, the Nursing Service, the Medical Division, the Food Division, the Housing Division, and the Nutrition Service of the Health Department periodically visit all these institutions furnishing care to the aged. The standards which have been reached during the last year are a definite improvement over previous conditions.

NEW LONG ISLAND BRIDGE ADVANTAGEOUS.

The recent opening of the bridge to Long Island has increased the facilities at Long Island Hospital. The new ease of transportation for employees and friends of patients at the hospital has made the location more desirable than ever. The new bridge will also cut the cost of new construction by making labor and materials more easily available by direct route. The available employee pool will be enlarged, because commuting will no longer be a problem. Long Island, with the advantage of a pleasant harbor location, is an ideal place for the erection of a hospital for the treatment of chronic diseases. It is my hope that such a building can be made available soon.

Those unfortunate enough to have found it necessary to seek adequate nursing homes and homes for the aged for members of their family fully appreciate the difficulty of finding ideal accommodations with costs within their means. It is my intention to make every attempt to ease the situation and to give assurance that the quality of care provided to patients in public or private institutions is the best available anywhere.

MAYOR HYNES TO PLACE ORGAN AND PIANO IN FANEUIL HALL.

(Continued from page 949.)

piano. The Music Committee is now sponsoring daily noon and Sunday afternoon organ recitals at the Parkman Bandstand, Boston Common. Thousands of persons, including tourists from all sections of the nation, judging by the attendance, comments, and letters, are daily enjoying them.

"It has been brought to my attention," said the Mayor, "that famous old Faneuil Hall, known down through the years as the Cradle of American Liberty, and which is one of the most beautiful specimens of colonial architecture in existence, is without a permanent piano.

"In the light of the money spent by the city over the years on its public buildings, it was surprising, to say the least, to learn that this venerable shrine of early American history is without one. In view of the important patriotic exercises that are held there from time to time and the number of persons who visit there year round from all sections of the nation, it is highly desirable that it be equipped with a suitable piano. A study made by competent musicians indicates that a vertical, spinet-type instrument would best fit into the decoration scheme.

"The study also reveals that Faneuil Hall, as a place for patriotic exercises and musicals, would be improved if it were equipped with an electrical console organ. I understand that the center of the rear gallery affords an excellent location for such an instrument.

"The city, of course, might readily buy both a piano and electrical organ, but the thought occurred to me that, in light of the history of Faneuil Hall and the traditions surrounding it, the Boston Music

Committee, which has already shown its willingness to serve the community by sponsoring the daily noon and Sunday afternoon organ recitals at Parkman Bandstand, would enjoy the opportunity of finding the ways and means of installing them. I understand the total cost would not exceed \$4,600."

The Boston Music Committee is composed of a hundred of the leading musicians and music patrons of the city. It is headed by Harry J. Blake, prominent Boston wool merchant, who last year presented the city the electrical organ now permanently installed at the Parkman Bandstand.

DELEGATES TO SONS OF ITALY CONVENTION AT HOTEL STATLER WELCOMED TO BOSTON BY MAYOR HYNES—EXTENDS GREETINGS TO DELEGATES FROM CITY WHICH BLENDS OLD AND NEW TO MAKE ALL PROCLAIM WITH PRIDE "THANK GOD I AM AN AMERICAN!"—ASKS TRIBUTE BE PAID TO THOSE WHO HAVE WON FOR US OF TODAY OPPORTUNITIES OF THIS FREE LAND.

In his address of welcome to the Sons of Italy at the opening of their convention at the Hotel Statler, Mayor Hynes spoke as follows:

Delegates to This Convention of the Sons of Italy.

Greetings!

Welcome to Boston, city of a blend of old and new—touch of old world, yet vigorous, progressive!

Its people are a blend of all the peoples of the old world. We live harmoniously with one another, respecting each other's traditions and respecting each other's social and religious convictions.

We are a great American city, the mother city of the nation, a cosmopolitan city, started on the rocks of Puritanism, and grown great and strong—like our country itself—on the granite courage and stalwart character of men of every racial strain.

Men of Italian blood have played no little part in the tremendous growth and wealth of our cities, our states, and our nation.

All too often your forbears—and mine, too—were forced to fight unnatural handicaps, the bigotries and the intolerances of other days.

But they struggled on, and they won—not realizing it, perhaps, but winning for you and me the great opportunities of this free land.

These men—your fathers, grandfathers, or great-grandfathers—this convention should not forget, for it was their willingness to sacrifice, to work hard, to persevere, which has resulted in the high places men of Italian blood now hold in the life of America.

Let us, then, pay tribute—you and I—not only tonight, but often, to those who have preceded us, who have lighted the way for us, who have made it possible for us to proudly proclaim "Thank God I am an American!"

MAYOR HYNES ADDRESSES VETERANS OF WORLD WAR II.

(Continued from page 949.)

We are honored to have you in our ancient, patriotic, historical city, where the first blood was shed for freedom, and where, even to this day, the resounding words of the early patriots still echo and re-echo in the air.

The love for freedom and independence—and the belief that man has certain God-given rights—is part of the very core and substance of this city.

In all the struggles to preserve our freedom and independence the men of Boston have been willing to sacrifice and fight—even as you—that they might not be denied those who are to follow after.

Today we in Boston have our fingers crossed.

We see the world—a world which twice, in a brief period of years, we saved from the designs of despotic dictators—once again teetering on the brim of chaos and destruction.

We see a world where millions upon millions of people are under the domination of a small group of cruel, irreligious, insane men in the Kremlin, whose lust for world power can never be satisfied or appeased until this great bastion of liberty falls beneath their spell.

As matters go the world will soon be too small for the disciples of Communism and the disciples of freedom.

When that test comes—and pray God it need not be—the men of Boston will stand as firmly on the side of freedom as the men of Boston stood at Bunker Hill 176 years ago.

You men—many of you with the scars of the last war still visible—may once again be called upon to join in the forces of the right against the forces of the wrong, to once again defend your country, to once again save the world from the darkness of despair—from the tyranny of ungodly maniacs.

Sobering as this prospect might be, yet we must give thought to it. We don't want war, we don't want bloodshed, misery, suffering, and death, but neither do we want this great land, conceived in liberty, to become a cringing, pliant satellite of the Kremlin.

The world depends on America. It looks to us for leadership. It rests its hopes for a better future on this great and favored land. We cannot close our ears to the cries of millions of human beings who, like ourselves, are creatures of the Almighty—from whom all human rights flow.

The torch of world freedom is in our hands here in America. As long as we keep it lighted there is hope for the world. If we let it flicker, and smoulder, and die out, this citadel of liberty will be but another ruin in a civilization that has passed.

Freedom we want, and freedom we shall have.

Peace we want, but peace with honor.

These we want for ourselves, for our children, and for the world.

The cost might be great, but to compromise will mean that we have turned our backs to the God of all, and have joined forces with the devil and his legions.

This we shall never do.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon August 9 the Mayor approved a contract as indicated in the following letter:

BOSTON, August 8, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* of July 28, 1951, the following bid was received and publicly opened and read aloud on August 7, 1951, for repairing and retubing boilers in the various schools:

Daniel Russell Boiler Works, Incorporated, \$10,239.

Whereas the Daniel Russell Boiler Works, Incorporated, of 83-105 Boston street, South Boston, Mass., has performed this type of work satisfactorily in the past, I feel that the interests of the City of Boston will best be served in awarding a contract to them, the only bidder, subject to your Honor's approval, in the amount of \$10,239.

Very truly yours,

EDWARD M. O'FLAHERTY,
Acting Superintendent of Construction.

Upon August 13 the Mayor approved a contract with Rufo Construction Company, Inc., for grading and paving, etc. Bids, opened Tuesday, August 7, were as follows:

SUFFOLK COUNTY. SHERIFF'S OFFICE.

Upon August 15 the Mayor approved a contract with John Rugo for alterations to ceiling and roof, Suffolk County Jail. Bids, opened Friday, August 10, were as follows:

John Rugo, \$52,360; Phillip E. Connors, \$59,200; M. Solimando, \$62,536; DeStefano Construction Company, \$64,053; J. A. Singarella Company, \$71,700.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors and dealers in supplies for furnishing labor, materials, etc. Communications from the heads of the several departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, August 24, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

Subject: Louis Prang School.

DEAR MR. MAYOR:

Under a directive from the School Committee of the City of Boston, I was ordered to raze the Louis Prang School on Bartlett street, Roxbury. In assuming that the department might possibly be paid for the materials which would be obtained from this structure, or that a small fee to have it razed might be charged by the contractor, I invited building wrecking contractors to submit proposals.

The following proposals have been received:

New England Building Wrecking Company, \$1,889; City Building Wrecking Company, \$2,965; Mystic Building Wrecking Company, \$3,500; Hub Building Wrecking Company, \$3,750; Central Building Wrecking Company, \$3,945; American Building Wrecking Company, \$3,985; Fellsway Building Wrecking Company, no bid.

Due to the procedure which I followed I feel that there would be no advantage to the City of Boston by publicly advertising, and I respectfully request your Honor's approval to make an expenditure in the sum of \$1,889 to the New England Building Wrecking Company, 236 Third street, Chelsea, Mass., for the demolition of this building. In doing so I feel that the best interests of the City of Boston would be maintained.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

HOSPITAL DEPARTMENT.
Sanatorium Division.

BOSTON, July 26, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Otis Elevator Company, 130 Clarendon street, Boston, Mass., for alterations and repairs to two passenger elevators and one freight elevator located at the Sanatorium Division, at a cost not to exceed the sum of \$3,146.

We have been anticipating the repair of these elevators so as to make them acceptable for monthly service. They have been in actual use for over twenty years. After many inspections by men in the elevator business, we found that the Otis Elevator Company would accept these elevators for service after requiring the least costly repairs.

I feel that there would be no advantage to the city to advertise for bids where most of the parts would have to be obtained from the Otis Elevator Company.

In view of the foregoing, it was voted at a meeting of the Board of Trustees held on July 20, 1951, to award this work to the Otis Elevator Company at a cost not to exceed \$3,146.

Very truly yours,

MARY MOORE BEATTY, M.D.,
Assistant Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, August 20, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Under date of July 5 of the current year, a contract in the amount of

\$60,224.50 was awarded to James A. Freaney, Inc., of 1 West street, Hyde Park, for reconstructing Bernard street and Standish street, in Ward 14, and three other streets designated in the contract. Inadvertently, West Park street, which connects Bernard street and Standish street, was omitted from the list of streets to be reconstructed under the provisions of the above-referenced contract.

West Park street is in a deplorable condition, and its reconstruction should be done concurrently with the reconstruction of the other streets included in the above-named contract. The contractor has agreed to do the work in West Park street at the same unit prices that are in effect in the present contract and which were obtained as a result of publicly advertising for proposals. Through a misunderstanding, the contractor has already excavated West Park street, with the result that it is now in an impassable condition, and steps should be taken to complete the work at once. Pending your approval, however, to the award of a contract for West Park street, I have instructed the contractor to suspend operations on that street.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for proposals and for reasons contained herein, to James A. Freaney, Inc., 1 West street, Hyde Park, in the amount of \$6,800, for reconstructing West Park street, Ward 14, in accordance with the standard specifications of the department, and at the unit bid prices included in the above-referenced Bernard Street contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, August 20, 1951.

To the Mayor of Boston.

Under date of April 2, 1951, your Honor approved a contract, after publicly advertising for bids, with the Hersey Manufacturing Company, the only bidder, for furnishing labor and material necessary to repair or rebuild and test Hersey water meters for the Public Works Department (Water Division), at an estimated cost of \$24,334.

The work called for under that contract has been completed, and the department has considerable Hersey meter work to be done. As the meters involved are Hersey meters, there would be no advantage in publicly advertising for bids, because no other company could furnish the parts unless they were obtained from the Hersey Company. In addition, the Hersey Company has agreed to perform this additional work at the unit prices and in accordance with the terms of the contract of April 2, 1951.

Because of the factors involved, your permission is respectfully requested to the award of a contract, without publicly advertising for bids, to the Hersey Manufacturing Company, South Boston, Mass., for furnishing labor and materials necessary to repair or rebuild and test Hersey water meters for the Public Works Department (Water Division), in an estimated amount of \$4,134.

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, August 23, 1951.

To the Mayor of Boston.

The Martin J. Kelly Company, Inc., has been effecting repairs to artificial stone sidewalks in so-called Area 3, in

locations where openings have previously been made by public service corporations.

This firm is engaged in the corporation patching work at the present time, and, in many streets, the sidewalk areas opened by the Water Division—in connection with the maintenance of the water system—should also be repaired by this firm concurrently with the sidewalk work being done for the public service corporations. Most of the sidewalk openings made by the Water Division have been temporarily patched with bituminous material, and they are very unsightly and, in many instances, present a hazard to pedestrians. Generally speaking, it would not be good policy to designate one contractor to patch sidewalks for public service corporations and another contractor to patch sidewalk areas opened by the Water Division of this department. The businesslike approach is to designate one contractor to do all the necessary patching work for public service corporations and also for the Water Division.

The schedule of prices for which the above-referenced firm is doing this work for the public service corporations is fair and reasonable for this type of work, and I do not believe that it will be practical for the city to publicly advertise for proposals for the sidewalk patching work for the Water Division. The Martin J. Kelly Company, Inc., has agreed to do the sidewalk patching work for the Water Division at a rate of 60 cents per square foot, which is 5 cents per foot less than that charged to the public service corporations.

I therefore respectfully request your approval to the award of a contract, without publicly advertising for proposals, to the Martin J. Kelly Company, Inc., 75 Stedman street, Jamaica Plain, for effecting repairs to artificial stone sidewalks in locations in District 3 where openings have been made by the Water Division of this department in connection with the maintenance and repair of the water system.

The total sum of the work to be performed under this contract will not exceed \$2,000, and will be charged to the budget of the Water Division of this department.

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, August 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Fire Department for 2,000 cells for "Nife" type TA-1 10 ampere-hour nickel-cadmium type fire alarm storage batteries.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to the Signal Systems Engineering Company, Inc., 146 Summer street, Boston. This company is the direct agent of the manufacturer, and it is my opinion that the best interests of the city will be served by awarding the contract as requested.

Total amount of contract will be \$7,500, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In order to insure delivery at the proper time, each year in the month of August this office is required to place an order with a vendor for furnishing purchase order forms to this department for use in the following year.

Informal quotations for prices have been sent to five companies, but only three responded. Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Philip Hano Company, the second lowest bidder. The difference between this company's bid and that of the lowest bidder is \$6.90; however, the Philip Hano Company has stated a delivery date of December 1, 1951, as compared to February 1, 1952, the delivery date of Egly Register Company, the lowest bidder. Inasmuch as it will be necessary to have the order forms in stock for the beginning of 1952, it is my opinion that the best interests of the city will be served by awarding the contract to Philip Hano Company.

Approximate total amount of contract will be \$1,162.20, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Estimated saving to the city, 8,000 pounds of steel at 21 cents per pound—\$1,680.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with P. J. Cantwell & Son, approved September 12, 1950, for egress alterations in various schools in Group C-1, from June 1, 1951, to December 31, 1951. This extension was requested because of delay in getting necessary material.

Approval has been given for the extension of the time of completion of the contract with P. J. Cantwell & Son, approved December 22, 1950, for egress alterations in various schools in Group C-3, from June 30, 1951, to December 31, 1951. This extension was requested because of delay in getting necessary material.

Approval has been given for the extension of the time of completion of the contract with P. J. Cantwell & Son, approved December 22, 1950, for egress alterations in various schools in Group C-4, from June 30, 1951, to December 31, 1951. This extension was requested because of delay in getting necessary material to complete contract.

FIRE DEPARTMENT.

Approval has been given for an extension of time to M. S. Kelliher Company for the performance of the contract for the erection of the new Fire Department Headquarters and Maintenance Garage Building on Southampton street, to September 30, 1951. This extension was requested due to a delay in the delivery of materials.

PARK DEPARTMENT.

Faletra Brothers, Inc., has been granted an extension of time until August 31, 1951, for the completion of the contract for construction of play area at Poplar and Chambers streets, Boston.

Superior Tree Service, Inc., has been granted an extension of time until August 1, 1951, for the completion of the contract for spraying of elm trees in the parks and on city streets.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Joseph P. McCabe, Inc., 509 East First street, South Boston, dated May 8, 1951, for sheet asphalt pavement and sewerage works in Malden street, Ward 8, from Washington street to Harrison avenue, from July 31, 1951, to August 1, 1951. This extension was requested for the reason that the contractor required one more day to complete the work.

Approval has been given for the extension of the time of completion of the con-

tract with A. Singarella & Son, 22A Tremlett street, Dorchester, dated May 14, 1951, for bituminous concrete pavement in Cowing street, Havey street, and Northdale road, from August 1, 1951, to October 1, 1951. This extension was requested for the reason that the contractor has been delayed in completing Northdale road due to inclement weather.

Approval has been given for the extension of the time of completion of the contract with A. Grande, dated June 11, 1951, for sewerage works in Staniford street, between Margin street and Lyman street, from July 12, 1951, to August 3, 1951. This extension was requested for the reason that unforeseen difficulties arose during the progress of the work.

Approval has been given for the extension of the time of completion of the contract with G. DeLuca Company, Inc., 44 Woodward avenue, Roxbury, for removing abandoned gas lampposts in various streets of the City of Boston, from July 1, 1951, to August 31, 1951. This extension was requested for the reason that the contractor was delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with Walsh Asphalt Company, 65 Perham street, West Roxbury, for repairing with bituminous concrete or sheet asphalt the pavement in any street upon which there is no maintenance guaranty in the East Boston district, from June 30, 1951, to October 31, 1951. This extension was requested for the reason that the contractor had to suspend work, due to major construction activities in this area on state projects.

Approval has been given for the extension of the time of completion of the contract with General Ship and Engine Works, Inc., 336 Border street, East Boston, for repairs to operating machinery of the Chelsea Street Bridge, over the Chelsea River, to September 22, 1951. This extension was requested for the reason that the contractor was delayed due to the necessity of having to furnish two new forged steel driving pinion gears and the contract cannot be completed until these gears have been installed on existing shaft.

The Mayor has approved the following votes of the Board of Street Commissioners of the City of Boston:

Voted, That this Board, having passed the order of notice relating to the public improvement, hereinafter described, and having caused a copy of said order to be published June 29, 30, July 2, 3, 1951, in the *Boston Herald* and *Boston Globe*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in Granite street, South Boston district, consisting of the reduction in width of the existing sidewalk on the easterly side, between Richards street and Baldwin street, as shown on a plan marked "City of Boston, Granite Street, South Boston, July 11, 1951, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

Voted, That this Board, having passed the order of notice relating to the public improvement, hereinafter described, and having caused a copy of said order to be published June 29, 30, July 2, 3, 1951, in the *Boston Herald* and *Boston Globe*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in Richards street, South Boston district, consisting of the reduction in width of the existing sidewalks from Granite street to A street, as shown on a plan marked "City of Boston, Richards Street, South Boston, July 11, 1951, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

MAYOR HYNES OPENS CAMPAIGN HEADQUARTERS AT 141 MILK STREET.

Martin J. Ryan of South Boston, campaign manager for Mayor John B. Hynes has announced that the campaign headquarters at 141 Milk street officially opened on Monday, August 27, at 11 A.M.

Mr. Ryan said that meetings would be held from time to time, and the bulk of the work of the committee working for the re-election of Mayor Hynes would be done at this office. He also cordially invited the public to drop in there any time Monday night or any other time during the day.

The headquarters will be open from now until Election Day, November 6.

MAYOR URGES ALL CITIZENS TO JOIN WITH MUNICIPAL EMPLOYEES IN PURCHASE OF DEFENSE BONDS.

Mayor John B. Hynes on August 30 urged all working men and women of Boston, including professional and self-employed persons, to join with City of Boston employees in the regular purchase of defense bonds and stamps during the defense bond campaign which opens next Monday, Labor Day, and which will continue through the months of September and October.

"More than 12,000 City of Boston employees and thousands of other wage-earners are now enlisted on the payroll savings plan," the Mayor said, "but, in light of the present world crisis, we cannot be satisfied until every wage-earner in Boston is enrolled. Lending our money to the federal government for defense purposes is a very small thing, indeed, when we consider that more than 13,000 American youths have already been killed in the Korean conflict.

"Therefore, without hesitation, I urge every man and woman in Boston to participate in this continuing bond program, the three major aims of which are: (1) to enroll all workers on the payroll savings plan; (2) to enlist self-employed and professional persons in the bond-a-month plan; and (3) to encourage all Americans, but especially all Bostonians, to purchase at least one defense bond during the campaign.

"In addition to raising the funds necessary to carry on the defense program," the Mayor's statement continues, "every bond purchased is a contribution to the economic stability we all know is so necessary to the progress and prosperity of our nation. Inflation is combatted by taking money out of the spending stream; the national debt is spread among the people and assures the spreading of income from that debt among the people, and, by so doing, the integrity of the American dollar is preserved.

"In the past Boston's defense savings record has compared favorably with any other municipality in the United States. Let us not be content with that, but, under the Treasury Department slogan 'Defense Is Your Job, Too,' challenge the patriotism and generosity of the entire United States. We need no goals set for a campaign in Boston. Rather, let Boston's contribution to the bond campaign become the goal itself for the rest of the country."

"Defense is our job, too," the Mayor's statement concluded.

CONSTRUCTION WORK.

The Mayor, upon request of the Public Works Department, has approved the following construction work:

A circular concrete surface drain conduit of 230 linear feet of 7-foot pipe in Gould street (existing taking), in the West Roxbury district, at an estimated cost of \$14,700.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Johnson street, West Roxbury district, as a highway, for a distance of approximately 370 feet to Baker street, bounded and described as follows:

An extension of the highway named Johnson street is hereby laid out, southwesterly to Baker street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Johnson street (highway), thirty and 3-100 feet; southeasterly by the southeasterly line of said extension of said Johnson street as hereby laid out, three hundred seventy and 32-100 feet; southwesterly by Baker street, thirty and 1-100 feet; and northwesterly by the northwesterly line of said extension of said Johnson street as hereby laid out, three hundred seventy and 80-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of said extension of Johnson street, southwesterly to Baker street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Johnson street, West Roxbury district, as a highway, southwesterly to Baker street, under the order of the Board of August 2, 1951, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city: trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Paulman Circle, bounded:

Westerly by Church street, fifty and 58-100 feet on a curve of three hundred and ten feet radius; northerly by the northerly line of Paulman Circle, two hundred and thirty-six feet radius; easterly by the easterly line of Paulman Circle, one hundred thirty-three and 59-100 feet on a curve of thirty-five feet radius; and southerly by the southerly line of Paulman Circle, by two measurements, eighty-four and 8-100 feet on a curve of one hundred twenty-four and 54-100 feet radius and one hundred sixteen and 25-100 feet; and easterly by the easterly line of Paulman Circle, twenty-three and 84-100 feet on a curve of fifteen feet radius; containing thirteen thousand four hundred and ninety-nine square feet, more or less.

The sewerage works to be constructed are as follows: 250 linear feet of 10-inch pipe sanitary sewer and 255 linear feet of 10-inch pipe surface drain in the above-described premises, being the private way known as Paulman Circle.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on the sides of Paulman Circle will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

7. Pauline Mandra	125 00
8. Barbara W., Eleanor M., Mary G. Johnson	125 00
Total	\$1,000 00

The Commissioner of Public Works is hereby designated to build the above sewerage works.

Ordered, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes and the construction of sewerage works in Paulman Circle, West

Roxbury district, under the order of the Board of August 16, 1951, and awards no damages therefor.

Owners unknown, 13,499 square feet, nothing.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

Mrs. Sadie A. Orton, 803 Cavalier Drive, Alexandria, Virginia, in the sum of \$250.56, as compensation for 54 days of overtime work as a telephone operator at the City Hospital, between July 8, 1945, and May 30, 1946.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Linwood road, Dorchester district, as a highway, from Adams street approximately 300 feet southwesterly, bounded and described as follows:

A highway named Linwood road is hereby laid out, from Adams street westerly for a distance of approximately 230 feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Adams street, by two measurements, twenty-nine and 80-100 feet on a curve of one thousand feet radius and twenty and 27-100 feet; southerly by the southerly line of said Linwood road as hereby laid out, two hundred sixteen and 41-100 feet; westerly by the westerly line of said Linwood road as hereby laid out, forty feet; and northerly by the northerly line of said Linwood road as hereby laid out, two hundred forty-six and 51-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Linwood road as laid out under this order, from Adams street westerly for a distance of approximately 230 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the aforesaid plan and on file in the office of this department.

Parcel.	Amount.
1. Joseph Adams, Mary G. Adams	\$209 24
2. Joseph Adams, Mary G. Adams	374 40
3. Frank Locamera, Frances Locamera	374 40

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

AMENDMENT TO RULES

The following was offered:

ORDERED, That the Rules are hereby amended as follows:

Section 15, paragraph 1. In the first line, strike out the word "sessions" and substitute in place thereof the words—meetings and conferences—so that the paragraph shall read as follows:

SECT. 16. 1. The meetings and conferences of the School Committee shall be open, but the School

Committee may, at any time, by a four-fifths vote, go into executive session. It shall, however, pass no votes in executive session.

Strike out paragraph 2.

Laid over.

Mr. Muchnick: In connection with the foregoing, I would like to have it noted that we should have our meetings on regular meeting days. I think it is Monday that it is called for in the rules, and I think that if we have them on days other than Mondays we should ask the newspapers to print the time of the meeting so that the public, or that portion of the public that wants to come to the meeting, will know when it is going to take place.

Chairman: No objection.

SENIOR BUILDING CUSTODIANS

A communication was received from the Acting Secretary, under date of March 26, 1951, reporting that the Director of Civil Service has certified the following-named persons as eligible to fill sixteen positions as senior building custodians:

James M. Roche
David C. McGowan
John J. Foley
Joseph A. Murphy
John J. Quigg
Albert A. Fitzpatrick
Anthony Loconte
Harry H. Downing
Harry Alexander
James J. McGowan
Edwin R. Hennessey

James Solari
Edward J. Walsh
Richard J. Hennessey
John J. Doherty
Philip P. Doherty
James P. Porter
Leo J. Barry
John J. Cunningham
Joseph P. Tardano
Anthony E. Fornaro
John H. Sheehan
Edwin L. Agnew

Placed on file.

Mr. Muchnick: Madam Chairman, I don't know because I have not had a chance to check it, but I have been informed that there have been some objections filed with Civil Service against that list or the method by which the listings were arrived at.

I do not particularly want to hold up appointments if they are necessary, and I have been informed that they are necessary.

However, I wonder if these appointments are made, and there is some future rearrangement by Civil Service, whether that would not affect these appointments.

Mr. White: I can answer that question. It would not affect the appointments. I don't care what you want to do about it. However, once they are certified by Civil Service, we are cleared. We are authorized then to appoint those men.

Mr. Muchnick: Even though there are objections pending against them.

Mr. White: Once Civil Service establishes a list, it is settled. If you want it held over pending your investigation, I have no objection to holding it over.

Mr. Muchnick: I will know, frankly, by the time we meet Wednesday or Friday.

Mr. White: It has to be done at a public meeting, you understand, and not at a conference.

Mr. Muchnick: When will we accept the budget?

Mr. White: We will accept it some time before Monday. I am not disturbed about this. If you want to clear up your own mind, it is all right to hold it up.

Chairman: Lay it over.

Schoolhouse Custodian: It is a difficult thing to make these changes. There is a lot of confusion now in connection with the appointment of the one hundred forty-three junior building custodians. These appointees are men who took the promotional examination given by Civil Service. It is not an easy thing for us to get these men, to place them in jobs, and keep the various positions open and running.

Chairman: Have these men been approved by Civil Service.

Schoolhouse Custodian: That is the certification that came down from Civil Service, and we have taken the top sixteen men.

Chairman: Then I think we should vote on it tonight and get it settled. There is no reason for holding that up.

Schoolhouse Custodian: We have made arrangements to make these shifts on Wednesday.

The following was offered:

ORDERED, That the following-named persons, who stand highest on the Civil Service list, are hereby appointed to the position of senior building custodian, to take effect Mar. 28, 1951:

James M. Roche
David C. McGowan
John J. Foley
Joseph A. Murphy
John J. Quigg
Albert A. Fitzpatrick
Anthony Loconte
Harry H. Downing
Harry Alexander
James J. McGowan
Edwin R. Hennessey
Arthur Armstrong

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Fowle street, West Roxbury district, as a public highway, from Rowe street to the Boston & Providence Railroad, bounded and described as follows:

A highway named Fowle street is hereby laid out, from Rowe street to location of Old Colony Railroad (Providence Division) and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Rowe street, twenty-five feet; northerly by the northerly line of said Fowle street as hereby laid out, two hundred one and 24-100 feet; easterly by location of Old Colony Railroad (Providence Division), twenty-five feet; and southerly by the southerly line of said Fowle street as hereby laid out, two hundred two and 10-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land on both sides of Fowle street, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount * hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to, and on file in the office of this department.

Parcel.	Amount
1. Joseph F. Kelleher, Helen E. Kelleher	\$262 50
2. John J. Lane, Delia A. Lane	452 97
3. Joseph M. Landrey	401 31

5. Domenic J. Anastasi, Frank P. Anastasi	523 80
6. William A. Orrall, Wilhemina J. Orrall	262 50
Total	\$2,263 08

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Fowle street, West Roxbury district, as a highway, from Rowe street to location of Old Colony Railroad, under the order of the Board of August 21, 1951, and awards no damages therefor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, the following traffic rules are effective from 6 p.m. Friday, August 24, 1951, to 7 a.m. August 27, 1951:

Vehicles are excluded from the following street:

Stuart Street, Boston Proper.
From Columbus avenue to Broadway.

The one-way rule in the following street is suspended and it is a two-way street: Columbus Avenue, Boston Proper.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN DORR STREET, WARDS 9 AND 11, FROM HIGHLAND STREET TO LAMBERT AVENUE; LAMBERT AVENUE, WARDS 9 AND 11, FROM KENILWORTH STREET TO CEDAR STREET; ROXBURY STREET, WARD 9, FROM GUILD ROW TO WASHINGTON STREET; STATION STREET, WARD 9, FROM COLUMBUS AVENUE TO PARKER STREET, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARDS 9 AND 11, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Dorset street, Wards 9 and 11, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Dorset Street, Wards 9 and 11, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, SEPTEMBER 12, 1951, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

FRANKLIN PARK ZOO RAPIDLY BEING REHABILITATED, MAYOR HYNES HAS BEEN INFORMED BY CHAIRMAN OF PARK COMMISSION—ANIMALS BEING SECURED AND BUILDINGS REHABILITATED.

The following communication from the Park Department was received at the Mayor's office:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On April 20 of this year we wrote you a letter explaining our plans for the rehabilitation of the Franklin Park Zoo and outlining our program for the improvement of zoo buildings and the purchase of animal exhibits. To make this program possible we requested and received from you permission to set aside the sum of \$10,000 from the special appropriation, "Franklin Park Zoo, Rehabilitation of" (1-31-21), for the purchase of animals whenever and wherever we could obtain them.

Due to your interest and assistance we have made great progress in carrying out our program. There are many new exhibits and many improvements to the

MAYOR MAKES ONE KOREAN GI HAPPY BY SAVING FAMILY FROM EVICTION AND SOLVING THEIR HOUSING PROBLEM — CABLES SOLDIER GOOD AND HEARTWARMING NEWS — ACTION IN KEEPING WITH OTHER MANIFESTATIONS OF KINDLY INTEREST IN MEN AND WOMEN AT FIGHTING FRONT.

The following information has been made public by the office of the Mayor:

At least one Boston Marine at the Korean battlefield will be cheered in the immediate future. For if all goes well with him and the wire services to Korea have not broken down, he will receive a cablegram tomorrow from Mayor John B. Hynes telling him that his prayer has been answered and that his wife and two young children have obtained an apartment to their liking at a South Boston housing project.

The Marine, a master sergeant, and a former resident of Roxbury, is now on duty with his company at the Korean

MAYOR HYNES PAYS TRIBUTE TO ORGANIZED LABOR FOR PART IT HAS PLAYED AND IS PLAYING IN ECONOMIC PROGRESS OF COUNTRY—DELIVERS ADDRESS AT LABOR DAY EXERCISES ON COMMON—PRAISES WORK OF EARLY PIONEERS IN MOVEMENT IN LAYING FOUNDATION FOR BLESSINGS BEING ENJOYED TODAY — REMINDS AUDIENCE STRUGGLE FOR JUSTICE HAS BEEN LONG AND HARD AS WELL AS FREQUENTLY BITTER—BASIC RIGHTS AND HUMAN DIGNITY HAVE BEEN WON.

Upon September 3, during observation of Labor Day on Boston Common, Mayor Hynes spoke as follows:

It is fitting, on this great national holiday dedicated to the workers of America, that we pay tribute to the members of organized labor for the part it has played and is playing in the economic progress of our country. Especially is it fitting that we pay tribute to the early pioneers in the labor movement, who, in great numbers, have passed to their just reward.

The voice of organized labor was not always a potent one in our national life. For many, many years the cries of the worker fell upon unfertile soil. The struggle for justice was long and hard, and frequently extremely bitter. It was a victory fiercely fought, at a cost of untold human anguish, suffering, and even death.

Today, and because of the courage and perseverance of the early leaders in organized labor, the man and woman who labors is no longer a docile pawn, an abject slave, or an unfeeling chattel.

The basic rights of the individual are protected. Human dignity is respected. The physical limitations of the human frame are recognized. Labor is no longer the ugly duckling in the beautiful scheme of things.

Upon today's leaders there is a duty to keep faith with the principles and purposes of labor's pioneers.

A duty to guard the gains which have been made.

A duty to seek, within reason, the advantages for the worker which are the logical consequence of an expanding, healthy economy.

A duty to guard against insidious doctrines or impetuous action which might well result in backward, rather than forward, steps.

Organized labor is in strong hands, both nationally and state-wide. It is in an almost impregnable position.

If you keep it that way, you will be keeping faith with the pioneers of labor.

You will be keeping faith with your fellow-workers.

You will be keeping faith with the spirit of true Americanism.

You will make each succeeding Labor Day a day of rejoicing and happiness for the workers of America, and for all the peoples of America.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

NATHAN HASKELL DOLE

buildings, all of which have caused much favorable comment. However, the original sum of \$10,000 set aside for the purchase of animals has been expended, or is encumbered for the purchase of animals now on order.

As explained in our letter of April 20, zoo animals must be obtained whenever the stock is available. Dealers will sell to the first person who makes an offer. For this reason we cannot place an order with the Supply Department in the usual way, nor call for bids from several dealers. At the present time we have an opportunity to purchase several more interesting species of wild animals.

Therefore, in order to continue our program of restocking the zoo, we respectfully request that you allow us to set aside an additional sum of \$10,000 from the special appropriation, "Franklin Park Zoo, Rehabilitation of" (1-31-21), for the purchase of zoo animals wherever and whenever we are able to obtain them, and to pay for them upon delivery through a departmental invoice form.

Respectfully yours,

MAYOR THANKED BY SONS OF ITALY FOR HOSPITALITY EXTENDED DURING RECENT BOSTON CONVENTION.

The Mayor has received the following letter from the Supreme Lodge, Order Sons of Italy in America:

NEW YORK, September 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

HONORABLE SIR:

It is with extreme pleasure that I perform the duty of this office in forwarding to you the enclosed copy of a resolution unanimously approved at our Supreme Convention in Boston, commending you for your hospitality and many other courtesies.

With kindest personal regards, I am

Respectfully yours,

S. PARISI, *Supreme Secretary.*

Whereas, The Mayor of Boston, the Honorable John B. Hynes, has been most cordial and most considerate in his reception and treatment of the Supreme Officers, Grand Venerables, and Supreme Delegates of the Order Sons of Italy in America, attending the Twenty-second Biennial Convention in the City of Boston; and

Whereas, His Honor the Mayor has demonstrated a sympathetic understanding of the purposes of the Order Sons of Italy; and

MAYOR MAKES ONE KOREAN GI HAPPY BY SAVING FAMILY FROM EVICTION AND SOLVING THEIR HOUSING PROBLEM.

(Continued from page 977.)

front. Recently he wrote a letter to the Mayor, received last week, thanking the people of Boston for the package of useful articles recently sent to him by the Mayor's Committee, and requesting the Mayor to ascertain if his wife and two small children were eligible for an apartment in one of the housing projects. He said that they were in such desperate need of shelter that he was much concerned about their welfare.

The Mayor promptly communicated with Chairman James J. Mahar of the Housing Authority and requested that he investigate the case. Within a matter of hours Mr. Mahar reported that the family was first on the emergency list as a result of the crowded conditions under which they were living, and that he had already notified the Marine's wife that he had an apartment available for her use. She and her children, he said, are expected to occupy within the week.

When the Mayor received the news, with a view towards reducing the man's anxiety as promptly as possible, he immediately sent the Marine a cablegram reading as follows: "Pleased to report that arrangements have been made for your wife and children to obtain apartment immediately at South Boston housing project. Understand they will move in this week. Best regards from your friends and neighbors in Boston."

The Marine's letter to the Mayor read, in part, as follows: "I wish to thank you, the City of Boston, and whoever else may be responsible for sending those wonderful packages I received here in Korea. I did want you to know that they are gratefully appreciated, and I consider it very thoughtful on your part to have sent them. I might also add that the selection of the contents was very wisely made as every item came in very handy."

The Mayor's action in expediting housing for the Marine's family is in keeping with his concern over the welfare of all Boston men and women in Korea. Last December he gave leadership to the movement that provided Christmas boxes for the 402 of them then in Korea; in March he headed another campaign to send two-pound boxes of Easter candy to the 554 Boston men and women then in Korea; and, again in June, a third operation that provided the 704 Boston men and women then in Korea with boxes of useful articles not readily obtainable at the front. In July he caused to be struck off official City of Boston medals in honor of all Boston men and women in Korea.

Under Mayor Hynes' leadership, the Korean wounded at Greater Boston service hospitals, regardless of what part of the nation they came from, were also provided with Christmas gift boxes and Easter candy. There were more than 100 Korean wounded in the hospitals at Christmas and more than 400 at Easter. The money to pay for all of the servicemen's boxes was raised through private contributions obtained through newspaper, radio, and mail appeals, and from city employees. All of the boxes were sent in the name of "The Grateful People of Boston."

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, and commercial houses for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

ELECTION DEPARTMENT.

BOSTON, August 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The Board of Election Commissioners respectfully requests that permission be given them to award the contract for printing the preliminary municipal election ballots to the firm of Wright & Potter Printing Company of 32 Derne street, Boston, without advertising for bids, at the following prices:

For 276,230* official paper ballots (244 precincts), including specimen ballots (10 for each precinct), boxed in open window cartons, \$5,987.50; for 11,800 "challenged" ballots (100 for each of the 118 voting machine precincts) printed "Challenged Ballot" in red ink across filing, \$185.25; for voting machine cards and specimen ballots for 118 precincts (3 cards for each of 711 machines and 10 specimen ballots for each of 118 precincts, punched for each precinct), \$2,258; 2,000 ballot strip cards (no printing), \$39.75—total, \$8,470.50.

The ballots for the preliminary election will contain 362 precinct changes and 22 ward changes in the makeup. Great care will be required on the part of the printer, as the time for printing such ballots and making a delivery to this office is very limited.

The Wright & Potter Printing Company is the only printing concern especially equipped to do this work, having printed the state and City of Boston ballots for a long period of years. For this reason, and to safeguard the voters of the city as far as possible against error, this request is made.

Respectfully yours,

BOARD OF ELECTION COMMISSIONERS

JOSEPH RUSSO, Chairman.

*In the event that additional ballots are necessary in excess of the 276,200, ballots will be supplied at the rate of \$9.75 per M.

FIRE DEPARTMENT.

BOSTON, August 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your Honor's permission is requested to award a contract to the Maxim Motor Company, Middleboro, without public advertising, to furnish and install one 180-horsepower Hercules motor on Ladder Company 30 tractor. The estimate submitted by the Maxim Motor Company amounted to \$2,800.

The Maxim Motor Company is prepared to start this work immediately and complete it by the middle of September. We are unable to obtain assurance from any other concern as to definite date of delivery for the performance of this work.

In my opinion the cost submitted by the Maxim Motor Company for doing the work is reasonable and no other company could do it properly at a smaller cost.

As this is emergency work and the equipment must be placed back in service as soon as possible, public advertising of the job would result in delay in placing the equipment back in service.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, September 4, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with the usual form of public

advertising, and to award a contract to Michael J. Reardon, building wreckers, of 12 Sachem street, Roxbury, for the demolition of four structures located at 1489 Tremont street, 2 Shermont street, 4 Shermont street, and 6 Shermont street. These buildings are all on the site of the proposed new municipal building at 1481-1491 Tremont street, Roxbury District, Boston.

This department has received formal notices on all four of the buildings testifying to their unsafe condition and being a common nuisance and a cause of danger. In view of these facts, it is my opinion that nothing could be gained by publicly advertising for bids and that the best interests of the city would be served in awarding this work to the above-mentioned company, at a cost not to exceed the sum of \$1,600.

Very truly yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, August 28, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, so-called patch paving work—involving the restoration of areas opened by public service corporations in roadways surfaced with bituminous concrete and sheet asphalt—is being done in one of the two largest districts of the city by the John McCourt Company, 910 Huntington avenue, Boston. The latter-referenced contractor has been designated by me to do this work for the corporations, the cost of the work being paid by said corporations.

In connection with the type of pavement restoration work that involves so-called "corporation cuts," it is most essential—for obvious reasons—also to restore concurrently the sheet asphalt and bituminous concrete areas removed by the Sewer Division of this department, in connection with the construction of sewerage works chargeable to the sewerage loan. It would not be good policy, nor in the best interests of the motoring public, for the department to adopt a program for the restoration of pavements by one contractor on roadway areas opened by public service corporations and by another contractor for openings made by the Sewer Division.

I have, therefore, negotiated with the above-referenced contractor, and this firm has agreed to restore pavements in roadway areas opened by the Sewer Division at a price approximately 27 per cent less than that established for pavement restoration work in areas opened by public service corporations. We are able to obtain this substantial reduction in price because this contractor has his organization and equipment in operation, performing the pavement restoration work for the public service corporations, and the additional expense involved in permanently resurfacing the sewerage works openings is far less than it would be if a contractor were engaged in resurfacing the latter-referenced cuts only. The above-referenced contractor is among the best qualified in this city to do this type of work, and the price for which he has agreed to do the work, in my opinion, is fair and reasonable, and no advantage will accrue to the city by publicly advertising for bids.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for bids,

to the John McCourt Company, 910 Huntington avenue, Boston, for pavement restoration work in roadways where sewerage works openings have been made and which are surfaced with sheet asphalt or bituminous concrete; the work to be restricted to the section of the city in which this contractor has been designated to do similar work for public service corporations. The total sum of this contract will not exceed \$3,000 and will be charged to the sewerage works loan.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, August 29, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On August 27, 1951, your Honor approved a letter of award on blankets, spreads, and cotton goods to be furnished to the Boston City Hospital. Authority was also granted to purchase certain items of the publicly advertised bid in the open market.

Some of these items were Nos. 10, 11, 12, and 13, calling for sani-duck slippers for men, women, and children. Authority is requested to award a contract, without public advertisement, to Koch Products, the sole manufacturer of the type slipper requested and the only source of supply. It is my opinion that the best interests of the city will be served by awarding the contract as requested.

Approximate total amount of contract will be \$1,402.50, net.

Respectfully yours,

EUGENE K. WELSH,
Acting Superintendent of Supplies.

BOSTON, August 29, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Commission has submitted a requisition to this office for replacement parts for existing Eagle Signal traffic equipment in that department.

Authority is requested to dispense with publicly advertising for bids and to award a contract, without public advertisement, to Eagle Signal Corporation, who is the manufacturer of the replacement parts. Inasmuch as Eagle Signal Corporation is the sole manufacturer, it is my opinion that no advantage could be gained by publicly advertising for prices.

Approximate total amount of contract will be \$13,138.83, net.

Respectfully yours,

EUGENE K. WELSH,
Acting Superintendent of Supplies.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Adams Asphalt Company has been directed to perform the following extra work under the contract dated May 14, 1951, for bituminous concrete pavement in Horace street and Sumner street.

Items ordered: In Sumner street, rebuild defective catch basin opposite No. 285, including excavation, backfill, labor, material and equipment for the lump sum of one hundred dollars (\$100).

James A. Freaney, Inc., has been directed to perform the following extra work under the contract dated July 5, 1951, for bituminous concrete pavement in Bernard street, Creston street, Lorne street, Standish street, and Wilder street.

Items ordered: In Standish street, remove one (1) 26-inch stump for the sum of twenty-five dollars (\$25), and partly remove and trim one (1) 72-inch stump for the sum of forty dollars (\$40).

Estimated cost of extra work, \$65.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for bituminous concrete pavement in Edna road, Galty avenue, Mercier avenue, and Regan road (contract dated August 23, 1950) from July 31, 1951, to August 31, 1951.

This extension is requested because the contractor has been delayed by inclement weather.

Approval has been given for the extension of the time of completion of the contract with P. V. Barone Corporation, 70 Glencoe street, Brighton, for bituminous concrete pavement in Hackensack road, Lasell street, Lyall street, Payson road, and Risley road (contract dated May 10, 1951), from August 1, 1951, to October 1, 1951.

This extension is requested because the contractor has been delayed by inclement weather.

CONTRACT AMENDED.

INSTITUTIONS DEPARTMENT.

United States Hoffman Machinery Corporation of Boston has been allowed to amend the contract for furnishing and installing laundry machinery at Long Island Hospital, Boston Harbor, Mass., as follows:

By substituting as the date of completion of the work "September 15, 1951" in place of "May 15, 1951."

Delay is due to the fact that the work is now essentially completed, and the laundry is in actual operation, but it will be at least September 15 before the six-roll ironer now in old building can be moved over and properly repaired.

All provisions of the aforesaid contract, except as specifically modified by this agreement, shall continue in full force and effect.

TO OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

S. J. Tomasello Corporation has been directed to omit and substitute the following work under the contract dated July 5, 1951, for bituminous concrete and sheet asphalt pavement in Chiswick road, Corey road, and Washington street.

Items ordered: Omit approximately 34 cubic yards of Portland cement concrete base (Item 9-1 of contract) at \$12 per cubic yard, and substitute approximately 34 cubic yards of high early cement concrete base at \$15 per cubic yard.

Estimated cost of substituted work, \$510; estimated cost of omitted work, \$408; estimated increase in cost, \$102.

POLICE DEPARTMENT ORDERS.*General Order No. 1,516.*

The resignations of the following-named persons having been presented, they are hereby accepted to take effect on dates stated:

Detective John M. Fitzgerald, Division 16, 7.45 A.M., September 11, 1951.

Patrolman Joseph H. Curran, Division 17, 7.45 A.M., September 5, 1951.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,517.

The following promotions and assignments are hereby ordered, to take effect Wednesday, September 5, 1951, at 7.45 o'clock A.M.:

To the Grade of Sergeant.

Patrolman Andrew D. O'Sullivan, Division 4, assigned to Division 13.

Patrolman Matthew M. Egan, Division 2, assigned to City Prison.

Detective John D. Callahan, Detective Bureau, assigned to Division 4.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Commissioner for the following construction work:

A 10-inch pipe sanitary sewer and a 10-inch pipe surface drain in Tiverton road, between Glenhill road and dead end, in the Dorchester district, at an estimated cost of \$1,800.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Ryder Hill road, Brighton district, as a highway, from Brayton road approximately one hundred ninety-one feet southerly, bounded and described as follows:

A highway named Ryder Hill road is hereby laid out, from Brayton road approximately one hundred and ninety-one feet southerly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Brayton road, forty feet; easterly by the easterly line of said Ryder Hill road as hereby laid out, one hundred ninety and 90-100 feet; southerly by the southerly line of said Ryder Hill road as hereby laid out, forty feet; and westerly by the westerly line of said Ryder Hill road as hereby laid out, one hundred ninety and 97-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on the westerly and easterly sides of Ryder Hill road will receive benefit or advantage,

beyond the general advantage, to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Ryder Hill road, Brighton district, as a highway, from Brayton road southerly for a distance of approximately one hundred and ninety-one feet, under the order of the Board of August 28, 1951, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Hibbard avenue, Dorchester district, as a public highway, from Pleasant Hill avenue 100 feet easterly, with the name of Pleasant Hill terrace or some other distinctive name, bounded and described as follows:

A highway named Pleasant Hill terrace is hereby laid out, from Pleasant Hill avenue 100 feet easterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Pleasant Hill avenue, forty feet; northerly by the northerly line of said Pleasant Hill terrace as hereby laid out, one hundred feet; easterly by the easterly line of said Pleasant Hill terrace as hereby laid out, forty feet; and southerly by the southerly line of said Pleasant Hill terrace as hereby laid out, one hundred feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Pleasant Hill terrace, Dorchester district, as a highway, from Pleasant Hill avenue easterly for a distance of 100 feet, under the order of the Board of August 29, 1951, and awards no damages therefor.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, re-

serving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Brighton, and are bounded as follows:

A parcel of land supposed to belong to the City of Boston (Walter F. Cassidy Playground), bounded:

Northwesterly by easement taken by the City of Boston May 22, 1951, fifty-six and 88-100 feet; northerly by other land of said city, one hundred eighteen and 79-100 feet; southeasterly by land supposed to belong to Shactman *et al.*, forty-seven and 1-100 feet; and southerly by other land of the City of Boston, one hundred thirty and 8-100 feet, containing 3,111 square feet, more or less.

A parcel of land supposed to belong to Arthur Shactman, Hirsch M. Swig, and John T. Murray, bounded:

Northwesterly by land of the City of Boston, twenty-eight and 21-100 feet; northerly by other land of said Shactman *et al.*, thirty and 42-100 feet; northeasterly by Chestnut Hill avenue, seventeen and 36-100 feet; and southerly by other land of said Shactman *et al.*, sixty-three and 4-100 feet, containing 701 square feet, more or less.

The sewerage works to be constructed are as follows: 80 linear feet of 5'-9½" x 5'-9½" storm drainage conduit and 80 linear feet of 24" sanitary sewer in Chestnut Hill avenue; 47 linear feet of 5'-9½" x 5'-9½" storm drainage conduit and 80 linear feet of 24" sanitary sewer in land hereinbefore described as taken from Shactman *et al.*; 175 linear feet of 5'-9½" x 5'-9½" storm drainage conduit and 175 linear feet of 24" sanitary sewer in land hereinbefore described as taken from City of Boston.

Voted, That this Board determines that the undermentioned persons sustain damages by the taking of an easement for sewerage purposes in private land and in land of the City of Boston (Beacon street and Chestnut Hill avenue), Brighton district, under the order of the Board of August 24, 1951, in the amounts hereinafter mentioned, and awards said amounts therefor:

Arthur Shactman, Hirsch M. Swig, John T. Murray, 701 square feet, \$1.

City of Boston (Walter E. Cassidy Playground), 3,111 square feet, \$1.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

PROCEEDINGS OF SCHOOL COMMITTEE.

April 2, 1951

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 3:55 o'clock P. M., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White.

SURVEY OF BOSTON PUBLIC SCHOOL SYSTEM

Mr. White: Madam Chairman, I would like to have the Secretary call the roll on the order which I presented in conference this morning, as follows:

ORDERED, That this Committee request the Massachusetts Department of Education to make a general survey of the Boston School Department, said survey to include every and all activities, appropriations, expenditures, and educational processes of the Boston public school system.

Mr. White: I ask that the School Committee make available to the Massachusetts Department of Education, without interference from anyone, all records, proceedings, minutes, conference notes, and all other records at our disposal.

I hope that over this weekend there has been created a wide public interest and a profound concern on the part of the taxpayers and the parents in the solution of a controversy between certain members of the School Committee and the administration. I know that you all will agree with me that a report on the results of this survey not only will be of great assistance to us in determining our future actions but will also be of great assistance to the parents, citizens and taxpayers in establishing confidence in one side or the other.

I believe that the Department of Education, in making this proposed survey, would give us the benefit of the wealth of their experience as educators in this community, and would help in resolving for the School Committee the misunderstanding which now exists between some members of the Committee and the Board of Superintendents.

The Secretary was directed to call the roll and the members, as their names were called, respectively voted as follows:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

SURVEY OF JUNIOR HIGH SCHOOL SYSTEM

Mr. Ward: Madam Chairman, if it is in order now, I would like to offer the order which I read in conference this morning, as follows:

ORDERED, That the School Committee approve the establishment of a Committee, to be known as the "Citizens' Committee of Boston," composed of the following:

One member from Boston College,
One member from Boston University School of Education,
One member from Harvard University School of Education,
One member from Boston Chamber of Commerce,
One member from Boston Real Estate Exchange,
One member from Boston Municipal Research Bureau, and
The Superintendent of the Boston Public Schools

to make a survey of the advisability of the return to eight years of elementary school and four years of high school, as against the present partial plan of six years of elementary school, three years of junior high school, and three years of senior high school.

Chairman: There is a motion before us that a survey be made by leading educators as to the advisability of cutting out the junior high school system.

Mr. White: Mr. Ward, I want to be clear on this. Is this a survey not to do something but to recommend the advisability of keeping the present system going?

Mr. Ward: Or of changing back.

The Secretary was directed to call the roll and the members, as their names were called, respectively voted as follows.

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

Mr. Ward: Madam Chairman, I would like to have incorporated into the records of the public meeting this report by the Citizens' Committee of Chicago. This was the same thing that this will be for Boston. It is just the report from the Superintendent of Schools in Chicago as to the program that they followed and how they did it.

Superintendent: Mr. Ward, does this deal with the 8-4 plan?

Mr. Ward: The 8-4 plan, yes.

Superintendent: Is this for the public minutes?

Mr. Ward: Yes.

Superintendent: I wonder, Madam Chairman and members, if you would be willing to have the Board of Superintendents' report on the 6-3-3 plan incorporated in the minutes also?

Mr. Ward: Incorporate it in the minutes along with the Chicago report.

No objections.

The following is the Chicago report referred to by Mr. Ward:

Chicago Abandons Junior High School Program

"To the Citizens of Chicago: Faced with a financial crisis which threatened to close our public schools, the Board of Education

on July 12 1933, adopted a plan to meet the emergency by immediately making important changes throughout the School System, in its administration and operation, in the interest of efficiency and economy. The schools opened on September 18, 1933, on schedule and with less confusion than usually marked the opening day of school.

Considerable agitation against this program of economy and efficiency was stirred up by certain interests, and the facts have often been wilfully or ignorantly misrepresented . . . The essential changes have now been made, and the Board of Education believes that the time has come to give the facts to the citizens of Chicago so that they may know what the changes were and why they were made.

New Board Faces Financial Crisis. When the present Board assumed office in the Spring of 1933, it was confronted with the problem of maintaining educational and housing facilities for 500,000 pupils, with an exhausted treasury, no credit, and an enormous and constantly increasing deficit. A staff of 13,000 teachers and 5000 other employees, engaged in administration work and the maintenance of over 400 school buildings and hundreds of portable buildings, had been unpaid for many months.

Educational Activities Investigated. On the educational side, investigation disclosed that support was lent to the statement that the Public School System as administered had accumulated many so-called "fads and frills" or "extra-curricula" activities and embellishments. Junior high schools had been introduced into the System. This was an educational experiment which carried the senior high school methods down into the seventh grade, and separated the seventh and eighth grade pupils from the other elementary pupils. The junior high school teachers received substantially higher salaries than the elementary teachers.

In the twenty-nine schools used for such purpose, there were 48,000 pupils who would ordinarily be in the seventh and eighth grades in the elementary schools and the first year in the high schools. In spite of the fact that the junior high schools had been introduced in the School System nine years before, only 30 per cent of those eligible were receiving this type of instruction . . . Confronted with the conditions outlined the Board of Education made the fullest investigation to determine what course to pursue and sought the advice of authorities and experts versed in municipal finance and education.

It considered in connection with a possible educational reorganization the various surveys which had been made in the school system for several years preceding by former Boards, state-ments made by educators before

the various budget committees, and recommendations from educators both in and out of the system.

The Board was of the opinion that there were many activities in the schools which under more prosperous conditions would be useful and desirable, but which because of existing financial conditions required reduction to a minimum or elimination, at least for the present.

While some of the distinguished educators who were consulted by the Board took the position that the schools must continue to be operated as they were or be closed in order to force the taxpayers and citizens to finance them, without change, other educators advised that sufficient economies could and should be put into effect to keep the Board's expenses within its estimated income and still insure the maintenance of an adequate school system. The Board's survey confirmed this latter view. Moreover the Board of Education was at all times unalterably opposed to the closing of the public schools or the curtailing of the pupils' educational opportunities.

Since taxes constituted practically the sole source of the Schools' income municipal financing experts agreed that not only would it have to live within its estimated income but that it would also have to reduce its deficit before any credit of any kind would be extended.

The Board was faced with the choice of sitting idly by and seeing its financial structure completely destroyed, with the inevitable closing of the schools, or of courageously applying the knife of economy, in the face of certain criticism, wherever necessary in order to save our schools. . . . The Economy Program that the Board of Education adopted made the following changes in school organization and operation: . . . (1) Maximum utilization of present school buildings—By abandoning the experimental junior high school type of instruction the Board was able to have the 7th and 8th grade pupils returned to the elementary schools. Twenty-nine junior high school buildings, by the expenditure of a few thousand dollars, were made available and were immediately utilized for senior high school students, resulting in the immediate elimination of 336 portables, and the restoring to senior high school and elementary pupils their right to have a full day's schooling under decent housing conditions, with a seat in a regular classroom in a permanent school building. The vacant rooms in the elementary schools are again in use, as are rooms heretofore used for only special purposes.

In the absence of the utilization of the junior high schools for senior high school purposes, it is estimated that it would have required an expenditure of \$27,000,000.00 to construct the necessary senior high school buildings to adequately house the 42,000

senior high school students cared for in portables, in rented quarters, in inadequate branches, or forced to attend only part-time sessions.

Economy Program Benefits All. The Board of Education respectfully submits that every change provided for in its program of economy has been one which will result in benefit to the pupil, the taxpayer, and the employe of the Board of Education.

The only change is in the elimination of the Crane Junior College, the most expensive unit in the Chicago School System. . . . To this may be added the experiment known as the junior high school, of doubtful educational value, of much greater cost, and resulting in serious discrimination of educational opportunity against elementary and senior high school pupils.

Taxpayers Benefit From Enormous Savings. The adoption of the program herein set forth should result in an annual saving of close to \$10,000,000.00 in current operating and administrative expense.

A most important saving has been achieved by the utilization of present school buildings of the Board and the conversion of junior high schools and the Crane Junior College into senior high schools, made possible by the discontinuance of the junior high school type of instruction. In order to accommodate the 42,000 senior high school students who have been housed in portables, rented quarters, inadequate branches, or forced to attend part-time sessions, the Board would ultimately have had to spend \$27,000,000.00 in erecting necessary high school buildings. Most of the senior high school students are now adequately cared for in the converted buildings.

"Hundreds of vacant rooms in elementary schools, caused by the withdrawal of seventh and eighth grade pupils from them into junior high schools, are again in use as a result of the return to the former system. In addition, hundreds of portable school buildings are no longer required. It needs no large experience to see that a great saving will be effected in maintenance, as a result of the discontinuance of the use of the portables."

Statement from President Regarding Economy

"The President presented the following statement regarding economy recommended by the Special Committee:

"The constitution of this state requires that there shall be provided 'a thorough and efficient system of free schools whereby all children in this State may receive a good common school education.' It is charged the public school system of Chicago in its development has departed

a long way from such objectives. But whether or not this is true, the financial stringency affecting the citizens, as well as the State, makes it imperative that until the constitutional requirements are satisfied, many of the so-called 'extra-curricula' activities, embellishments, or 'fads and frills' must be eliminated and administration and operation costs reduced to a minimum. The Board of Education faces an enormous deficit. It believes with the understanding public that if State public schools are to continue as vital forces in the community it must plan a program that is intelligent and free from the overburden of special activities. To accomplish this, it has applied the knife of economy wherever necessary in its judgment.

Believing that after the cuts are in effect, it will be found that the effectiveness of the Chicago educational program will be increased rather than decreased and that the taxpayer as well as the pupil will have had just consideration.

The Board's committee has been guided in its recommendations by the opinions and judgments of experienced educators both in and out of the Chicago school system. In the matter of changes in the business department, including the operation of the school plants, it has had the advantage of valuable suggestions from well-informed persons.

All departments of school activities, educational, business, and law have had consideration and are affected by this program, the adoption of which we confidently expect will reduce the cost of maintaining the school system for the balance of the year, approximately \$4,000,000.00. Economies already put into effect through the closing of the schools for the additional period of one month, and changes made on the operating side will result in an additional saving of between \$4,000,000.00 and \$5,000,000.00, making a total saving of approximately \$9,000,000.00. Thus the School Board of Chicago will prevent the threatened disintegration of the public school system, will keep its schools open nine months in the year, and assure the Chicago school children an efficient and thorough public school education.

The statement was received and ordered printed in the proceedings.

Reports From the Special Committee on Economy

The Special Committee on Economy herewith reports to the Board that it has considered the matter of further economies in the operation of the Chicago Public Schools and herewith recommends the adoption of the following resolution:

Whereas there is need for immediate drastic retrenchment by the Board of Education for the balance of the calendar year of 1933; and

Whereas there are many activities in the schools which under more prosperous conditions would

be useful and desirable, but which under the requirement of necessary retrenchment must be reduced to a minimum, or eliminated entirely;

Therefore be it resolved that the following changes in the administration of the school system of the Board of Education of the City of Chicago are hereby ordered, the same to take effect immediately:

Junior High Schools:

The Junior High school type of instruction is hereby discontinued. The system formerly employed in the public schools of Chicago, viz., eight grades of elementary school and four grades of high school is hereby resumed."

The following is the report of the Board of Superintendents referred to:

Board of Superintendents A Report on the 6-3-3 Plan of Organization in the Boston Public Schools

In formulating this report on the advisability of either continuing the 6-3-3 plan or returning to the 8-4 plan of organization for the Boston Public Schools, an examination of many studies and reports has been made. These studies and reports include materials based not only upon our local experience with the 6-3-3 plan but also upon the situation in the country as a whole. Upon such studies and reports the following statements are based:

I. The 6-3-3 plan had its formal beginning in Boston in 1917. Since that time the plan has been expanded as rapidly as the financial condition of the city has permitted. Two surveys sponsored by the Boston Finance Commission have offered comments upon the 6-3-3 plan: A survey reported in January 1, 1931, by the Committee to Investigate the Methods of Administration in the Boston Public Schools, and the 1945 Strayer Survey.

1. The 1931 report includes this comment upon the intermediate, or junior high school, plan in Boston:

"Boston has adopted as a feature of its educational policy the intermediate school, more commonly known as the junior high school, which combines in one unit the last two years of the traditional grammar school and the first year of the four-year high school. Educationally it is believed to be of advantage not only to the pupils of these grades but to the elementary and high school pupils as well, that separation take place at about these points.

"Aside from the strictly educational merits claimed for the plan, it has the economic merit that in a congested area the insertion of one of these schools may relieve at one stroke both the elementary schools of several districts and the high school that serves them. It requires a type of schoolhouse

more expensive than the elementary school, but considerably less so than the high schools. . . . Inasmuch as these schools are to relieve both high and elementary schools, it would seem that they should be made the principal object of a building program, taking precedence where possible over elementary and high school buildings, and should be placed first where relief in both particulars is most needed. . . . Since the policy of intermediate schools seems to be settled, the sooner it is put fully into effect the better for all pupils involved, elementary and intermediate, and the sooner the high schools will be free to devote themselves directly to the three-year program which is to be theirs in the future, to which their first attention is already being directed. From the economic point of view it is poor policy to house some of the students in high school buildings that cost twice as much per student, and to provide them with teachers at much higher pay, while their fellow students are housed and taught at materially lower cost."

2—The Strayer Survey includes 26 findings as to the junior high schools in Boston, and 13 recommendations. In no one of these findings or recommendations is there any statement declaring that the Boston plan should be discarded. On the contrary, the Strayer Survey specifically praised many of the features of the Boston junior high schools; for example: "The subjects offered in the ten curricula of the intermediate schools of the City of Boston are numerous enough, well enough distributed over the whole area of education, and rich enough in content to provide adequately for the general education of younger youth, both through advancing them in their command of fundamentals and through helping them to explore their interests and aptitudes for the purpose of choosing a field for later specialization."

Furthermore, the Survey stated that weaknesses in the set-up could be remedied by changes in the system of administering the junior high school. Specifically, the Survey recommended that problems of the curriculum should be handled centrally. This change has already been made. Most important of all, in the opinion of the Strayer group, was the necessity of assigning the organization and administration of all the junior high schools to one assistant superintendent. This recommendation has also been carried out, with benefits already amply attested by the principals of our junior high schools. Closer articulation between the junior high schools and the senior high schools has been effected. Junior High School Councils have been established. Better teaching has been stimulated. Courses are being strengthened. Diploma requirements have been up-graded. In a word, real progress is being made.

II. The Annual Report of the Superintendent of Schools for the year ending August 31, 1933, contains the results of a study of comparative marks earned in Grade X by two groups of pupils: those who completed Grade IX in the junior high school, and those who completed Grade IX in the senior high school. Approximately 200,000 marks earned over a five-year period were the basis of the study. The results indicated "that the type of work carried on in Grade IX, whether under high school or intermediate school auspices, is of about equal value as a preparation for successful preparation for successful achievement to Grade X."

III. A report appearing in School Executive, (Vol. 64, February, 1945, Pages 43-45), by Jarvis Barnes, Supervisor, Board of Statistics, Board of Education, Atlanta, Georgia, includes the following facts derived from a study of educational practices in 61 cities of more than 100,000 population:

- 50 cities organized in whole or in part on the junior high school plan
- 31—entirely on the plan
- 19—partially on the plan
- 11 cities without junior high schools

Of these 61 cities, 58 reported as follows on the question of continuation of the junior high school plan:

- 51 cities (88%) convinced that the junior high school plan will continue
- 5 cities (9%) convinced that the plan will not continue
- 2 cities (3%) doubtful on the question

The same report contains this statement about 8 school systems operating in 1945 on a combination of 8-4 and 6-3-3, as in Boston, and contemplating a change of plan:

- 6 plan to change to the 6-3-3 system entirely
- 2 plan to change to the 8-4 system

IV. From the Research Bulletin of the National Education Association, Vol. XXVII No. 1, February, 1949, a number of significant facts may be cited in support of the junior high school plan. These facts are based upon a questionnaire distributed in November, 1947. As the basis for a survey of practice and trends in city school systems, the questionnaires were submitted covering approximately 7,750,000 pupils, nearly two-thirds of the total 1946 enrollment for all city school systems.

1. Of 1372 city school systems reporting

- 35% have the 6-3-3 plan
- 12% have the 6-2-4 plan
- 4% have the 6-3-3-2 plan
- 16% have the 6-6 plan
- 23% have the 8-4 plan

10% have various modifications of the basic plan of separating pupils at the end of the elementary school course, which in no case among this 10% is regarded as the

end of Grade VIII (4%—end of Grade VII, 2%—end of Grade V; 1%—end of Grade VI, in a 6-2-4 set-up; 3%—miscellaneous). In other words, only 23% of these 1372 city systems are on a straight 8-4 basis.

2. Among these 1372 cities, if we consider only those cities with more than 100,000 population, the facts are as follows:

55% have the 6-3-3 plan
15% " " 6-3-3-2 plan
2% " " 6-2-4 plan
2% " " 6-2-4-2 plan
16% " " 8-4 plan

10% have various modifications, in no case including Grades I-VIII as a unit. In other words, only 16% of cities over 100,000 population have the straight 8-4 plan.

3. Of the 12 cities with over 500,000 population reporting:

6 have the 6-3-3 plan
3 " " 6-3-3-2 plan
2 " " 8-4 plan
1 has the 8-4-2 plan

4. Of the 55 cities with population between 100,000 and 500,000 reporting:

30 have the 6-3-3 plan
8 " " 6-3-3-2 plan
8 " " 8-4 plan
9 " " various modifications, in no case including Grades I-VIII as a unit.

V. The Research Division of the National Education Association reports that from 1922 to 1943 the number of junior high schools has increased as follows:

1922—387 junior high schools
1930—1842 junior high schools
1938—2372 junior high schools
1946—2647 junior high schools

The same survey reports that from 1938 to 1948, in 67 city systems (cities over 100,000):

66% showed no change in number of junior high schools;
24% showed a net increase in number of junior high schools;
10% showed a net decrease in number of junior high schools.

(It should be noted that this decade was not auspicious for the establishment of new junior high schools because of post-depression period, defense activities, period of war, post-war shortage of building materials. Furthermore, the decreases are largely because of lower pupil enrollment, with no alteration of the basic plan.)

VI. Under date of January 4, 1950, Dr. Worth McClure, Executive Secretary in charge of Educational Research for the American Association of School Administrators, states: "There is no doubt that the so-called '6-3-3 plan,'—in which the junior high school, representing classes 7, 8, and 9, is a typical part—is the prevailing pattern of school organization in this country. I travel about a great deal and meet with many groups of superintendents of schools. I find it to be true that in their judgment the junior high school has amply vindicated itself as an essential part of American school organization. School systems more and

more are coming to accept it. In the recent meeting of superintendents or major cities at Houston, at which I believe you were present, you will recall that the discussion definitely favored the 6-3-3 plan or its variant, the 6-4-4 plan."

VII. Under date of January 4, 1950, Dr. Frank W. Hubbard, Director, Research Division, National Education Association of the United States, declares: "Most of us who are familiar with school practice would be greatly depressed to see the junior high school movement set back because of current enrollment problems. The junior high school has a special opportunity in meeting the guidance and pre-vocational needs of children during the early adolescent period. When these grades are kept in the regular elementary-school organization the policies and purposes of elementary education dominate the scene and deprive the early adolescent of opportunities for expression. The elimination of the junior high school, therefore, would be a backward step in terms of public-school organization in the United States."

VIII. Conclusion.

From a study of all the facts at hand, including the various reports which have been cited above, it would appear that there is every reason why the Boston Public Schools should continue to develop the 6-3-3 plan of organization. In making this statement the Board of Superintendents is convinced that the educational needs of the pupils in our schools can be—and to increased degree are being—met by the system of grade grouping inaugurated more than thirty years ago, and which should be extended when the financial situation of the city warrants such continued development of the 6-3-3 program.

In this connection, it should be noted that within recent months a group of parents from the South End district of Boston, at a School Committee hearing asked that a junior high school be established in that neighborhood. The Board of Superintendents has this type of development in view.

Any attempt to revert to the 8-4 plan in certain districts now served by the 6-3-3 plan would involve additional costs as well as serious educational disadvantages.

The Board of Superintendents recognizes, of course, that no system of grade grouping is in and of itself the answer to all of the problems of public school administration. We believe firmly that it is not the plan of organization which is the major factor in the effectiveness of any educational system, but the spirit and the competence of those who operate this plan.

The functional method of administration which was introduced into the Boston Public Schools in September, 1948, has already made substantial progress in the direction of bringing each level

of our school system up to a plane of higher efficiency. Under this functional method, the inherent values of the junior high school plan have already been enhanced through unification of policies and procedures under one assistant superintendent. It is the belief of the Board of Superintendents that a change to the 8-4 plan would not only be inconsistent with the pattern of school administration prevailing throughout the United States among cities comparable to Boston, but would be an unnecessary and also a costly disruption of our school system.

CHARGES FOR CUSTODIAN SERVICE, OCCUPANCY OF SCHOOL BUILDINGS

Mr. White: Madam Chairman, at a recent conference Mr. Ward called attention to the fact that increased charges had been made for the use of school buildings. There was no action taken at that time and no report has come since for the reason that the Committee has been occupied on other matters.

I would like to suggest, if it is agreeable to the Committee, that all occupancies of school buildings be billed at the former rates until these rates have been changed officially.

No objection on the part of the five members.

APPROPRIATION—LAND AND BUILDINGS

The following communication was received:

City of Boston
Department of School Buildings
April 2, 1951

Miss Louise Kane, Secretary
Boston School Committee
15 Beacon Street, Boston
Dear Miss Kane:

You have forwarded the following proposed appropriation order for Land and Buildings for Schools for the year 1951 to the Board of Commissioners of School Buildings:

ORDERED, That in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949, the following appropriations are hereby made to meet the estimated cost of "construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations" for the fiscal year 1951:—

Land and Buildings for Schools
Item 1
Rent of hired accommodations \$7,920.00

The above sum of \$7,920.00 appropriated for land and buildings is obtained as follows:—

a. From the amount available under the \$.50 allowance	\$6,620.30
b. From the unexpended balance from 1950	1,299.70
Total	\$7,920.00

At a meeting of the Board of Commissioners of School Buildings which was held this date, it was voted to report favorably on the above proposed appropriation order, all as provided in Chapter 351 of the Acts of 1929.

Respectfully submitted,
Board of Commissioners
of School Buildings
(Signed) Robert A. MacLellan
Chairman

Placed on file.

The following statement was ordered spread upon the records:
ESTIMATED TOTAL MONEY AVAILABLE FOR LAND AND BUILDINGS—1951

Amount available under the provisions of Chapter 224 of the Acts of 1936 as amended by Chapter 117 of the Acts of 1949, viz., \$.50 on each \$1000 of the average valuation	\$769,387.38
Unexpended balance: Rent of hired accommodations, 1950	1,299.70
Total money available for appropriating purposes	\$770,687.08

The following was offered:

ORDERED, That in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949, the following appropriations are hereby made to meet the estimated cost of "construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations" for the fiscal year 1951:

APPROPRIATIONS — ALTERATIONS AND REPAIRS

The following communication was received:

City of Boston
Department of School Buildings
April 2, 1951

Miss Louise Kane,
Secretary, Boston School Committee,
15 Beacon Street, Boston, Massachusetts.

Dear Miss Kane:

You have forwarded the following proposed appropriation order for alteration and repair to school buildings, etc., for the year 1951 to the Board of Commissioners of School Buildings:

ORDERED, That in addition to the appropriation of \$1,000,000.00 made on account on January 11, 1951, and in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949,

the following appropriations are hereby made to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards," for the fiscal year 1951, based on the accompanying detailed estimates:

A. Administration Expenses:	
Salaries	\$318,490.00
Pensions	6,205.00
B. Administration Expenses, Office Expenses and Other Items	28,200.00
C. Alterations, Furniture and Equipment for Special Educational Needs	75,000.00
E. General Alterations and Repairs	1,094,785.00
Total for Alterations and Repair of School Buildings	\$1,522,680.00

The above total of \$1,522,680.00 appropriated for "alteration and repair of school buildings," etc., plus \$1,000,000.00 appropriated by the School Committee on January 11, 1951, for General Alterations and Repairs, makes a total appropriation of \$2,522,680.00 for Alteration and Repair of School Buildings for 1951.

The sum of \$2,522,680.00 is obtained as follows:

a. From the amount available under the \$1.70 allowance	\$2,340,998.19
b. Unexpended balance 1949	410.97
c. Unexpended balance 1950	181,270.84
Total	\$2,522,680.00

At a meeting of the Board of Commissioners of School Buildings which was held this date, it was voted to report favorably on the above proposed appropriation order, all as provided in Chapter 351 of the Acts of 1929.

Respectfully submitted,

Board of Commissioners
of School Buildings
(Signed) Robert A. MacLellan
Chairman

Placed on file.

Mr. Muchnick: Madam Chairman, while I intend to vote for the passage of this part of the budget, I am going to do it with great reluctance. I do it only because money must be provided for the alteration, maintenance, and repair of school buildings; but it seems to me that the cost of those repairs runs far too high.

For example, the payroll in that department is \$320,000 for the inspection of 242 buildings, and the supervision of approximately \$2,000,000 worth of contracts over those buildings. That makes for approximately 17 per cent or 18 per cent of the total as the cost of supervision, which is far too high by any stretch of the imagination.

The City Building Department, which has the inspection of 140,000 buildings throughout the City of Boston, has a total payroll of only \$388,000. To show as another example of the unnecessarily high costs in that particular department, the Executive Secretary in charge told us the other day that for the processing of any requisition, even for a repair order costing as little as \$3 or \$4, it takes twelve to fifteen clerical operations in that department at a cost of approximately \$10 for the clerical work alone.

It is obvious that that, too, is far out of line with what a normal cost of processing should be. We don't have much choice. It is around 4 o'clock, and we have to keep schools in repair, so I will vote for it with great reluctance; and I hope that the Board of Superintendents will come in soon with the plan that I asked for at the last meeting or two meetings ago for some way of doing something about cutting these, what to me are exorbitant figures.

Mr. White: Madam Chairman, I, too, like the previous speaker, am going to vote for this appropriation for identically the same reasons, except that I do not altogether agree that the responsibilities on the part of Mr. Mooney are analogous to the Boston Building Department. On the rest of Mr. Muchnick's statement as to the cost of processing the operations, I have no proof that that statement is not fundamentally what was given to us in the Committee; and so I would like to be included at least in the reference to the School Department lowering the cost of maintenance. I agree with that, too.

Chairman: I think we all agree with that, Mr. White, in view of the fact that at least four of us voted that there be some recommendation as to the possibility of our establishing our own maintenance department rather than giving the work to outside contractors.

The following statement was ordered spread upon the records:

ESTIMATED TOTAL MONEY AVAILABLE FOR ALTERATIONS AND REPAIRS—1951

Amount available under the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949, viz., \$1.70 on each \$1000 of the average valuation	\$2,615,917.09
Unexpended balance, 1949	410.97
Unexpended balance, 1950	181,270.84
Total money available for appropriating purposes	\$2,797,598.90

The following was offered:

ORDERED, That in addition to the appropriation of \$1,000,000.00 made on account on January 11, 1951, and in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949, the following appropriations are hereby made to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards," for the fiscal year 1951, based on the accompanying detailed estimates:

ANNUAL APPROPRIATIONS FOR MAINTENANCE, EXCLUSIVE OF "ALTERATIONS, REPAIRS, FURNITURE AND FIXTURES"

The Business Manager submitted, in compliance with the rules, the following communication:

April 2, 1951

To the School Committee of the City of Boston:

In compliance with the instructions of the School Committee and in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949, I am presenting for your consideration the accompanying appropriation order totaling \$22,770,058.37 for the fiscal year 1951. The said amount is for expenditures for maintenance under the direct control of the School Committee.

The School Committee also will make appropriations for the following items and in the sums set forth below. The expenditures un-

der these items will be under the direct control of the Department of School Buildings.

Alterations, Repairs, Furniture and Fixtures	\$2,522,680.00
Land and Buildings for Schools	7,920.00

The total appropriations for 1951 will therefore be \$25,300,638.37: (\$22,770,058.37 plus \$2,522,680.00 plus \$7,920.00 = \$25,300,638.37).

The total credits made up of the unexpended balances at the end of the year 1950, the estimated income for the year 1951, and the estimated amount to be received from the Commonwealth of Massachusetts by the City of Boston under Chapter 643 of the Acts of 1948 will amount to \$3,562,572.88.

The amount to be raised by taxation would therefore be \$21,738,085.49, which is the difference between the total appropriations and the total credits: (\$25,300,638.37 minus \$3,562,572.88 = \$21,738,085.49).

Respectfully submitted,
(Signed) HENRY J. SMITH,
Business Manager.

Placed on file.

Mr. Muchnick: Madam Chairman, I intend to vote for the appropriation of \$22,770,000 with the few odd dollars that are added on only because, again, it is necessary for the schools to function; but I do not in any way intend my vote in favor of this budget should be interpreted as approving the method of preparing or submitting a budget with the main body of detail completely lacking and with practically no breakdown given to us.

The shell of the budget, which comes to \$23,575,854 as submitted to us last Friday afternoon, is above the figure that is being appropriated by approximately \$805,000. From my examination of that original figure, plus the answers and lack of answers to some of the questions that I asked this morning, it seems to me—and also from my examination of it—almost elementary that there can be cut approximately \$100,000 from the Administration item, \$225,000 from the item for Instruction, and \$250,000 from the item, Operation of Plant. I do not know about Auxiliary Services and Fixed Charges because I have not had a chance to go into them as yet.

That would leave approximately \$225,000 worth of deficit according to the original figures, by analysis to date, and the amount that we have as appropriating power.

I therefore will vote for the budget with these objections, but I will vote against asking the Mayor and the City Council to appropriate the further sum of \$805,000 for the operation of the school system.

The following was offered:

ORDERED, That in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949, to meet the estimated cost of maintenance of the

Boston public schools for the fiscal year 1951, exclusive of "alterations, repairs, furniture and fixtures" for which separate appropriation orders are made, the following amounts are hereby appropriated to cover expenditures under the control of the School Committee and for the purposes indicated below:

For General School Purposes:

Administration	\$ 1,006,649.82
Instruction	17,806,243.42
Auxiliary Services	682,525.03
Operation of Plant	3,025,090.82
Fixed Charges	249,549.28
Pensions to teachers (non-contributory)	(1)

\$22,770,058.37 (2)

- (1) No appropriation from tax levy. These pensions are paid from (a) income received from Commonwealth, (b) unexpended balance of last year, (c) accrued interest of Permanent School Pension Fund.
- (2) It is expected that \$3,379,591.37 of this amount will be provided from estimated income for 1951, from unexpended balances from 1950, and from the estimated amount to be received from the Commonwealth of Massachusetts by the City of Boston under Chapter 643 of the Acts of 1948.

On roll call, the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

The Secretary read the following letter to be sent to His Honor, the Mayor, John B. Hynes, with reference to additional school appropriations:

April 2, 1951

Hon. John B. Hynes
Mayor, City of Boston
City Hall
Boston, Massachusetts

Dear Sir:

I am transmitting herewith for your approval attested copies of the order passed at the meeting of the School Committee held on Monday, April 2, 1951, appropriating the sum of \$22,770,058.37 for the maintenance of the Boston Public Schools for the fiscal year 1951, exclusive of "alterations, repairs, furniture and fixtures."

Your Honor doubtless appreciates that the request for increased appropriating power which you were good enough to recommend to the City Council for approval was rejected by the Legislature.

As a result, the amount submitted to you in the appropriation for General School Purposes is the entire amount available under the legal limit.

This amount of \$22,770,058.37 is short by \$804,362.32 of the amount that is necessary to carry out the needs of our school budget. The breakdown of this \$804,362.32 is shown as follows:

Administration	\$ 31,566.66
Instruction	607,795.66
Auxiliary Services	33,000.00
Operation of Plant	132,000.00
Fixed Charges	
Pensions to Teachers	
Total	\$804,362.32

In accordance with the provisions of the law governing appropriations, the School Committee respectfully requests Your Honor to recommend to the City Council the additional appropriation necessary for General School Purposes in the sum of \$804,362.32.

This amount does not provide for increased cost of supplies or for any salary adjustments.

Respectfully submitted,

(Signed) Agnes E. Reynolds
Acting Secretary

Mr. White: Madam Chairman, I would like to have the Secretary read that last line again.

Secretary: "This amount does not provide for increased cost of supplies or for any salary adjustments."

Mr. White: May I ask the Business Manager to what it does apply?

Business Manager: It was caused mainly by making provision for the 40-hour week for custodians, and the \$204 pay raise given to teachers last September 1st.

Mr. White: Then it does provide for the continuance of the salary increase given last year?

Business Manager: Yes, it does.

Mr. White: I thought that was perhaps not very clear. That is why I asked about it.

Chairman: Any additional salary adjustments. In other words, there is no provision in this budget for any of the requests that have been made here.

Mr. Ward: Madam Chairman, on that particular motion for the \$1,000,000 that went before the Legislature last week, that now has been reduced to the sum of \$805,000. I think I asked at the conference last week that if they wanted \$1,000,000 on Tuesday, why did they only need \$805,000 the following Friday? Now I can't consistently vote on this, and I can't vote against it. I voted originally for the \$1,000,000. Now I am going to ask a ruling on this. On this particular motion I would vote "present" until after I have a clearer picture of this. This does not need four votes, or am I wrong on that?

Mr. White: I think it does.

Chairman: Three votes is all that is necessary.

Superintendent: Four.

Chairman: For the letter? How many votes, Mr. Downey?

Mr. White: I think this turns into the appropriation order later.

Mr. Downey: The appropriation will come from the City Council if it comes at all.

Mr. Ward: And what vote is necessary in the School Committee?

Chairman: Three. This is just a letter.

Mr. White: I ask for some information. Suppose this request is approved by the Mayor and the City Council?

Mr. Downey: Then they appropriate, and next year you go to the Legislature to get more money.

Mr. Ward: The question is this, Mr. Downey: Does this letter going to the Mayor and the City Council mean that it must have a majority vote of the School Committee?

Mr. Downey: Yes.

Mr. Ward: All it needs is a majority vote?

Mr. Downey: Yes.

Mr. White: Wait a minute, Mr. Ward. I am not so certain that that is right, and I would like to be correct. I want to be certain so we don't make an illegal move, and I am not so certain that this does not have the effect of an appropriation order with the letter asking the Mayor and the City Council to approve the extra appropriation. I do not think three votes are sufficient because no matter how much money is made available, Mr. Downey, it has to be appropriated for use by us for the continuation of these salary schedules. Isn't that so, Mr. Smith?

Business Manager: It won't be appropriated by us. It will be appropriated, as Mr. Downey said, by the Mayor and the City Council.

Mr. White: But it is an appropriation. There is a difference of opinion here, and I would like to have the answer.

Mr. Ward: Madam Chairman, perhaps I can clarify it. I understood that Mr. Muchnick said he was voting against this particular order. Is that correct?

Mr. Muchnick: Yes.

Mr. Ward: I am not voting against the order. Neither did I intend to vote for the motion, but to clarify it, I want to say that if, in my opinion, less money is needed between now and the time that these members of the School Committee may appear before the Council or before the Mayor, then I want to have a reservation there.

Mr. White: Why don't you make that as a statement of your attitude after you vote for it, and it won't be illegal, and I will join you in that particular statement.

Mr. Ward: I don't want to go down there and find out, as we told the Legislature, we needed \$1,000,000. Now we tell the Council three days later that we need \$805,000. When we go there, we may only need \$425,000.

Mr. White: I think that can be explained, Mr. Ward, and for your protection.

Mr. Ward: I want to be protected by saying, Mr. White, that I do not want to go down there asking for something that may ultimately end up to be a cushion or unexpended balance.

Mr. White: I agree with you.

Mr. Ward: That is on the record, so if you call the roll I can vote now.

Mr. White: And you are not committing yourself. I will go along with that. I have no ob-

jection to that at all. I will go along on that basis.

On roll call, the members agreed to submit the foregoing communication, as amended, to His Honor, the Mayor, by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt and White; Mr. Ward with the reservation indicated—4.

NAYS—Mr. Muchnick—1.

Mr. White: I am voting for the appropriation order. I do not want to qualify the vote, but if there is a reduction by the time the Mayor gives his approval, I, too, like the previous speaker, want the taxpayer to get the benefit of it.

Mr. Ward: That is the thought I have in mind. We may need \$350,000.

The Secretary read the following letter to be sent to His Honor, the Mayor, John B. Hynes, with reference to the annual increase of two hundred and sixty dollars for all employees of the City of Boston:

April 2, 1951

Hon. John B. Hynes
Mayor of Boston
City Hall
Boston, Massachusetts

Dear Sir:

The School Committee understands that it is the purpose of Your Honor to authorize an annual increase of two hundred and sixty dollars (\$260) for all employees of the City of Boston to become effective:

1. On June 1, 1951, for employees other than teachers, employed on a monthly basis.
2. On June 6, 1951, for employees other than teachers, employed on a weekly basis.
3. On September 1, 1951, for teachers and members of the supervising staff.

It is estimated that the total cost of this increase for 1951 for employees of the School Committee will be \$489,563.10.

The School Committee respectfully points out that the above amount does not include any provision for temporary teachers or other employees under the control of the School Committee.

It is estimated that the cost of granting the annual increase of two hundred and sixty dollars (\$260) for 1951 to employees of the Department of School Buildings will be \$11,253.38, for which no provision has been made in the budget of the Department of School Buildings.

Respectfully submitted,
(Signed) Agnes E. Reynolds
Acting Secretary

Mr. Muchnick: Madam Chairman, it seems to me that all school employees should be treated alike in a general cost-of-living increase, and that if the date of beginning is September 1st for

one group, it should be September 1st for all groups in our system.

The Statute of 1875, I know, prohibits only the one group, but as a matter of fair play, both should start at the same time. If it is definite that 1875 won't be suspended for this year, then it seems to me that all school employees should start on September 1st.

I will not vote against this particular letter because the amount involved is small and can be used, if my theory is correct, for the purpose of taking care of increases for the temporary teachers if it is decided to include them subsequently in the increase.

On roll call, the members agreed to submit the foregoing communication to His Honor, the Mayor, by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White—5.

NAYS—0.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Acting Secretary.

Apr. 13, 1951

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 5:05 o'clock P. M., the Chairman presiding.

NOTICE TO BOARD OF ASSESSORS OF ANNUAL APPROPRIATIONS

A communication was received from the Business Manager, under date of Apr. 13, 1951, reporting that under the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 513 of the Acts of 1945, and as amended by Chapter 117 of the Acts of 1949, and under the provisions of Chapter 643 of the Acts of 1948, the School Committee is required to certify not later than May 1st of

each fiscal year to the Board of Assessors the amount of its total appropriations that must be raised by taxation.

The total of the appropriations for the year 1951 is \$25,300,658.37, made up as follows:

(a) General school purposes	\$22,770,058.37
(b) Alteration and repair of school buildings, furniture and fixtures	2,522,680.00
(c) Land and buildings for schools, including rent of hired school accommodations	7,920.00
	<u>\$25,300,658.37</u>

The Business Manager recommended the passage of the accompanying orders certifying to the Board of Assessors that the sum of \$21,738,085.49 is to be raised by taxation in the year 1951.

Placed on file.

Mr. Muchnick: Madam Chairman, I would like to ask a question. Mr. Smith, is that \$2,522,000 in Item (b) the same figure that was given to us the night Mr. Mooney was here?

Business Manager: That's right.

Mr. Muchnick: I thought it was \$560,000 and something, wasn't it?

Business Manager: We cut off about \$20,000 or so from those original figures.

The following were offered:
MAINTENANCE OF THE PUBLIC SCHOOLS

On roll call, the orders passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt and Muchnick—3.

NAYS—0.

ABSENT—Messrs. Ward and White—2.

In connection with the foregoing vote, Mr. Muchnick asked that his remarks in the conference today concerning this item be incorporated in the records of the public meeting, and with that reservation he voted "Yes."

The remarks referred to are as follows:

"Madam Chairman, in view of the fact that there are only three members here, I will not stand in the way of sending these figures down to the Board of Assessors, but I want my affirmative vote to be in no way considered as approval of the total budget or the budgetary procedure that was involved in arriving at this budget."

UNFINISHED BUSINESS

The order laid over at the meeting of Mar. 26, 1951, amending Section 15, paragraph 1, of the Rules, to provide that the meetings and conferences of the School Committee shall be open, was taken up and passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt and Muchnick—3.

NAYS—0.

On roll call, the order passed by the following vote:

Mr. McDevitt: Yes.

Mr. Muchnick: I am going to vote No, but I would like to have it recorded that the reason I am voting No is that I am convinced we do not need as many as one hundred forty-three custodians. I do not think we should appoint more than seventy-five until such time as a survey is had along the lines suggested by the Strayer Report and by the Board of Superintendents from time to time, and recommended by myself within the last several months on several occasions. My vote is No.

Mr. Ward: Absent.

Mr. White: I vote Yes, and I want to say that as these custodians have been working since April 11, 1951, they are entitled to compensation for service already rendered. Furthermore, now that the School Committee has requested a survey, although it is limited, we have the benefit of the opinion of anyone who wants to make a survey, whether it be the type recommended by Mr. Muchnick, by the Board of Superintendents, or the Massachusetts Department of Education survey, which has been approved by this Committee. This would not materially affect expenditures a great deal because if it were felt, after operating with these one hundred forty-three custodians, that they were not needed, they could eliminate them by not filling vacancies as they occur. So I vote Yes.

Mrs. Dacey: Yes.

The Committee adjourned.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN IRVING STREET, BETWEEN CAMBRIDGE STREET AND PHILLIPS STREET, CITY PROPER, AND BREED STREET, AT ASHLEY STREET, EAST BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Irving street, between Cambridge street and Phillips street, City Proper, and Breed street, at Ashley street, East Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Irving Street, Between Cambridge Street and Phillips Street, City Proper, and Breed Street, at Ashley Street, East Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, SEPTEMBER 19, 1951, with a certified check for TWO HUNDRED AND FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of the contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(Sept. 8.) Commissioner of Public Works.

Subjects and Weights: Training and experience, 2; practical questions, including mathematics, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

INVITATION FOR PROPOSALS FOR BOILER REPAIRS, LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for boiler repairs, Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Monday, September 17, 1951, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of 10 per cent of the bid, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

MAYOR HYNES GRANTS EXTENSION OF TIME TO NOVEMBER 30 TO MOTOR PARK, INCORPORATED, FOR STARTING OF CONSTRUCTION WORK—OUTLOOK BRIGHTER THAN EVER FOR PROJECT BY THIS LATEST DATE—NATIONAL OIL CONCERN GUARANTEES RENTAL PAYMENTS OF \$6,160,000 OVER PERIOD OF 14 YEARS, WHICH THUS SECURES ANY INVESTMENT UP TO THAT AMOUNT—TO END PRESENT AGREEMENT WOULD DELAY CONSTRUCTION 18 TO 24 MONTHS.

On September 12 Mayor John B. Hynes issued the following statement concerning the "Under-the-Common" garage:

It appears that the plans for the proposed underground garage beneath Boston Common are nearer realization today than at any time since the project first was visualized.

A major step has been accomplished through an agreement under which a leading national oil company will operate

BOSTON MORE BEAUTIFUL THAN WASHINGTON, D. C.—MAYOR HYNES RECEIVES LETTER PRAISING PARK SYSTEM AND PUBLIC GARDEN AS CARED FOR UNDER HIS ADMINISTRATION—WRITER SAYS THOUSANDS OF OTHERS HAVE EXPRESSED SIMILAR APPRECIATION.

The following typical letter received concerning the Boston park system has been made public by the office of the Mayor:

MAYOR HYNES,
Boston, Mass.

DEAR SIR:

For some time I have wanted to write you and tell you how beautiful the parks and Public Garden of Boston have become since you became Mayor. I am not a resident or voter in Boston but do spend my winters here. Two years ago when I came in September the grass was uncut

MAYOR JOHN B. HYNES PRESENTS HIS RECORD OVER PAST 20 MONTHS OF ADMINISTRATION BY WAY OF TELEVISION AND RADIO—CALLS ATTENTION TO DIFFICULTIES AND PROBLEMS FACING HIM WHEN HE ASSUMED OFFICE AND HOW HE HAS SUCCESSFULLY MET AND OVERCOME THEM—CHANGE TO HONEST METHOD OF FIXING TAX RATE, LIGHTENING OF HEAVY DEBT-STRUCTURE LOAD, IMPROVEMENTS AND REPAIRS OF PHYSICAL PLANT, AND CHANGES FROM DOING WHAT WAS WRONG TO DOING WHAT IS RIGHT—HONEST TAX RATE REFLECTS ACTUAL FINANCIAL CONDITIONS—NO BORROWINGS FOR CURRENT EXPENSES NOR OVERVALUATION OF PROPERTIES—PROMISES GREATER IMPROVEMENTS IN NEXT FOUR YEARS OF HIS ADMINISTRATION.

Following is the text of the television speech delivered by Mayor Hynes on Monday, September 10, from Station WBZ:

Good Evening, My Fellow Citizens of Boston.

Tonight marks my first venture, as a candidate for public office, on this relatively new means of communication.

Therefore, if I seem to lack the assurance and the dramatic appeal of the seasoned television performer, I trust you will understand and forgive.

My purpose tonight is to report to the citizens of Boston, in a general sort of way, on the state of their city government—as I found it when I assumed control of Boston's municipal affairs twenty months ago, and as that city government is today.

When I became Mayor of the City of Boston in January of last year, the condition of the municipality was anything but encouraging.

The then tax rate was far from a true picture of the financial situation of the city. It had been arrived at by methods contrary to sound financial practice. Every known means of presenting a fictitious rate had been employed. Every obligation which could be postponed was postponed. Every device was utilized to give an outward appearance of soundness and stability which, in reality, did not exist.

False Tax Rate.

As I found conditions almost two years ago, the tax rate had been fashioned and fabricated with an eye to election day; the debt structure was creaking under a heavy load; the plant of the city was sorely in need of improvement and repair; the atmosphere of the entire city government was that of pathetic surrender to the machinations of political expediency and political chicanery.

In a short period of less than two years we have changed the direction of the city government. We have changed the atmosphere at City Hall. We have changed from doing that which was wrong to doing that which is right.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR PRESENTS RECORD OF HIS ADMINISTRATION ON TELEVISION.

(Continued from page 1005.)

We have given our taxpayers an honest tax rate—a tax rate which truly reflects the financial state of our city. This year we have reduced that rate, despite increased operating and personnel costs in every city department.

We have reduced the debt of the city. We have followed a pay-as-you-go policy. We have borrowed no money for current expenses. We have not overvalued properties in order to produce a false tax picture.

We have been able to reduce some of the palpably high operating expenses of the city, such as those for the removal of snow and the removal of rubbish and refuse. We have tightened the loose practices which permitted contractors to have a field day in the repair and construction of streets.

We have improved the plant of our city. We have built a new addition to our city hospital, a new bridge connecting Long Island Hospital with the mainland, a new shelter for children at our Woburn recreational area. We have built a new branch library in Dorchester, a new school in Readville, new playgrounds, and new play-tot areas in congested districts of the city.

We have embarked on the largest public housing program in Boston's history. We are about to start work on a new swimming pool in the crowded North End. We are installing traffic lights at dangerous intersections throughout the city. We are prepared to go forward, with the approval of the federal government, with plans for three large, off-street parking garages in the downtown areas and a combination welfare and gymnasium building in the Mission Hill section.

PROGRESS EFFECTIVE AND BENEFICIAL.

This is the kind of progress we have been making at City Hall during the past twenty months—the kind of progress which is effective and beneficial.

We have avoided the spectacular. We have steered clear of the cheap, the gaudy, and the dramatic. We have resisted the political pressures that help the few at the expense of the many. We have lifted the skirts of the city from the dirt.

To be sure, everything is not sweetness and light in your city government—and it never will be. But I submit to you, my fellow citizens of Boston, your city government today is immeasurably better than it was less than two years ago when I assumed the office of Mayor.

We have made progress—sound, solid, substantial progress—and more progress is in order. We have this Hynes administration—given the City of Boston, in the half term we have served you, a good administration. We can, and we will, improve that record of service. We will give you—this Hynes administration—a better administration in the full four-year term ahead.

May I now remind you that this year there are two elections. The preliminary election will be held on Tuesday, September 25; the final election will be held on Tuesday, November 6. Both of these elections are nonpartisan. Consequently, whether you be a Democrat, Republican, or an Independent, you will not be required to express your party affiliation.

The preliminary election on September 25 can have a decided bearing on the future of our city. May I ask you to resolve now to vote on that day.

I feel that we have made a good deal of progress during the time I have been in office—that we have accomplished just about everything it was possible to accomplish. But I would respectfully point out that the job to be done has just been started. My term of office so far has run a little more than twenty months. That is less than half of the usual term for a Mayor. I am now offering to you my candidacy for re-election to a full four-year term because I am certain that I can do the job which must be done at City Hall.

In the thirteen days between now and the preliminary election on September 25, and in the weeks before the final election on November 6, I intend to report to you in detail exactly what has been accomplished by my administration. You, the people, are my bosses. It is for you to decide whether you wish to keep me on the job. To enable you to reach that decision I will submit to you a full report on my stewardship as Mayor. To as great an extent as possible I intend to confine myself to my administration and my accomplishments—except where it is necessary for me to discuss the problems, the unpaid bills, and the debts which were left for me by the previous administration.

However, one false statement already has been made by another candidate for Mayor which I feel should be contradicted. It has been stated that I advocated a sales tax as the solution of Boston's tax problems. That statement has no foundation of fact. It is utterly false. I have never advocated a sales tax. I say that so that you may keep the record straight.

As many of you may already know, my administration has been one in which politics has been forced to take a back seat. I have tried to run the city government for the benefit of all the people.

It has been the purpose of the Hynes administration to give the people of Boston a businesslike, a workmanlike, a progressive, and an honest administration. That was what you wanted. That is what I have done.

The statement has been made by another candidate that there has been nothing spectacular about my administration. That is true. I haven't striven for the spectacular. But I have striven for an administration of dignity and honor, one in which the people received a dollar of value for every dollar expended.

I have kept in mind that the future of our city rests to some extent in the hands of my administration. I have kept in mind also that when my terms as Mayor are completed I want to be able to look with pride upon my service to my native city. I want to be able to say to myself that I kept faith with the people who placed their faith in me. As long as I am Mayor that will be my purpose. Thank you for listening to me and a pleasant goodnight to you.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 270 linear feet of 15-inch diameter pipe in Irving street, between Cambridge street and Phillips street, in the Boston Proper district, at an estimated cost of \$3,500.

MAYOR GRANTS EXTENSION OF TIME FOR CONSTRUCTION OF COMMON GARAGE.

(Continued from page 1005.)

and manage the garage and guarantee rental payments totaling at least \$6,160,000 over a period of 14 years.

This agreement secures any investment made up to that amount in the construction of the garage.

On the strength of these facts it is my belief that the ultimate construction of the garage might be more speedily accomplished by extending the present agreement with Motor Park, Inc.

To terminate the agreement with Motor Park, Inc., at this time could only result in a further delay of a year and a half or two years in the construction of the garage.

My sole concern in this matter is to get the garage built as quickly as possible. I have endeavored throughout these proceedings to protect the city's interests to the fullest extent.

A total of \$35,000 already has been paid to the city by Motor Park, Inc., as a penalty for failure to meet time specifications.

It must be evident that the officials of this concern would not have paid a penalty of that amount if they were not reasonably certain of their ability to carry this project through to completion.

Under all present existing circumstances, I am reasonably confident that an extension of this agreement until November 30 is in the best interests of the city.

PRAISES PUBLIC GARDEN AND PARK SYSTEM.

(Continued from page 1005.)

and littered with papers and, particularly on the Fenway, everything seemed very unsightly and run down.

However, both last September and this September when I returned to Boston everything was looking very trim and beautiful. A visitor remarked to me yesterday that, to her, Boston is more beautiful than Washington, D. C. I want you to know that your influence and the efforts of the Commissioner of Parks in making Boston a place of beauty are really appreciated by one person—and I'm sure by countless of thousands of others.

Sincerely,

F. GRACE PIERSON,
30 Evans Way,
Boston 15, Mass.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of January 11, 1951, as amended, determining damages caused by the making of the public improvement, consisting of the laying out of Lyall street, be, and the same hereby is, amended, by adding to said order the amount \$172.50 as an award to Samuel N. and Frances H. Saltzberg; that the amount \$172.50 be, and the same hereby is, awarded to Samuel N. and Frances H. Saltzberg for the damages so sustained.

Condon, 96 Gladeside avenue, Mattapan; Thomas S. Lydon, 16 Gates street, South Boston; William F. Newman, 17 Harvard street, Dorchester; Francis L. Galizio, 531 East Seventh street, South Boston; James V. Capeless, 646 East Fifth street, South Boston.

The following changes in the present step-rate plan of the Fire Alarm Construction Force of the Fire Department so that it will correspond to the step-rate plan in effect for the uniform force have been approved:

Inside Wireman—\$3,460 for the first year of service; \$3,660 for the second year of service; \$3,960 for the third year of service.

Lineman and Lineman-Cable Splicer—\$3,060 for the first year of service; \$3,260 for the second year of service; \$3,560 for the third year of service.

This will necessitate the following increases in salary effective on Wednesday, September 5, 1951, it being understood that this will in no way interfere with subsequent increases due the members concerned on their anniversary dates:

Edward H. Lambrecht, inside wireman, from \$3,660 to \$3,960 a year.

John Grana, inside wireman, from \$3,560 to \$3,660 a year.

Francis L. Clegg, cable splicer, from \$2,960 to \$3,060 a year.

Arthur W. Wagner, cable splicer, from \$2,960 to \$3,060 a year.

John T. Corcoran, lineman-cable splicer, from \$3,160 to \$3,560 a year.

John J. Moynihan, lineman, from \$3,460 to \$3,560 a year.

Paul D. Hackett, lineman, from \$3,060 to \$3,260 a year.

James F. Walsh, lineman, from \$3,060 to \$3,260 a year.

Charles E. McCarthy, lineman, from \$2,960 to \$3,060 a year.

The accompanying copy of letter from Mr. John A. Sullivan, Budget Commissioner, will explain why this increase should be effective as of September 5, 1951.

City of Boston,

Budget Department, August 22, 1951.

Commissioner Michael T. Kelleher, Boston Fire Department, 60 Bristol Street, Boston, Mass.

DEAR COMMISSIONER KELLEHER:

I have discussed with his Honor the Mayor and representatives of Boston Local No. 718, International Association of Fire Fighters, the question of an adjustment in the step-rate plan for the construction employees of the Fire

Alarm Division so that it will correspond to the step-rate plan in effect for the Uniform Force.

It was explained to the Mayor that the Construction Force is exempt from the operation of the present 40-hour law for other city employees and that they work a straight 6-day 48-hour week with no overtime payment for the sixth day. It was also explained that the employees themselves requested this exemption because it was their impression that the agreement with the previous Fire Commissioner would give them the same compensation schedule as the Uniform Force. *I have an idea that somewhere along the line during the many discussions and conferences regarding this situation over the past few years, there was an agreement to this effect.*

The Mayor has asked me to advise you that he is willing to approve any recommendation you wish to make in connection with this adjustment. It is suggested that if you agree that the facts are as set forth, perhaps the first Wednesday in September would be the agreeable day to make the change-over.

I am returning herewith the letter addressed to you from Martin E. Pierce, president of Local 718, which explains the situation in detail. This letter was evidently left by you at the Mayor's office and he in turn forwarded it to me with the request that I discuss the matter with you and the union officials.

Very truly yours,

JOHN A. SULLIVAN,
Budget Commissioner.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies and materials. Communications from the heads of departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, August 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with public advertising and to award a contract to James H. Ritchie & Associates, 38 Newbury street, Boston, Massachusetts, for architectural services in connection with repairs and renewals to roofing and flashings of Vose House A and Vose House B, Boston City Hospital, at a cost not to exceed the sum of \$17,000, the architect to be paid a fee equal to 10 per cent of the actual cost of the work subject to the provisions of the contract for said services.

Because of the many heavy rainstorms during the summer many leaks appeared; these leaks are extensive in nature and are creating considerable damage to the walls of the buildings and great inconvenience to care of the patients because of rain seeping into the wards and corridors.

The Trustees feel the need for repairs is urgent and necessary.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President.

PARK DEPARTMENT.

BOSTON, September 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We plan to start our football season within the next few weeks. As you probably know, the football program conducted by the Park Department is one of the largest of its kind in the entire country. We have exceptionally large crowds attending our games and in order that we may successfully conduct these games, it is vitally necessary that some of the fields be roped, particularly those fields where games in the top league of this department are played and which are held on Sundays during the football season.

For this department to purchase all the ropes and stakes that are required would be quite expensive, and in addition we would be required to operate

at least six department trucks on each Sunday with a crew of three men to a truck, all of whom would have to be paid overtime. In addition there would probably be considerable loss of ropes and stakes at various fields. From our experience we feel that it is better to hire a contractor who has all the necessary equipment and men to do this work. We are satisfied that the city saves considerable money by handling the roping of football games through a contractor.

We have received a quotation from F. C. Dolan & Sons, Inc., 18 Aldworth street, Jamaica Plain, who agree to rope and stake 15 locations on each Sunday for a period of seven weeks during the football season. They will furnish the ropes and stakes, the trucks and all necessary help, for approximately \$40 to \$45 per location, or a total sum for the entire season not to exceed \$4,500. This concern has done all the roping and staking for several years for the City Messenger's office. They have the experience and necessary equipment.

Accordingly, it is respectfully requested that the Board of Park Commissioners be allowed to award a contract, without publicly advertising, to F. C. Dolan & Sons, Inc., for roping and staking all football fields as explained above, for a sum not to exceed \$4,500, to be charged to Item 299 in the Park Department budget.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

BOSTON, September 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

During the last two years we have arranged for floodlighting certain of our night football games. It is not possible to floodlight all the games for which we receive requests. However, we try to have at least one floodlight game in each section of the city during the football season.

One year ago we advertised for public bids for furnishing and operating all floodlight equipment on a rental basis, and only one concern submitted a bid. That concern was the Lashua Portable Lighting, Inc., 594 Washington street, Stoughton, Mass., and they were awarded the contract. Their price at that time, for setting up the equipment, floodlighting the entire football field, and taking down the equipment, was \$200 per game.

The Lashua Company has submitted the same quotation for this year. There is no other concern located in Greater Boston that is equipped to handle an assignment of this kind. This company floodlights practically all the night events that are held in and around Boston and in addition they floodlight all the International League and Canadian League baseball games.

We plan to floodlight 25 football games during the 1951 season. Accordingly, the Board of Park Commissioners respectfully requests that we be allowed to award a contract, without advertising, to the Lashua Portable Lighting, Inc., 594 Washington street, Stoughton, to floodlight 25 games at \$200 per game,

or a total for the contract of \$5,000, to be charged to Item 299 in the Park Department budget.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, June 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On June 11, 1951, your Honor approved a letter to award contracts, without public advertisement, to several companies for furnishing perishable foods and other edible commodities to the various city departments, from July 1, 1951, to December 31, 1951, inclusive.

Authority is requested at this time to award contracts, as above, to two additional companies, namely:

Metropolitan Hotel Supply Company, 1000 Massachusetts avenue, Boston; Swift & Co., 25 Faneuil Hall square, Boston.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for the following:

300 fire alarm box plain ruby globes.

300 fire alarm box plain ruby domes.

These globes and domes have been furnished to the Fire Department for several years by the American Service Company and they have always been satisfactory. Owing to a new method of production, the American Service Company has quoted prices which are approximately 15 per cent lower than previous prices.

Authority is therefore requested to award a contract, without public advertisement, to the American Service Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$2,661, less 2 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Institutions Department has submitted a requisition to this office for one Model 3106 Chevrolet Carryall Suburban as per specifications.

Several Chevrolet dealers were contacted for prices but the only company that submitted a quotation was Kane Chevrolet Company which is the one company that has the particular model available for immediate delivery.

Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Kane Chevrolet Company. It is my opinion that no ad-

vantage could be gained by publicly advertising for bids.

Total amount of contract will be \$1,977.30, less trade-in allowance of \$252.30, making a net total of \$1,725.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for two National cash register machines.

Inasmuch as the National Cash Register Company of 537 Commonwealth avenue, Boston, is the manufacturer of these machines, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to the National Cash Register Company. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$9,960, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 11, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 26, 1950, your Honor approved a contract between the City of Boston and Boston Desk Company for furnishing to the new Fire Headquarters various items of furniture and equipment.

One of the items in the contract called for 26 steel typewriter desks. Subsequent to the execution of the contract, the Fire Department requested 10 additional desks to match those in the contract.

The Boston Desk Company has these desks available and is willing to deliver them at the same price as their contract price despite the fact that the price of steel is considerably higher. Authority is therefore requested to award a contract, without public advertisement, to Boston Desk Company for the steel typewriter desks at a price of \$149.89 each. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$1,498.90, less one quarter of 1 per cent cash discount, date of payment.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

POLICE DEPARTMENT ORDERS.

General Order No. 1518.

The resignation of Patrolman Robert E. Fitzgerald of Division 19, having been presented, it is hereby accepted, to take effect as of Tuesday, September 11, 1951, at 5.45 o'clock P.M., seven days' notice waived.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

CHANGES IN CONTRACTS.

HOSPITAL DEPARTMENT.

M. Solimando has been ordered to make the following changes in the contract dated August 7 for additions and alterations to Dowling Building, Boston City Hospital:

Additional work in X-Ray Operating Room, covering tearing out and replacing plaster and acoustical tile ceilings, additional electrical work, relocating electrical work already installed, to meet changes required by the General Electric X-Ray Equipment.

JOHN V. STAPLETON,
Chief of Department.

General Order No. 38.

I. JIMMY FUND CAMPAIGN.

The following letter has been received from his Honor, Mayor John B. Hynes, concerning the 1951 "Jimmy Fund" Campaign:

The "Jimmy Fund" Campaign for 1951 is now on. As you know, money raised for this fund is for the construction of a Cancer Research Building, attached to the Children's Hospital, here in Boston.

From my own personal knowledge, tremendous work is being done at the Children's Hospital to find a cure for the terrible disease, cancer, which hits so many children in their early years. I have given an appropriation out of the Mayor's Field Day Fund for this purpose.

I would be personally grateful if the officials and employees of the city would drop into one of the envelopes furnished for the purpose any small change, or any amount of money, that can be spared. I can assure all my fellow employees that whatever is given for this purpose will be used to the very best advantage.

Cancer is a terrible scourge, and more so when it strikes children. I am sure each of us would like to help, even in a small way, to find a cure for this awful disease.

Mr. Daniel Driscoll, the City Treasurer, will be the chairman of the fund raised by city employees. I request all department heads to forward the contributions to Mr. Driscoll.

Respectfully,

JOHN B. HYNES, Mayor.

It is realized that many appeals have been made recently to members of the department in the interest of worthy causes; however, there is no question as to the need of the "Jimmy Fund."

Company commanders will place all contributions received from members in the envelopes issued with this order, and return same to John J. Walsh, in the Fire Commissioner's office, on or before September 25, 1951. Deliveries to Headquarters can be made on any weekday except Saturdays, and must be made between 9 A.M. and 11 A.M.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

General Order No. 39.

I. PROMOTION.

The following promotion, which will become effective at 8 A.M., Wednesday, September 12, 1951, is hereby announced:

Operator (Military Substitute) Robert L. Sullivan, Fire Alarm Division, to operator.

II. RETURN TO DUTY.

The following-named who was granted leave of absence August 31, 1950, in order to serve in the U. S. Air Force has been discharged from the Air Force and returned to duty in the department, effective at 8 A.M., Friday, September 7, 1951:

Hoseman Francis C. Murphy, Engine Company 12.

III. INSTALLATION OF FIRE ALARM BOXES.

PROCEEDINGS OF CITY COUNCIL.

Monday, August 27, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor Banks.

The Reverend James H. Doyle of St. Patrick's Roman Catholic Church, Roxbury, was escorted to the rostrum.

INVOCATION BY REV. JAMES H. DOYLE.

We pray to Thee, O Almighty God, to bless those who are here gathered, that we may live noble and useful lives; bless our memories, that we may ever recollect Thee; bless our understanding, that we may ever think of Thee; bless our efforts to prove worthy of the sacred responsibilities which have been entrusted to us. O Lord, give us victory not alone in the might of our arms, but in the righteousness of our cause, in the binding of all wounds, the healing of all grievances, the elimination of all injustices, the submission of all wills to Thy Holy Will, and deign to hear the petition which Thy Divine Son taught us: Our Father, who art in Heaven, hallowed be Thy name, Thy Kingdom come, Thy will be done on earth as it is in Heaven. Give us this day our daily bread and forgive us our trespasses as we forgive those who trespass against us, and lead us not into temptation but deliver us from evil. Amen.

The salute to the Flag was given by the members.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Constables, with authority to serve civil process upon filing of bond, for the term ending April 30, 1952: Michael John Perroni, 63 Leonard street, Dorchester, and James Joseph Gannon, 45 Compton street, Boston.

TRAFFIC IMPROVEMENTS, SPAULDING STREET, WARD 16.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of July 9, 1951, requesting the installation of "Children — Go Slow" signs at the end of Spaulding street, Ward 16, and also making Spaulding street a one-way street.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
August 6, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Re: Council Order Dated July 9, 1951, Requesting "Children — Go Slow" Signs at the End of Spaulding Street and Making Spaulding Street a One-Way Street.

Dear Sir:
In reply to above Council order, please be advised that at a meeting of the Traffic Commission, dated August 2, it was voted to make Spaulding street one way from Train street to Daly street.

On July 27 four "Slow" signs were painted in the roadway of Daly street and Spaulding street.
Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

Placed on file.

WILTSHIRE AND HATHERLY ROADS ONE WAY.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of May 7, 1951, requesting that Wiltshire and Hatherly roads be made one way for the safety of the children in that district.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,

August 9, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to the Council order of May 7 requesting that Wiltshire road and Hatherly road be made one way for the safety of the children in the district, a study of this area indicates that both streets are residential but not subject to through traffic. There is a steep grade appearing on these streets which must be given consideration in icy weather, and therefore, in an effort to suit the convenience of the residents who use this street, we would welcome an expression of preference from the councilor after he has talked with the residents to determine in which direction these streets should be made one way.

The matter of access to driveways and homes should be given special consideration, with the knowledge that there may be some inconvenience resulting to the residents during the winter months under snow and ice conditions if the street is made one way.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.
Placed on file.

TRAFFIC LIGHTS AND SIGNS AT FANEUIL AND MARKET STREETS.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of July 23, 1951, requesting the making of a survey to determine the advisability of installation of a pedestrian traffic light at the corner of Faneuil and Market streets, Ward 22, and also placing "Slow" signs and crosswalks at Faneuil street adjacent to the Faneuil Housing Project and McKinney Playground.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
August 6, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Re: Council Order Dated July 23, 1951, Requesting a Survey to Determine the Advisability of Installing a Pedestrian Traffic Light at the Corner of Faneuil and Market Streets and also Placing "Slow" Signs and Crosswalks at Faneuil Street Adjacent to the Faneuil Housing Project and McKinney Playground.

Dear Sir:
In reply to above Council order please be advised at a meeting of the Traffic Commission on August 2 it was voted to place the intersection of Faneuil and Market streets on our proposed list of pedestrian push-button signal installations.

Orders have been issued to paint crosswalks in Faneuil street from the housing project to McKinney Playground and to paint "Slow" signs in the roadway of Faneuil street at all important intersections.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of July 30, 1951, requesting the making of Templeton street, Dorchester, one way in order to alleviate the congestion now in existence on this street.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
August 3, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order dated July 30, 1951, I wish to report that at a meeting of this Commission held on August 2, 1951, it was voted to make Templeton street one way from Dorchester avenue to Florida street.

The necessary signs will be placed within a short time.

Respectfully yours,

SIREN-EQUIPPED MOTOR VEHICLES.

The following was received:

Office of the Mayor, August 6, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Corporation Council relative to your order of May 21, 1951, requesting that an ordinance be prepared to provide proper penalties for vehicular traffic which fails to stop and pull to the side of the road at the approach of a vehicle with a sounding siren.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Law Department, July 16, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
On May 24, 1951, you transmitted to me the following order passed by the City Council three days before:

"Ordered, That his Honor the Mayor direct the Corporation Counsel to prepare a city ordinance to provide proper penalties for vehicular traffic which fails to stop and pull to the side of the road at the approach of a vehicle with a sounding siren."

The action of vehicular traffic upon the approach of a vehicle with a sounding siren cannot properly be made the subject matter of an ordinance, for under St. 1929, c. 263, s. 2, as amended by St. 1950, c. 78, s. 1, the Boston Traffic Commission has "exclusive authority . . . to adopt, amend, alter and repeal rules and regulations . . . relative to vehicular street traffic in the city, and to the movement, stopping or standing

of vehicles on, and their exclusion from, all or any streets, ways, highways, roads and parkways, under the control of the city." (Underseering supplied.) Accordingly, I respectfully suggest that the above-quoted order be referred to the Boston Traffic Commission for consideration.

Respectfully,
WILLIAM L. BAXTER,
Corporation Counsel.

Boston Traffic Commission,
August 8, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:
With reference to City Council order of May 21, 1951, requesting that an ordinance be prepared to provide proper penalties for vehicular traffic which fails to stop and pull to the side of the road at the approach of a vehicle with a sounding siren, I wish to report that chapter 89, sections 7 and 7a of the General Laws, covers the requirements imposed on motorists with regard to their conduct when fire apparatus and other emergency vehicles are approaching.

It is doubtful that this Commission can adopt a regulation which will qualify for the General Law. Furthermore, it is desirable that traffic regulations should be uniform within the confines of the state, and, if various local communities have different regulations, the enforcement problem becomes complicated.

A further factor to be noted is that many unofficial vehicles are equipped with sirens, so that even if it were legally possible for this Commission to make the regulation, difficulties would arise due to the number of such vehicles using the streets and sounding their sirens for personal convenience rather than for emergency operations. If it is the desire of the Council to further deal with this subject, I believe that the Law Department should be consulted with a view to submitting a proposed regulation or ordinance which might be effective and consistent with the state law.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

PUBLIC LIBRARY CAFETERIA.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Director of the Boston Public Library relative to your order of April 9, 1951, requesting a conference regarding the cafeteria situation at the library, which doesn't pay anything for the space to the City of Boston; yet the city maintains it by cleaning the premises without any compensation.

Respectfully,
J. B. HYNES, Mayor.

Trustees of the Boston Public Library of the
City of Boston,
August 6, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:
Some weeks ago the City Council passed an order requesting his Honor the Mayor to confer with the Boston Public Library Trustees regarding the cafeteria at the Library. The order stated that nothing is paid for the use of the space to the City of Boston; yet the city maintains it by cleaning the premises without any compensation.

The background of the situation is the following. Well over a year ago the Boston Public Library Professional Staff Association, with a membership of well over 400 members of the Library staff, asked permission of the Trustees of the Library to maintain a cafeteria for the use of the members of the Library staff. The Trustees granted permission to them for the period of one year from the date of opening the cafeteria, and eventually made a small space in the rear of the Central Library Building in Copley square available for the purpose, providing a counter and equipment as well as chairs and tables for the purpose. Included for the period of the first year of operation was, in addition to the use of the premises, the provision of light, heat, and water, as well as cleaning.

In granting permission to undertake the operation of such a cafeteria, the Trustees of the Library left the full responsibility for making arrangements for operation to the Boston Public Library Professional Staff Association. The latter engaged the services of a concessionaire for the purpose, after having obtained proposals from several individuals interested in the operation of the concession, which proposals included schedules of the prices to be charged for the food to be made available. From these several proposals the Professional Staff Association chose the individual with the lowest prices. In submitting bids all individuals, however, had been told that it was desired to keep the prices of the food at the lowest possible level, and in any case at terms which would be more favorable for employees of the Library than would have to be paid by them elsewhere. To make this possible it was agreed that no fee would be paid by the concessionaire for the use of the facilities and the premises, but that instead the price level was to be kept correspondingly low in the prices to be charged to the employees of the Library for food purchased in the cafeteria. It is

on this basis that the cafeteria has been in operation since approximately December 1, 1950. The first year of operation will thus end in the latter part of November, 1951, at which time there will be reviewed the complete situation.

In the original instance the request for operating such a cafeteria came from the Boston Public Library Professional Staff Association. It took the initiative in the matter, and it agreed itself to operate the cafeteria. No other group in the Library did so, and accordingly the Trustees of the Library were willing to grant the permission to the Professional Staff Association for the first year of operation. Subsequently there has come into being another organization of employees in the Library, particularly among the buildings maintenance force. This group, the Boston Public Library Maintenance Employees Local Union No. 1314, has expressed interest in participating in the operation. The Trustees of the Library have indicated to them that, in the early autumn of 1951, when the entire situation concerning the cafeteria is under review, there will be consideration given to enlarging the participation in the operation of the cafeteria.

The Trustees of the Library will undoubtedly wish to make it possible for the employees of the Library to have the benefit of the lowest possible prices for food purchased by them in the cafeteria. They will therefore wish to give consideration once again to having the operation confided into the hands of a concessionaire who will provide the lowest level of prices possible. Presumably this can be done once again by not requiring the payment of a fee for the concession, with the understanding that the concessionaire will provide food at prices correspondingly lower as a result. The cafeteria is not for public use, but only by members of the Library staff, particularly in connection with their noon meals, and for those who have to be on duty in the evening through the provision of an evening meal as well.

If there is further information which is desired, we shall be glad to attempt to provide such.

Yours sincerely,
(Signed) MILTON H. LORD, Director.

EXAMINATION OF CERTAIN PROPERTIES SOLD BY REAL ESTATE COMMISSIONERS.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the Board of Real Estate Commissioners relative to your order of July 9, 1951, requesting that it be prohibited from the selling of houses that are boarded up and where the buyers are unable to examine the inside of the building; also that false representations of any sale be declared void and the money be returned to the buyer.

Respectfully,
JOHN B. HYNES, Mayor.

City of Boston,
Real Estate Commission, August 7, 1951.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Re: City Council Order of July 9, 1951, Requesting That the Real Estate Commission Be Prohibited from Selling Houses That Are Boarded Up and Where the Buyers Are Unable to Examine the Inside of the Buildings; Also That False Representations of Any Sale Be Declared Void and the Money Be Returned to the Buyer.

Dear Mr. Shannon:
Regarding the above-captioned City Council order, please be advised that the Board of Real Estate Commissioners and its auctioneer have been scrupulously careful not to make any false representations when offering property for sale. People who have requested the privilege of entering boarded-up buildings prior to the date of the sale have been given such permission.

It is necessary that most of the buildings that come within our jurisdiction be boarded up in order to prevent vandalism of a very serious nature. After boarding said buildings, if we are prevented from selling same, the department would not be complying with the statutory provisions of selling such property that came into our possession by foreclosure of tax titles.

In the past year and a half, although the Board has sold hundreds of parcels of land and many structures to the highest bidder at public auction, we have not been criticized by the purchasers because of our method of disposing of these lands and structures.

Very truly yours,
HERMAN CARP, Chairman.

REPORT OF FINANCE COMMISSION ON 1951 TAX RATE.

The following was received:

The Finance Commission of the City of Boston,
August 15, 1951.
To the Honorable the Mayor and City Council.

Gentlemen:
It is the annual policy of the Finance Commission to place on the record its analysis of the tax

computations. This analysis is deferred until all the figures involved are definitely and finally fixed. It requires some time after the rate has been declared to discover and correct excusable errors in the computations and to make the necessary adjustments. The figures contained herein are, therefore, the figures finally adopted by the Board of Assessors and furnished by officials of that department to the Finance Commission.

The 1951 tax rate is now history. Fixing it at \$62.80, or 20 cents lower than the rate fixed in 1950, was a welcome relief to the many who had been led to believe that it might be \$70. It would have been little short of a disaster had such a rate been fixed.

The taxpayers today have been accustomed to see one administration after another take advantage of every opportunity to manipulate the figures in order that the rate might be determined at a lower level than might seem to have been justifiable. Such manipulation has been the annual custom now for so long that most taxpayers do not become exercised over it. They see only that a substantial increase is avoided, however it may have been accomplished, and they are gratified thereby.

In the 1951 rate computations there is no evidence of the questionable practices of other years. Nevertheless there are two big questions about the 1951 rate which only time can answer. The first relates to the assessable valuations. Undoubtedly the gap is smaller now between the fair market value, as reasoned from sales experience, and the assessed valuation, particularly of commercial and industrial property. However, the volume of dissatisfaction with the assessed valuations as shown in the appeals to the Appellate Tax Board for lower valuations is now approximately as great as at any time in the last decade. This is evidenced by the fact that the number of appeals to the State Board for reduction of valuations which were filed from Boston alone was 1,500 greater in the year ending June 30, 1951, than in the year which ended June 30, 1950.

High valuations make possible a lower rate, but in the end the tax assessment remains the same.

The second question concerning the rate relates to the revenues and income figures, which are the chief offset to the expenditure requirements. With a statutory limitation on the amount the city, of itself, can estimate the departmental revenues (said estimate being used in the tax rate computations), one administration after another has placed this figure at the highest notch allowable under the law. Subsequent events, i.e., the subsequent assembling of the figures of actual yield, have usually enabled the city to justify the high estimates, though at tax rate determination time in each year, there has been little more than a hope that the figure used was not too high.

In 1951 the estimate of departmental revenue, for which the city alone is responsible, was figured as high as the law allows, and as usual there is some misgiving that it can be realized. Furthermore, the State Tax Commissioner authorized the city to use an estimate of income from the State \$6,000,000 greater than he certified in February, 1951 as the probable Boston share of this income. This largess was the principal means by which the city rate became lower in 1951 than in 1950.

The total of estimated expenses, which is the big item in the computations, was approximately \$6,000,000 more in 1951 than in 1950. The increase in the total of estimated revenues almost exactly bridged the gap. The total of assessed valuations remained approximately at the 1950 level. This ordinarily is considered a meritorious accomplishment.

One of the heartening disclosures of the computations is that, in 1951 as in 1950, the city is on a "pay-as-you-go" basis. There is no borrowing in 1951 to meet current expense requirements. There is, therefore, no postponing of payment of bills incurred in this fiscal year to some subsequent period when "somebody else" would have to assume the burden. One of the burdens in 1951, and for several years to come, is the necessity to pay \$2,000,000 to wipe out a \$12,000,000 debt incurred on account of excesses in valuation determinations in the 1940's.

There are therefore two big "ifs" about the 1951 tax rate. If valuations as fixed prevail against present efforts to reduce them, so far as city responsibility is concerned the 1951 rate may be said to be a fair one, and no criticism of its action can be leveled fairly against this year's administration.

If the income from the state does not come up to the expectation of the State Tax Commissioner at the time the rate was determined, the rate will have proven inadequate to the extent of the deficiency in the state income. However, the responsibility for any deficiency will not be upon the city administrators. The estimate for tax computation purposes of the city's yield from state sources must be what the State Tax Commissioner certifies. The city has no recourse from the decision of that official.

Nevertheless, if there is a deficiency, it will be the city which will pay for a too liberal estimate. In this connection it is well to point out that, in 1950, the State Tax Commissioner's estimate of the total available for municipalities was approximately \$14,000,000 more than was subsequently collected. Boston's share of this over-

estimate was \$3,000,000, and it was the cause of a cash deficit of approximately that amount in city accounts at the end of 1950.

Before citing the sources of revenue and the projected expenditures, it may be profitable to outline briefly the mechanics of the computation of the rate. From the total requirements for the city and county governments plus the state warrants there is subtracted all the revenues expected from city departments and the income expected from the state. The result of this subtraction is the first figure of the levy on property owners. A sum called "overlay — current year" is added to serve as a cushion principally to

absorb the refunds on account of abatement of taxes. The result is the final amount to be raised by property taxation, and is known as the tax levy.

Meanwhile, the assessors determine the assessable valuation of the real and personal property in the city. The tax levy figure is divided by the number of thousands of dollars of valuation of assessable property, and the result is the tax rate per \$1,000 of valuation.

The first figures of importance are the expenditure requirements. They are contained in the following table in detail of its principal classifications.

TABLE I. — WARRANTS AND APPROPRIATIONS.

"City Maintenance Requirements" includes Pensions and Annuities of \$2,675,536 for 1951, and \$2,423,131.19 for 1950.

The items in Table I may be grouped broadly into six categories:

1. City, county, and school administration requirements.
2. Debt requirements.
3. Pension and retirement requirements.
4. Overlay deficit requirements.
5. Metropolitan Transit Authority requirements.
6. Metropolitan District Commission and State assessment requirements.

1. CITY, COUNTY, AND SCHOOL ADMINISTRATION. There was an increase of approximately \$6,000,000 in city maintenance requirements. The details of this increase are given at a later point in this report, under detail of appropriations. The total of them is an ever-increasing item.

County maintenance requirements are largely for personnel. Salary increases account for the increase in appropriations in this category.

In view of the difficulties, much publicized, in the way of financing the 1951 public school needs, it will be surprising to many to realize that total school appropriations for 1951 reflect a net decrease of approximately \$250,000 from the 1950 figure. However, appropriations for those activities entirely controlled by the School Committee increased by \$620,839. This increase was due to the increased cost of salaries to teachers and other employees, the inauguration of the 40-hour week for custodians of school buildings, and the higher cost of supplies.

However, one factor which kept the appropriations for school purposes from going even higher was the change in financing lunchroom program, which has become a very important item of school expense. Under chapter 417, Acts of 1950, lunchroom disbursements are to be met from receipts of the program. This eliminates an appropriation for this purpose in the budget. A deficit appropriation of \$189,000 has been made in 1951 to meet an expected gap between disbursements and receipts. In 1950, \$725,627 was appropriated for the lunchroom program. Although this represents a comparative saving in appropriations, it also represents a corresponding loss in estimated revenue.

2. DEBT REQUIREMENTS. Of the three types of debt (school, city, and county) the most significant, in amount of change, is that of city debt. The amount of this paid off in 1951 is approximately \$300,000 less than in 1950; and yet the requirements in 1951 have risen approximately \$483,000. The latter increase is due to the fact that the credits applicable to debt requirements were reduced by about \$770,000 in 1951.

3. PENSION AND RETIREMENT REQUIREMENTS. This item is the product of the operation of law and actuarial computation; moreover, it varies

from year to year. If all the items relating to pensions and annuities: (viz., Pensions and Annuities, Pension Accumulation, and State-Boston Retirement) are grouped together for comparative purposes in these two years, it will be seen that the total for 1950 was \$4,635,544, and for 1951 is \$4,558,541.

4. OVERLAY FUNDING ACCOUNT. This \$2,000,000 item is the annual payment by the city of borrowings made under the provisions of the Overlay Retirement Funding Account, Acts of 1950, which authorized the funding of the total overlay deficit, inherited by the present administration. This inheritance approximated \$12,000,000 at the end of 1949. It represented the accumulation of the amounts by which the yearly overlay failed to meet the tax abatements granted for several years.

5. METROPOLITAN TRANSIT AUTHORITY. This item is the amount which must be raised in 1951 to meet the operating deficit of the year 1950. Although it is less than the amount of the corresponding item in the previous year, the deficit currently developing for 1951 is expected to be many times this amount.

The other M.T.A. item in the 1951 requirements is the city's share of the charge on all the cities and towns in the transit district incurred when the M.T.A. took over the city's subway properties under the 1949 Act.

Besides this debt, there is also included in the computations an item to provide for Boston Elevated Railway annual deficits, which had accumulated over several years before the state purchase of the railway and were, under the statute, the obligation of the municipalities of the Metropolitan Transit District. In 1949 the Legislature authorized each municipality to fund its share of these deficits. Boston borrowed \$10,150,000 and will make annual payments of \$1,015,000 through 1959 for this purpose. This amount is included in the city's debt requirements mentioned previously.

6. METROPOLITAN DISTRICT COMMISSION AND STATE ASSESSMENTS. Provision for state assessments in 1951 is just about double that for 1950. The items in this category include State Audit of Municipal Accounts, State Examination of Retirement System, and Smoke Inspection Service. In 1951 Boston must appropriate for its share of these services as well as meet an additional \$52,000 assessment for the Youth Service Board. The last item represents most of the 1951 increase in state assessments.

In the case of Metropolitan District Commission charges, there was relatively little change from the 1950 figure.

The next table supplies the detail by functional requirement figures.

City — General Maintenance.

In the foregoing table the item "General Purposes (City)" refers to those departments not otherwise identified, which are largely the staff departments of the city.

There is a \$6,106,472 increase in 1951 appropriations over those for 1950 for city, school, and county purposes. Approximately \$5,400,000 of this increase is attributed to increased appropriation for city departments. A \$260 pay raise given every city employee accounts for \$2,253,800 of it. It is important to record that this increase will cover only seven months in 1951, since it was given in June. Approximately \$4,500,000 of the \$5,400,000 increase referred to are found in four departments: Fire (\$969,787), Hospital (\$1,217,757), Police (\$1,840,432), and Public Works (\$406,402).

The appropriation for personal service is important. In the Police Department this item rose by \$1,273,800, due chiefly to the inauguration of the five-day work week; in the Fire Department it is \$543,500; and in the Hospital Department it is \$353,500. In the last named department, there was, in addition, an increase of \$550,575 in Supplies and Materials, a reflection of rising costs.

CREDITS AND DEDUCTIONS.

In determining the tax rate the total figure used under the heading of Credits and Deductions is the second of major importance in the computations. It is the figure of expected revenues and income, other than local taxes, and is the chief offset to the expenditure requirements. The items which make up the total are all estimates. The following table shows them for what they are in 1951 in comparison with 1950; it reveals also the source of the estimate:

TABLE III.—CREDITS AND DEDUCTIONS.

	1950	1951
Estimated Receipts (City Auditor)	\$16,942,962 65	\$19,373,000 00
Educational Income (Schools)	2,670,497 89	1,753,039 88
Income Tax (State)	5,541,858 17	4,339,772 84
Corporation Tax (State)	6,262,323 81	4,106,309 70
State-owned Lands (State)	200,033 97	216,207 48
Motor Excise (City Auditor)	2,000,000 00	3,700,000 00
Old Age—Meals (State)	283,461 47	293,127 30
Gas and Electric Franchise	36 01	33 82
Additional Receipts (State Tax Commissioner)	—	6,000,000 00
	\$33,903,173 97	\$39,781,491 02
Poll Tax (not included in above table)	508,116 00	499,994 00

The first item of the foregoing table naturally carries the greatest weight. In the first instance, it is the estimate of the City Auditor, which he bases on information furnished him principally by the various departments of the city. However, the assessors have the final decision as to what figure will be used. Hence in years when the

tax rate can not be otherwise kept in control, this item is occasionally quite different in the rate computations than it was when certified by the auditor.

In 1951 the auditor's determination was accepted.

SUPERVISION BY HEALTH COMMISSIONER OF EXCAVATION AT CALF PASTURE HOUSING PROJECT SITE.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Health Commissioner relative to your order of July 16, 1951, requesting that the excavation of the foundation at the new Calf Pasture Housing Project site be supervised; also the dumping at the Calf Pasture.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Health Department, August 16, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:
Your communication of July 18, 1951, enclosing copy of City Council order requesting that the excavation of the foundations of the new Calf Pasture Housing Project site be supervised, as well as dumping at the Calf Pasture.

The Boston Health Department is constantly supervising dumping in the Calf Pasture area in South Boston. Likewise, the department has made repeated investigations in connection with the excavation above referred to, including conferences with the Boston Housing Authority, the Coleman Construction Company, and the Coleman Disposal Company. Conferences have also been held with the Chairman of the Metropolitan District Commission relative to contamination of beaches in the South Boston area.

At present, excavating has been restricted to an area which causes, at the present time, no disagreeable odors, and dumping at the water's edge has been temporarily discontinued.

The Health Department will continue to supervise the area and take any necessary action to prevent contamination of the waters of Boston Harbor and the beaches within the city as well as to prevent nuisances caused by disagreeable odors.

Yours respectfully,
JOHN H. CAULEY, M.D.,
Health Commissioner.

ARRANGING CITY COUNCIL CHAMBER FOR NINE-MAN COUNCIL.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Superintendent of Public Buildings relative to your order of August 6, 1951, requesting that necessary steps be taken with the Superintendent of Public Buildings in arranging the City Council Chamber for the new nine-man Council, and also for their individual offices.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Buildings Department,
August 14, 1951.

Thomas J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
Relative to City Council order of August 6, 1951, requesting that necessary steps be taken with the Superintendent of Public Buildings in arranging the City Council Chamber for the new nine-man Council, and also for their individual offices, I wish to report as follows:

It is my intention to make a survey of the Council Chamber relative to the needs of the new Council under the Plan A system. It will be made in conjunction with our department inspectors and the City Messenger.

Very truly yours,
GEORGE P. DONOVAN,
Superintendent of Public Buildings.

Placed on file.

NAMING OF SQUARE IN HONOR OF JOHN F. SULLIVAN.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Secretary to the Board of Street Commissioners relative to your order of July 30, 1951, requesting them to recommend the naming of the square at the junction of Monastery road and Washington street, Ward 21, in honor of Lieut. John F. Sullivan, United States Army Air Corps, who was killed in India on September 25, 1943.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
August 8, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Dear Sir:

I acknowledge for the Chairman of the Committee to Memorialize Veterans receipt of your communication of August 1 and order of Councilor Lane, requesting that the square at the junction of Monastery road and Washington street, Ward 21, be named in honor of John F. Sullivan.

I beg to advise that the next meeting of the committee is scheduled to be held in October, at which time this request will be given every consideration.

Very truly yours,

L. W. COSTELLO, Secretary.

Placed on file.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1951.
To the City Council.

Gentlemen:
I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$20,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1951 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$183,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$20,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, August 17, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$20,000, which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$20,000

When making up the budget estimates for the year 1951, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1951, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,

FRANK R. KELLEY, Chairman.

Ordered, That the sum of twenty thousand dollars (\$20,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$20,000

Referred to Committee on Parkman Fund.

NOTICES OF HEARINGS.

Notices were received from the Department of Public Utilities of hearings, to be held in its hearing room, as follows:

On August 23, 1951, at 10 A.M., on petition of Plymouth & Brockton Street Railway for certificate of public convenience and necessity for operation over certain streets.

On September 4, 1951, at 10 A.M., on petition of Boston and Maine Railroad for permission to file on less than statutory notice schedules increasing rates on commutation and certain other tickets.

On September 24, 1951, at 10 A.M., on petition of New York Central Railroad Company, lessee of the Boston & Albany Railroad, on petition for permission to file on less than statutory notice schedules of rates for increased changes in all forms of commutation tickets.

Severally placed on file.

1951 TAX RATE.—Concluded.

(Continued from page 1023.)

Because of its significance in the picture, and to show where the city expects to earn revenue in 1951, a detailed breakdown of the total is interesting. It follows:

TABLE IV.—DEPARTMENTAL RECEIPTS.

CONCLUSION OF COMPUTATION.

The difference between "Credits and Deductions" and "Warrants and Appropriations" having produced the figure for "Net Requirements," the calculation of the rate proceeds as follows:

	1950	1951
Net Requirements Before Adding Overlay	\$96,369,530 10	\$96,263,509 26
Overlay 3 Per Cent	2,891,085 90	2,880,212 74
Amount to Be Raised by Taxation on Real and Personal Property and Polls	99,260,616 00	99,143,722 00
Poll Tax	508,116 00	499,994 00
Amount to Be Raised by Taxation on Real and Personal Property	98,752,500 00	98,643,728 00
Assessed Valuation	1,567,500,000 00	1,570,760,000 00
Tax Rate	\$63 00	\$62 80

Overlay — Current Year.

This amount represented the 3 per cent added to the tax levy for 1951 to provide for any abatements granted on the assessment for this year. If the experience of 1950 is any criterion, the city will probably stay within this limit. As of May 31, 1951, there was a balance of \$437,253 in the 1950 overlay account. The figure, of course, may be affected adversely by the decisions of the Appellate Tax Board on appeals made by taxpayers from their 1950 assessments. The dollar value of petitions still before the board is not available.

Three other items of the Credits and Deductions table merit comment.

Motor Excise Tax.

Here the anticipated revenue for 1951 exceeds the 1950 figure by \$1,700,000, an increase of 85 per cent. This sharp rise is attributable to several factors: the increased volume of automobile registrations, the increased list prices of cars, and the increase in excise rates.

Educational Income.

As previously indicated, the change in financing the lunchroom program greatly reduces the educational income for 1951. The bulk of it is derived from federal and state aid and tuitions. These, together with unexpended balances from 1950, represent the 1951 educational income figure. Although it is estimated that the state will contribute \$1,809,533, an increase of \$270,530 over 1950, in school aid, under chapter 643 of Acts of 1948, this amount is not available for appropriation and must be used only to reduce the amount to be raised by taxation for the support of schools.

State Income Tax and State Corporation Tax.

The yield to the city in this category is a decisive factor in the tax rate. It is particularly so this year. Whereas the total 1950 estimated receipts from this source were \$11,804,182, the 1951 estimate is \$14,446,083. An unexpected allowance by the State Tax Commissioner of additional receipts of \$6,000,000 materially affected the tax rate and prevented a substantial rise.

TOTAL PROPERTY VALUATION.

The total 1951 valuation figure shows little change from that of 1950, a reflection of the policy of the administration which was declared last year; the policy contemplated the gradual and eventual reduction of total valuations in the direction of a realistic level. One effect of such a policy is to discourage abatements of taxes at City Hall. The success of this policy with respect to abatements appears in the substantial balance in the 1950 overlay account of \$437,253.

This new policy resulted, however, in an increased volume of petitions before the Massa-

chusetts Appellate Tax Board; 4,526 cases were entered before that Board up to June 30, 1951 (the end of the Board's fiscal year). This represents an increase of 1,460 cases over the previous year. It is not known how many 1950 cases (appeals from 1950 assessments) have been decided by the Appellate Tax Board; but if any have been decided in favor of the petitioner, this amount is charged against the balance in the 1950 overlay account.

The property valuations by wards follow:

TABLE V.

WARD.	PERSONAL PROPERTY.		REAL PROPERTY.	
	1950	1951	1950	1951
1	\$1,197,000	\$1,231,500	\$43,259,700	\$43,470,300
2	648,200	679,300	33,596,900	33,380,300
3	86,957,100	87,306,000	450,423,000	450,015,100
4	1,017,200	1,037,600	102,611,800	101,688,600
5	34,450,800	33,833,100	168,408,400	168,263,200

15	354,300	405,500	20,557,600	20,706,400
16	756,800	797,200	33,910,700	34,185,100
17	477,600	521,200	33,526,200	33,691,900
18	1,311,800	1,401,300	48,195,000	48,931,500
19	669,300	650,600	32,025,400	32,159,800
20	584,300	568,400	52,976,000	53,552,300
21	867,800	838,500	74,803,200	74,949,600
22	876,400	819,300	45,116,700	46,150,300
Total	\$137,600,000	\$137,573,200	\$1,429,900,000	\$1,433,186,800

A significant feature in the real property valuation picture is the development in the higher-numbered wards of the city.

Wards 3, 4, and 5, the great tax-producing reservoir of Boston, the so-called downtown section, representing over one half of the total valuation of the city, sustained a combined loss of valuation in 1951 over 1950 of almost \$1,500,000. This continues the downward trend from the peak year of 1930; in the latter year this group of wards represented \$1,036,732,900 in valuation; in 1951 it represents \$719,966,900.

On the other hand, the valuation of Ward 22 in Brighton increased by \$1,033,600 in 1951 over 1950; its valuation in 1930 was \$40,684,800; today it is \$46,150,300.

The same phenomenon is true of Ward 20 in West Roxbury and Ward 18 in Hyde Park. The increase of \$576,300 in 1951 over 1950 in Ward 20 brings the present valuation to \$53,552,300; its valuation in 1930 was \$45,443,600.

The 1951 increase of \$736,500 in Ward 18 brings its valuation to \$48,931,500; this compares with its 1930 valuation of \$43,118,400.

SALE OF VESSEL "JAMES M. CURLEY."

The following was received:

City of Boston,

Office of the Mayor, August 7, 1951.

To the City Council.

Gentlemen:

The Long Island Viaduct, connecting the mainland with Long Island, is now officially in use. As a

consequence of the opening of this viaduct, it will no longer be necessary to maintain or operate a vessel.

Therefore, and at the request of the Commissioner of Institutions, authority is requested of your Honorable Body to sell the Institution's vessel "James M. Curley" at public auction, at an upset price of \$25,000.

I most respectfully request passage of the accompanying order authorizing such sale.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Institutions Department, August 6, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

Because of the opening of the Long Island Viaduct on August 4, 1951, the boat service to Long Island by the Institutions Department vessel "James M. Curley" is no longer needed. It has the following specifications:

Engine, one 1,200 h.p. superior Diesel; gross tonnage, 317; over-all length, 124 feet; length at the water line, 126.8 feet; beam, 28; draft, light, 12; draft, loaded, 16.

This vessel was built by the Northeast Shipbuilding Company at Quincy for the War Department, Washington, D.C. It was bought by the Institutions Department on April 24, 1946, as surplus property from the United States Government. It is an established fact that vessels tied to a wharf and not in use deteriorate rapidly.

Therefore, I request permission to prepare advertising immediately, and to auction this vessel at public auction for a sum no less than \$25,000.

Respectfully yours,

JOHN R. MCGILLIVRAY, Commissioner.

Ordered, That the Commissioner of Institutions be, and hereby is, authorized to sell at public

auction, at an upset price of twenty-five thousand dollars (\$25,000), the steamer "James M. Curley," no longer needed for public purposes.

Referred to the Executive Committee.

TRANSFER OF APPROPRIATION TO SPECIAL APPROPRIATION, SNOW REMOVAL.

The following was received:

City of Boston,

Office of the Mayor, August 13, 1951.

To the City Council.

Gentlemen:

I submit herewith an order transferring \$125,000 from the appropriation for reconstruction of streets to the appropriation for snow removal.

This transfer is necessary because the budget allowance for this year of \$300,000 is insufficient to provide for the amount spent for snow removal so far this year. The city has actually spent \$411,554.58, and, while the estimate in the budget was \$400,000, only \$300,000 was granted by your Honorable Body.

In order that this deficit may be provided for, I most respectfully recommend the passage of the accompanying order.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the Appropriation for Public Works Department, Paving Service, 23-14, Reconstruction of Streets, \$125,000, to the appropriation for Special Appropriation, Snow Removal, \$125,000.

Referred to the Executive Committee.

TRANSFER OF APPROPRIATION FROM RESERVE FUND TO INSTITUTIONS DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, August 27, 1951.

To the City Council.

Gentlemen:

The enclosed request for transfer of appropriation, together with the accompanying order, is forwarded for consideration and adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$4,000, to the appropriation for Institutions Department, Steamers, Contractual Services, \$4,000.

Referred to the Executive Committee.

SALE OF PORTION OF CHARLES RIVER AVENUE, CHARLESTOWN.

On motion of Councilor F. P. TRACEY, the Council voted to take from the table No. 2 on the Calendar, viz.: 2. Order for sale of portion of Charles River avenue, Charlestown, to the Tudor Company.

The question came on giving the order its first reading and passage. The order was passed, yeas 19, nays 2.

Yeas—Councilors Ansel, Beades, Bryan, Cantwell, Chase, Cook, Farin, Hannon, Hurley, Kinsella, Lane, Lanigan, McColgan, McCormack, Ramsey, Shanley, F. P. Tracey, P. A. Tracy, Yerxa—19.

Nays—Councilors Coffey and Wenzler—2.

The order was assigned for 14 days for final action.

EASEMENT IN CITY-OWNED LAND IN WOBURN AND BURLINGTON, MASSACHUSETTS.

Coun. COFFEY called up under unfinished business, No. 1 on the Calendar, viz.:

1. Order to grant right and easement in city-owned land in Woburn and Burlington, Mass., to Northeastern Gas Transmission Company.

On August 6, 1951, the foregoing order was read once and passed, yeas 15, nays 2.

The question came on giving the order its second reading and passage. The order was passed, yeas 15, nays 2.

Yeas—Councilors Beades, Cantwell, Chase, Cook, Farin, Hannon, Hurley, Lane, Lanigan, McColgan, Ramsey, Shanley, F. P. Tracey, P. A. Tracy, Yerxa—15.

PROTESTING REDUCTION IN FEDERAL APPROPRIATIONS FOR CIVIL DEFENSE.

Coun. HURLEY and McCOLGAN offered the following:

Whereas, Greater Boston with its population of two and a half million men, women, and children is of national and international importance as a large manufacturing, commercial, educational railroad, and seaport center, as well as an active naval, military, and defense center through its Navy Yard, Watertown Arsenal, air and military stations; and

Whereas, The explosives at the Arsenal, the Navy Yard, and on ships, together with numerous oil and gas tanks and innumerable other inflammable products added to the concentration of business buildings and extensive areas of wooden buildings, render the whole metropolitan district an especially desirable and vulnerable target for enemy attack; and

Whereas, The Commonwealth of Massachusetts, in combination with the City of Boston and other cities and towns, is giving full collaboration to the federal civil defense program through liberal appropriation of funds, and organizations of local activities by both official agencies and volunteer services; therefore, be it

Resolved, That the City Council of the City of Boston urgently call upon the Congress of the United States to repudiate its parsimonious cutting down by 90 per cent the appropriations for state and city cooperative civil defense work and restore to the original amount the appropriation of \$525,000,000 requested by President Truman and thereby fulfill its constitutional duty and moral responsibility to do its share towards the protection of the lives, safety, and property of the American people in the interest of both national and international security; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States and to the Massachusetts Senators and Representatives.

The resolution was adopted under suspension of the rules.

Adjourned at 4.02 P.M., on motion of Councillor Ramsey, to meet on Monday, September 10, 1951, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

PROPOSALS FOR PLASTERING AND PAINTING ADMINISTRATION BUILDING, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for plastering and painting Administration Building, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees therefor, in the sum of the full amount of the contract price. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison Avenue, Boston, signed by the bidder and left before two o'clock P.M. on Wednesday, September 26, 1951, at the office of the Superintendent, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before the time for opening the bids. The rate per hour to be paid to those who are to be employed under this contract must not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide for insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Plastering and Painting Administration Building, Boston City Hospital."

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH, M.D.,
(Sept. 15.) President.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS IN BOSTONIA AVENUE, WARD 22, FROM BRECK AVENUE TO 292 FEET EAST OF REGAL STREET; FAIRMOUNT AVENUE, WARD 18 (NORTHEASTERLY SIDE), FROM BEACON STREET TO 440 FEET SOUTHEASTERLY; HIGHLAND STREET, WARD 18 (NORTHWESTERLY SIDE), FROM FAIRMOUNT AVENUE TO OPPOSITE POND STREET; PINEDALE ROAD, WARD 18, FROM CANTERBURY STREET TO 658 FEET SOUTHERLY; POND STREET, WARD 18 (WEST SIDE), FROM HIGHLAND STREET TO ABOUT 260 FEET SOUTHERLY; AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARDS 18 AND 22, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Bostonia avenue, Ward 22, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Bostonia Avenue, Ward 22, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, SEPTEMBER 27, 1951, with a certified check for SIX HUNDRED (600) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of the contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR PAINTING STREET SIGNPOSTS, FRAMES, ETC., IN SOUTH BOSTON, EAST BOSTON, CHARLESTOWN, BRIGHTON, JAMAICA PLAIN, ROSLINDALE, DORCHESTER, AND ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for painting street signposts, frames, etc., in South Boston, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Painting Street Signposts, Frames, etc., in South Boston, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, SEPTEMBER 27, 1951, with a certified check for FOUR HUNDRED FIFTY (450) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. All bidders shall be required to hold a certificate of painter's rigger issued by the State Department of Labor and Industries, and no proposal forms will be issued to any applicant who does not show evidence of said certificate. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR JOHN B. HYNES, REPRESENTING HISTORIC BOSTON, PAYS GRACEFUL TRIBUTE TO HISTORIC WILLIAMSBURG, VIRGINIA—DELIVERS ADDRESS, REPRESENTING MAYORS OF CAPITAL CITIES OF THIRTEEN ORIGINAL COLONIES, HONORING LORD MAYOR OF LONDON, ENGLAND, DURING EXERCISES DEDICATING REPLICA OF OLD AMERICA—PRAYS THAT GOD GIVE THE WORLD COURAGE AND FAITH TO PERSEVERE IN THE WAY OF ETERNAL LIGHT, SO THAT DAYS AND YEARS AHEAD MAY BE PEACEFUL AND HAPPY FOR ALL HUMANITY.

MAYOR HYNES SIGNS INTO LAW, AND COUNCIL APPROVES, INCREASES FOR BOSTON'S POLICE AND FIREMEN—INCREASES MEAN ADDITION OF \$1,496,180 TO CITY'S EXPENDITURES FOR YEAR, BUT MAYOR TELLS COUNCIL IN ORDER THAT INCREASES ARE JUSTIFIED—EFFECTIVE ON DECEMBER 1 OF THIS YEAR.

Mayor Hynes, in granting increases to police and firemen, submitted the following order to the City Council for approval:

September 13, 1951.

To the City Council.

GENTLEMEN:

Chapter 665 of the Acts of 1951 having been approved by His Excellency, the Governor, can now be acted upon by the Boston city government. This act pro-

MAYOR INAUGURATES MOVE TO PROVIDE GREATER EMPLOYMENT OPPORTUNITIES FOR PHYSICALLY HANDICAPPED—SETS OCTOBER 7 TO 13 AS WEEK FOR INTENSIVE DRIVE.

Mayor John B. Hynes has opened the Boston drive for greater employment opportunities for the physically handicapped by designating October 7 to 13 as "Employ the Physically Handicapped Week."

The statement stresses "equality of opportunity" for the handicapped and urges Boston employers, civic leaders, and citizens to lend their support to the observance of the week.

Mayor Hynes said he was certain that most of the people in Boston were

(Continued on page 1035.)

In his address at historic Williamsburg, Virginia, Mayor John B. Hynes spoke as follows:

It is my signal honor today to extend to our distinguished visitor from abroad—His Worship, the Lord Mayor of London, England—the warm and friendly greetings of the Honorable Mayors representing the capital cities of the thirteen original American colonies.

Individually and collectively we hail our fellow mayor, although I must confess that we stand in rather subdued awe in the presence of the chief executive of the world's largest city.

In that connection, I might make this trite observation. When any mayor stands in awe, subdued or otherwise, of any other mayor, there must be a strong and compelling reason.

The reason is not, I assure you, that the Lord Mayor of London arouses our envy because he is so proudly arrayed in the splendors of his office. It is not because His Worship is some 3,000 miles away from the cares of state and the importunings of the faithful. It is not because our illustrious guest is from a city where heavy municipal, social, and welfare costs are assumed by a generous and most solicitous government.

Tribute to London.

No, we do not envy or stand in awe of the Lord Mayor of London for any of these reasons, but simply and solely for the reason that before any of the cities of America came into being, long centuries before the Pilgrims set foot on Plymouth Rock in Massachusetts Bay, the great City of London was a flourishing center—a metropolis which has survived to this day, despite storms, and fires, and plagues, and wars.

Our proud cities as represented here today are old, sir, but your city is ancient—if it is not ageless. It has well proved the old maxim of the survival of the fittest.

In the name of each of the mayors of the capital cities of the thirteen original American colonies, I salute you, sir. I salute the venerable world metropolis which you have the great honor, as its first citizen, to represent.

May I also, in the name of all the mayors here present, express appreciation to John D. Rockefeller III, for the opportunity given us to visit this historic spot where the spirit of the early pioneers has been renewed—where the deeds of the early statesmen of this region have been memorialized.

"O, Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

vides for a salary increase to members of the uniformed forces of the Boston Police Department.

On the basis of comparative salaries paid to policemen in various cities of the United States, and on the basis of the salary paid to officers of the Metropolitan District Commission, it would appear

that the increase involved in this legislation is not immoderate.

The cost of this increase for a full year will amount to approximately \$820,640. As customary, like increases in salary will be given to the uniformed members of the Boston Fire Department, so that both of these protective departments of our city may continue to enjoy relatively the same salary scale and working conditions. The total cost for this increase to the uniformed members of the Police and Fire Departments will be approximately \$1,496,180 annually.

These increases in salary will take effect, as provided in the law, on December 1 of this year. I respectfully request that your Honorable Body give approval to this legislation so that we may meet the conditions of the legislation on the day appointed.

Respectfully,
JOHN B. HYNES, Mayor.

aware of the need for rehabilitating and employing disabled veterans and other handicapped persons. "We must see that they have an equal chance for gainful employment," he pointed out. He said, too, that industry and business should make full use of the handicapped workers' immensely valuable assets and abilities.

He urged all unemployed handicapped workers, who had not already done so, to register with the Boston offices of the State Employment Service. He also requested local employers to place their job orders with the State Employment Service "so that disabled veterans and other handicapped workers may prove their value to their country and community."

Mayor Hynes' statement followed similar action by President Truman and Governor Dever earlier this month.

The statement reads as follows: "In mankind's progress through life, some are less fortunate than others in physical strength, stamina, and endurance, due to certain physical handicaps beyond their control.

"They as citizens have a just and rightful place in community life, both

inherently and in the sheer basic economy of the nation; and

"In conformity with Public Law 176 of the 79th Congress of the United States, the City of Boston is designating and observing the first week in October, or from October 7 to 13, as National Employ the Physically Handicapped Week.

"Therefore, I, as Mayor of the City of Boston, call upon all the people in the city, and especially employers, to join with me in pledging ourselves to employ the physically handicapped, on the premise that it is not only good business, but an exemplification of our American way of life."

UTE TO HISTORIC
WILLIAMSBURG, VA.

(Continued from page 1033.)

RICH HISTORICAL LORE.

No state in our union, including my own Commonwealth of Massachusetts, is richer in historical associations than the old Commonwealth of Virginia. No other city in America, including my own City of Boston, is so reminiscent of the charms and the glories of colonial days as the City of Williamsburg.

The past is history. The present is here. The future lies ahead. May God, in His great, good providence, continue

to smile upon the thirteen original colonies, now grown into empires of importance in this union of states. May He continue to smile upon the thirteen capital cities of the old colonies, cities which are now bustling centers of trade and commerce. May He shower extra blessings upon this old capital of Virginia, upon this little replica here in Williamsburg of old America, and upon those responsible for its reconstruction.

May He give to the great City of London—to its Lord Mayor and to its people—and to all of us throughout the world the courage and the faith to persevere in the way of the eternal light, so that the days and the years ahead may be peaceful ones and happy ones for all humanity.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, September 18, 1951.
To All Department Heads.
GENTLEMEN:

You are hereby authorized to grant leave of absence, without loss of pay, to all city employees who are duly elected delegates and alternates of the Marine Corps League, so that they may attend their national convention to be held in Savannah, Georgia, September 19, 20, and 21. Necessary travel time is permitted.

Respectfully,
JOHN B. HYNES, Mayor.

MAYOR PLANS TO RECALL TO DUTY FOR 1951 THE COMMITTEE THAT SPONSORED BOSTON'S CHRISTMAS FESTIVAL OF 1950—200 LEADING BUSINESSMEN TO HANDLE EVENTS.

The Mayor has announced that he will request the committee that sponsored last year's Boston Christmas festival also to serve as the sponsors of the 1951 festival. "They did such an excellent job last year," he said, "that I hope they will favor the city again."

The committee is composed of 200 leading representative Boston businessmen. Harry J. Blake, prominent Boston wool merchant, is chairman; Lloyd Brace, president of the First National Bank, chairman of the Finance Committee; Robert Cutler, president of the Old Colony Trust Company, treasurer; Augustus Zanzig, music director, and Col. Paul Hines, director.

"My hope is," the Mayor said, "that the committee will undertake as its first activity, the same as it did last year, the sending of Christmas boxes to all Boston men and women with the armed forces in Korea. I believe there are now more than 800 Bostonians in Korea with the number steadily increasing."

"Incidentally, I wish to take this opportunity to publicly thank Chairman Blake and the members of the committee and all those who supported their efforts not only for the magnificent service rendered to the city last Christmas but to thank them for their wholehearted, generous, and patriotic assistance in helping to provide Boston residents on duty with the armed forces in Korea with the Christmas boxes, Easter candy and the recent 'Gratitude Boxes.' I doubt if the people of any other city in the nation have given such tangible evidence of their concern about the welfare of their servicemen in Korea as have the people of Boston."

The 1950 Boston Christmas festival was arranged at the suggestion of Mayor Hynes. The festival not only gave the community a marked spiritual uplift, but attracted hundreds of thousands of people here from all sections of New England. It is estimated that more than 1,000,000 persons visited the reproduction of the Stable of Bethlehem at Boston Common.

The festival was financed mainly by private contributions of members of the committee and their friends. All of the religious figures used by the committee in the staging of the festival were purchased by the committee and with some repairs and refurbishing will be available for use this year. Most of the light fixtures used were also purchased and will also be available.

It is the expressed wish of the Mayor that the committee will this year provide all of the features of last year's festival plus a few additional attractions of a spiritual tone. In anticipation of his desire to augment the scope of the festival, his office has already developed some additional features for the consideration of the committee.

The festival last year attracted considerable national attention. As a result, the chief executives of a number of the larger cities have written here requesting information about it.

A meeting of the committee will be held in the Council Chamber, City Hall, during the first week of October to discuss plans for the 1951 festival.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, August 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your authority is respectfully requested to award a contract, without publicly advertising for bids, to the Eastern Massachusetts Street Railway Company, a local corporation, with branch offices at 945 Hancock street, Quincy, Mass., providing for the furnishing of bus service between Fields Corner Rapid Transit Station and Long Island Hospital, Long Island. The proposed contract will cover the period August 5, 1951, to December 31, 1951, at a total cost not to exceed \$18,000.

Upon the opening of the new viaduct between Moon Island and Long Island, the boat service is to be discontinued forthwith, and it has therefore become necessary to arrange for the transportation of patients, employees, and visitors to Long Island by bus.

The Eastern Massachusetts Street Railway Company, which firm has the franchise over the route, offers to provide the required bus service to Long Island on a regular daily schedule, with extra trips as may be required, at a cost of \$13.66 per round trip on each day of the week, excepting on Sundays and holidays when the charge per round trip will be \$12.25. These rates are based upon the current local fare for this distance of 7.7 miles each way. The company will employ buses having a regular seating capacity of 40 passengers, in carrying out its duties under the contract.

A thorough survey has been conducted by this department to determine the advisability of using the city-owned bus as against privately owned buses. The facts developed made it quite evident that engaging this firm to furnish the bus service is unquestionably the most practical way of securing and maintaining efficient transportation service to Long Island and at the least cost to the City of Boston.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

PRINTING DEPARTMENT.

BOSTON, September 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Due to the extreme difficulty in obtaining envelopes for our needs in the open market, public advertising would be of no avail. Therefore, I respectfully request permission to dis-

pense with advertising and award a contract without advertising to Travers Envelope Company, 145 High street, Boston, for envelopes in the quantities and at the prices set forth below:

The total amount of the contract is \$3,048.95.

Respectfully yours,

JOHN J. TWOMEY, Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, September 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time the department occupies an area of land on Gibson street, Dorchester, as a district yard, principally for the use of the Water Division.

In certain sections along the property line, the fence is missing, and in another section the present wooden fence is rapidly deteriorating and should be replaced. In order, therefore, to provide proper protection to the yard, equipment, materials, etc., and to prevent minors and others from finding easy access to the property, I feel that a fence should be provided in the section where none is located at the present time, and steps should be also taken to replace the existing wooden fence with a chain link

fence varying in height from 5 feet to 6 feet, and provided with three strands of barbed wire on top of the chain link.

I am in receipt of a proposal from P. J. Dinn & Co. to furnish approximately 363 feet of chain link fence and appurtenances for the sum of \$1,259. The price is reasonable, and no advantage, in my opinion, would accrue if we publicly advertised for proposals. The above-referenced firm is a specialist in this particular field and has done work for the department in the past in a very satisfactory manner.

It is essential that this fence be provided immediately, and therefore I respectfully request that you authorize the awarding of a contract, without publicly advertising for proposals, to P. J. Dinn & Co., 278 Dover street, Boston, for the furnishing and erecting of a chain link fence at the Gibson street yard of this department, at a cost of \$1,259, to be charged to the budget of the Water Division of this department.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, September 12, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Ward General Contracting Company has been designated by me to effect repairs to bituminous macadam pavement in District No. 2, in locations where openings have been made by public service corporations.

This contractor is engaged in this so-called "patch paving" work at the present time and, in many locations, the macadam roadway areas opened by the Water Division of this department should also be repaired by the above-referenced contractor concurrently with the patching work being done for public service corporations. Generally speaking, it would not be good policy or in the best interests of the motoring public to designate one contractor to patch roadway areas for public service corporations and another contractor to patch areas opened by the Water Division of this department. While it is not my intention to resurface all areas on macadam streets opened by the Water Division, I feel that we should make arrangements to effect permanent surface repairs to openings made by the Water Division on heavily-traveled highways or in locations where the present trench area has settled or is in an unsightly or generally poor condition.

The schedule of prices for which the above-referenced contractor is doing this work for the public service corporations is fair and reasonable, and I do not believe that it would be practical or feasible for the city to publicly advertise for proposals to do this work.

Your approval is respectfully requested to the award of a contract, without publicly advertising for bids, to Ward General Contracting Company, 157 Hampden street, Roxbury, in an amount not to exceed \$2,000, for effecting repairs to bituminous macadam pavement in locations in District No. 2, where openings have been made by the Water Division of this department, in connection with the maintenance and repair of the water system.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

P. V. Barone Corporation has been directed to perform the following extra work under the contract for bituminous concrete pavement in Hackensack road, Lasell street, Lyall street, Payson road, and Risley road, dated May 10, 1951.

Items ordered: In Hackensack road, between Risley road and Hackensack Circle, rebuild and repair one sewer manhole to grade which was found to be about 24 inches above proposed roadway grade, including the installation of iron bracing and resetting iron frame castings, for the lump sum of \$75. Estimated cost of extra work, \$75.

J. D'Amico, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Joyce road, Newacre road, Pinewood street, Roseglen road, and Summer street, dated July 2, 1951.

Items ordered: In Joyce road, due to change in width of sidewalk from 6 feet to 5 feet, excavate by hand and remove and dispose of approximately 50 cubic yards of trench excavation at \$5 per cubic yard. Remodel two existing catch basins to conform to new line and grade at \$100 each. Estimated cost of extra work, \$450.

Dooley Brothers, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Anawan avenue and Meredith street, dated July 11, 1951.

In Anawan avenue, remove and dispose of two trees, averaging 24 to 30 inches in diameter, for the sum of \$150 each.

In Meredith street, remove and dispose of one tree, 24 inches in diameter, for the sum of \$100.

Estimated cost of extra work, \$400.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract, dated June 22, 1951, with James P. Sullivan Company for furnishing and installing new boilers in the Joseph Tuckerman School, from September 6, 1951, to October 31, 1951. This extension was requested because of a delay in obtaining critical material.

Approval has been given for the extension of the time of completion of the contract, dated October 25, 1950, with Michael Racioppi for egress alterations in various schools in Group H-6, from August 15, 1951, to December 15, 1951. This extension was requested because essential hardware was not available and the kalamein work had been delayed due to difficulty in obtaining steel.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract, dated May 8, 1951, with Martin J. Kelly Company, Inc., 95 Prince street, Jamaica Plain, for reinforced concrete retaining wall in Freeport street, Ward 16, from end of existing wall at Dorchester Yacht Club for 98 feet northwesterly, from August 31, 1951, to October 31, 1951. This extension was requested for the reason

that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract, dated May 8, 1951, with Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for bituminous concrete pavement in H street, I Street, K street, and Marine road, from September 1, 1951, to October 31, 1951. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract, dated April 27, 1951, with G. DeLuca Company, Inc., 44 Woodward avenue, Roxbury, for removing abandoned gas lampposts in various streets of the City of Boston, from September 12, 1951, to November 12, 1951. This extension was requested for the reason that the contractor was unable to furnish sufficient equipment and personnel to complete the contract.

Approval has been given for the extension of the time of completion of the contract with Joseph G. Gazzola, 10 and 12 Fruit & Produce Exchange, Boston, Mass., for repairs, painting, etc., at the Summer Tunnel ventilation buildings, to October 15, 1951. This extension was requested for the reason that the contractor was delayed in getting necessary materials.

From River street to Brainard street.

PROCEEDINGS OF CITY COUNCIL.

Monday, September 10, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., Senior Member WENZLER in the chair. Absent, Councilors Kinsella and Shanley.

The Reverend Richard M. Owens, of People's Baptist Church, Roxbury, was escorted to the rostrum.

INVOCATION BY REV. RICHARD M. OWENS.

Almighty God, King of kings, and Lord of lords, from whom proceeds all power and dominion in heaven and earth, most heartily we beseech Thee to look with favor upon us and upon Thy servants, the President of the United States, the Governor of this State, and all others in authority, and primarily on the men who are gathered here today, upon whose shoulders a great responsibility rests; imbue them with the spirit of wisdom, goodness and truth, and so rule their hearts and bless their endeavors that law and order, justice and peace may prevail everywhere. Preserve us from public calamities, from pestilence and famine, from the strife of class with class and from all war and rebellion, but especially from national sins and corruption. Make us strong and great in the fear of God and in the love of righteousness, so that being blessed of Thee we may become a blessing to all nations. Through Jesus Christ our Lord we ask these blessings. Amen.

The salute to the Flag was given by the members.

EAST COTTAGE STREET, ONE WAY.

The following was received:

City of Boston,
Office of the Mayor, September 4, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of July 16, 1951, requesting that the advisability be considered of making East Cottage street, in Ward 13, one way, from Pleasant street to Dorchester avenue.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
August 27, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of July 16, 1951, requesting that the advisability be considered of making East Cottage street, in Ward 13, one way, from Pleasant street to Dorchester avenue, I wish to report that the Traffic Commission at its meeting on August 23, 1951, voted to establish East Cottage street as a one way street, from Pleasant street to Dorchester avenue, effective Wednesday, August 29, 1951.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

TRAFFIC SIGNALS AT COOPER AND ENDICOTT STREETS.

The following was received:

City of Boston,
Office of the Mayor, September 10, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of

August 27, 1951, requesting the installation of automatic traffic signals at the corner of Cooper and Endicott streets, Ward 3.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
September 5, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order passed on August 27, 1951, requesting the Traffic Commission to install automatic traffic signals at the corner of Cooper and Endicott streets, I wish to report that a survey has been made of this area and it is believed that the construction of the new Central Artery now in process in this section would make traffic signal lights ineffective during the construction period.

At the present time, in comparison to other sections of the city, the amount of traffic at this intersection is not sufficient to give priority over other more dangerous and more heavily travelled roadways.

Our funds for traffic lights are limited to revenue from the sale of land and buildings and present commitments are such that any installation at this point would have to come from a future sale of city land and buildings.

With the lessening of traffic on Endicott street which will result from the construction of the Central Artery there is some question whether a full set of traffic signals should be installed or merely a pedestrian signal to serve those attending St. Mary's Church during certain hours of the day.

In view of the above factors final action on this proposal should be postponed.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

REMOVAL OF TREE, 415 AND 417 EAST FIFTH STREET.

The following was received:

City of Boston,
Office of the Mayor, September 10, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of August 27, 1951, requesting the removal of the tree in front of 415 and 417 East Fifth street, South Boston, as it is undermining the building at that location.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, August 31, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order dated August 27, requesting the removal of the tree in front of 415 and 417 East Fifth street, South Boston, as it is undermining the building at that location.

An inspection will be made of this tree to determine whether it is one that can be removed under the Shade Tree Laws of the Commonwealth.

Very truly yours,
FRANK R. KELLEY, Chairman.

USE OF FRANKLIN FIELD FOR ARMY PERSONNEL AND RADAR ACTIVITIES.

The following was received:

City of Boston,
Office of the Mayor, September 10, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of August 27, 1951, requesting that a conference be held relative to tentative plans for the use of Franklin Field by Army officials for the stationing of armed personnel and a base for radar activities; also that another site be used so that plans can go forward for the housing development to be constructed at Franklin Field.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, August 31, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order, relative to the Park Commissioner conferring with Army officials so that another site may be picked for a radar station rather than the housing development site in Franklin Field.

I desire to inform Councilor Ansel that we have had several conferences during the last several weeks relative to this situation, and the Board of Park Commissioners had determined that the Army would have to find a location in some other section of the city. We had offered an area in Franklin Park to them.

The Park Commission has gone ahead from the past to make the necessary arrangements with the Housing Authority for this development.

Very truly yours,
FRANK R. KELLEY, Chairman.

LAND FOR PLAYGROUND IN BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, September 10, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Real Estate relative to your order of July 23, 1951, requesting the transfer of the city-owned land bounding on the rear of Seattle street, Cambridge street, North Harvard street, and Hopedale street for the purpose of making a play area for the protection and enjoyment of the great number of smaller children in this district.

Respectfully,
J. B. HYNES, Mayor.

Board of Real Estate Commissioners,
August 30, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Re: City Council Order of July 23, 1951, Requesting the Transfer of the City-Owned Land Bounding on the Rear of Seattle Street, Cambridge Street, North Harvard Street, and Hopedale Street for the Purpose of Making a Play Area for the Protection and Enjoyment of the Great Number of Smaller Children in This District.

Dear Sir:

We have been informed by the Park Department that they are willing to accept the transfer of the above captioned property.

We have advised the Park Department to contact Mr. W. A. McDermott, Assistant Corporation Counsel, Law Department, as to the proper procedure to be followed in the transfer of this property, in accordance with chapter 159, Acts of 1951.

Very truly yours,
HERMAN CARP, Chairman.

PATRICK J. KENNEDY MEDAL OF HONOR FUND.

The following was received:

City of Boston,
Office of the Mayor, September 10, 1951.
To the City Council.
Gentlemen:

The Honorable Joseph P. Kennedy has tendered to the City of Boston United States Treasury Bonds aggregating \$2,200 in par value for the purpose of establishing in memory of his late father the Patrick J. Kennedy Medal of Honor Fund, the income thereof to be used for a medal to be awarded annually by the Mayor, on recommendation of the Fire Commissioner, to a member of the fire fighting force of the Boston Fire Department who has performed an act of outstanding heroism in connection with his duties as such member. The late Mr. Patrick J. Kennedy served as Fire Commissioner of the City of Boston in 1905.

This beneficence on the part of the Honorable Joseph P. Kennedy is deeply appreciated, and I

trust that your Honorable Body will speedily adopt the enclosed order so that the gift may be duly acknowledged.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That the United States Treasury Bonds aggregating \$2,200 in par value and presently tendered to the City of Boston by the Honorable Joseph P. Kennedy for the purpose of establishing in memory of his late father, Patrick J. Kennedy, who served as Fire Commissioner of the City of Boston in 1905, the Patrick J. Kennedy Medal of Honor Fund, income thereof to be used for a medal, to be known as the Patrick J. Kennedy Medal of Honor, which shall be awarded annually by the Mayor, on recommendation of the Fire Commissioner, to a member of the fire fighting force of the Boston Fire Department who has performed an act of outstanding heroism in connection with his duties as such member, be, and the same hereby are, accepted with gratitude and funded as the Patrick J. Kennedy Medal of Honor Fund the income thereof to be used as aforesaid; and further

Ordered, That the City Treasurer be, and he hereby is, authorized to receive and receipt for said bonds in the name and behalf of the city. Referred to the Executive Committee.

SALE OF LAND ON WARD STREET, ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, September 10, 1951.
To the Honorable City Council.
Gentlemen:

The City of Boston is the owner of approximately 35,560 square feet of land on the northeasterly side of Ward street, Roxbury district, now held by the city for the purposes of the Public Works Department.

The Boston Housing Authority desires to acquire the said parcel of land for the purposes of constructing a housing project thereon, and has offered the City of Boston the sum of \$28,000 as the purchase price for said land.

The Commissioner of Public Works informs me that this land is no longer required by the Public Works Department. It is my opinion that the said land is no longer required for municipal purposes.

In view of the above, it appears that the construction of a housing project at this location will necessarily be advantageous to the people of the City of Boston. Therefore, I submit the said parcel of land should be conveyed to the Boston Housing Authority for the sum of \$28,000.

I recommend your consideration and passage of the accompanying order.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
September 10, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The Boston Housing Authority has made arrangements for the erection of a housing project in a section of the Roxbury district which includes the City of Boston property known as the Ward Street Receiving Station, which is under the jurisdiction of this department. Negotiations between the Housing Authority and this department have resulted in an offer for the purchase of this property, free of buildings or other structures, for the sum of \$28,000.

In my opinion, this is a fair offer, and as the property is no longer required by the Public Works Department, I respectfully recommend that the City Council be asked to authorize its sale to the Boston Housing Authority at the price above mentioned.

Yours respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Boston is the owner of approximately thirty-five thousand five hundred and sixty (35,560) square feet of land on the northeasterly side of Ward street, Roxbury district, being described as Certificate of Title No. 5972, Book 25, page 172, Suffolk Registry of Deeds, Registered Land Division, now held by said city for the purposes of the Public Works Department; and

Whereas, The Boston Housing Authority desires to acquire said parcel of land for the purpose of constructing a housing project thereon and has offered to the City of Boston the sum of twenty-eight thousand dollars (\$28,000) as the purchase price for said land; and

Whereas, The land is no longer required for municipal purposes, now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to sell to the Boston Housing Authority for the sum of twenty-eight thousand dollars (\$28,000) the parcel of land hereinafter described and to execute and deliver in the name and behalf of the City of Boston to the Boston Housing Authority, a body corporate and politic under the laws of the Commonwealth of Massachusetts, an instrument in writing satisfactory in form to the Corporation Counsel of the City of Boston, conveying all the City of Boston's right,

title and interest in and to a parcel of land situated in that part of Boston, formerly Roxbury, in the County of Suffolk in said Commonwealth and bounded and described as follows:

Southwesterly by the northeasterly line of Ward street, one hundred sixty-eight and 29-100 (168.29) feet; northwesterly by land now or formerly of Sarah E. Speak, one hundred twenty-five and 73-100 (125.73) feet; northerly and northeasterly by land, now or formerly of Charles J. Paine et al., two hundred thirty-nine and 60-100 (239.60) feet; southeasterly by land, now or formerly of Old Colony Railroad Company, two hundred thirty-three and 75-100 (233.75) feet.

All of said boundaries are determined by the court to be located as shown on a plan drawn by C. H. Wood Company, civil engineers, dated March 21, 1912, as approved by the court, filed in the Land Registration office, a copy of a portion of which is filed with Certificate of Title No. 5190.

Referred to Committee on Public Lands.

POLICE DEPARTMENT ORDERS.

General Order No. 1,519.

The reinstatement and transfer of the following-named person is hereby ordered, to take effect on Saturday, September 15, 1951, at 7.45 o'clock A.M.:

Patrolman Albert J. Berlandi, from Superintendent's Office (armed service roll) to Division 17.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 1,520.

The Annual Ball of the Boston Police Relief Association will be held in the Boston Garden, Monday evening, December 10, 1951.

The proceeds of the ball, as members of the department know, are added to the funds of the association and are used for the payment of sick and death benefits to members of the association and their families, which funds, at the present time, are insufficient to meet the demands made upon the association.

It is the desire of the Commissioner, the Superintendent, and the Board of Directors of the Association that all members of the Force interest themselves and make a special effort to dispose of the tickets for the ball, and thereby make it such a success that the finances of the association will be put on a sound basis, so that the good work accomplished by the association in assisting its members in time of sickness or death since it was organized in 1871 may be continued.

The tickets for the ball will be distributed to each station by the treasurer, Lieut. Harrington B. Wyand, Division 2, who will receive a receipt therefor. Captains of divisions will distribute the tickets to their officers and keep a correct list of the number of tickets given to each man. Each officer will make a daily return to his captain of the number of tickets he has sold, together with the name and address of the purchaser, and will return the money received to his captain.

All officers will be held strictly responsible for tickets allotted to them.

Captains will collect each day all money received by officers in the sale of tickets. This money will be converted into a check, made payable to Harrington B. Wyand, treasurer, B. P. R. A., and forwarded to the superintendent by morning mail the following day. A correct list containing the ticket numbers, together with the names and addresses of purchasers of tickets, shall be kept on file at the various divisions. In this way, it is expected that a complete canvass of the city will be made and a substantial increase in the sale of tickets will be accomplished.

All tickets that remain unsold on December 11, 1951, will be collected by the captain of each division and returned to Lieutenant Wyand, who will furnish a receipt therefor.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,521.

The reinstatement and transfer of the following-named person is hereby ordered, to take effect on Monday, September 17, 1951, at 7.35 o'clock A.M.:

Patrolman John J. Puleo, from Superintendent's Office (armed service roll) to Division 19.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PROCEEDINGS OF SCHOOL COMMITTEE.

April 27, 1951.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:40 o'clock P. M., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, and White.

APPROVAL OF MINUTES

The reading of the minutes of the meeting of Apr. 13, 1951, was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of assistant teacher coaches of baseball in Latin and day high schools, as reported by the Superintendent at the meeting of Mar. 26, 1951, and which failed of approval.

The question came on the approval of these appointments, with the exception of the appointment of the assistant teacher coach, baseball, Boston Latin School, which is still laid over.

On roll call the appointments, with the exception noted, were approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and White—3

NAYS—Mr. Muchnick—1

ABSENT—Mr. Ward—1

In connection with his vote, Mr. Muchnick stated that he was voting "No" for the reasons stated in the conference this afternoon and the last time it was taken up.

DEATH

A communication was received from the Superintendent, under date of Apr. 27, 1951, reporting the death of the following-named Assistant Director of Physical Education on the date stated:

Department of Physical Education—James L. Duffy, Assistant Director, Apr. 14, 1951.

Placed on file.

At the suggestion of Mr. White, the following was ordered spread upon the records:

Mr. White: Madam Chairman, at this time I would like to make a statement. I would like to have the School Committee express to Mrs. Duffy and Mr. Duffy's family our sincere and profound regrets at his passing, and also to let them know that we feel deeply the loss that Mr. Duffy's death has meant to this School Committee.

Mr. Duffy had spent practically his whole life, after he completed his education, in the service of the Boston school system. He was a graduate of Boston College High School and Boston Col-

lege, and in both institutions was an outstanding athlete and student.

I remember him well as the captain of the Boston College football team in 1915. He was an outstanding leader of men and established a wide reputation as being one of the finest directors of youngsters not only in this school system but in the country.

Mr. Duffy's fine work has been recognized by teachers, coaches, the press, and the parents. His record as the Director of the Junior High School athletic program in our public schools, which is one of the finest in the country and in which he developed the greatest participation of school-boys in athletics in our history, is outstanding. I know you all join me—or I will put it in your words if it is agreeable—in extending to his widow and to his family our heartfelt sympathy in the loss of this brilliant young man.

Mr. McDevitt: Madam Chairman. I concur with Mr. White in every word he has said about Mr. Duffy. I knew Mr. Duffy and he was just as Mr. White has described him.

Mr. Muchnick: I concur completely in the remarks made by Mr. White.

Chairman: And I concur.

The following was offered:

ORDERED, That the salary due James L. Duffy, late Assistant Director, Department of Physical Education, be paid his widow, Alice M. Duffy.

On roll call, the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

NAYS—0.

ABSENT—Mr. Ward 1.

RETIREMENTS ON PENSION

PROPOSALS FOR PLASTERING, PAINTING, AND MISCELLANEOUS WORK, MEDICAL BUILDING, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for plastering, painting, and miscellaneous work in Medical Building, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before two o'clock P.M. on Wednesday, October 3, 1951, at the office of the Superintendent, with a certified check for \$150, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before the time for opening the bids. The rate per hour to be paid to those who are to be employed under this contract must not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Plastering, Painting, and Miscellaneous Work, Medical Building, Boston City Hospital."

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH, M.D.,
(Sept. 22.) President.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

PARK DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS TO GARAGES AT THE BACK BAY SERVICE YARD, BOSTON, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for alterations to garages at the Back Bay service yard, Boston, Mass.

Proposals will be received until 2 P.M., Thursday, October 4, 1951, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 P.M., Tuesday, October 2, 1951.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN CANTERBURY STREET, WARD 18, FROM CUMMINS HIGHWAY TO MT. HOPE STREET; HALLET STREET, WARD 16, FROM GALLIVAN BOULEVARD TO MILTON BRANCH OF NEW YORK, NEW HAVEN & HARTFORD RAILROAD, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARDS 16 AND 18, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Canterbury street, Ward 18, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Canterbury Street, Ward 18, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, OCTOBER 4, 1951, with a certified check for TWENTY-THREE HUNDRED (2,300) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE SIDEWALKS IN DE SOTO ROAD, WARD 20, FROM WASHINGTON STREET TO WILLERS STREET, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARD 20, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete sidewalks in De Soto road, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Sidewalks in De Soto Road, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, OCTOBER 4, 1951, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

VETERANS' BENEFITS FOR THE MONTH OF JULY, 1951, SHOW \$5,635.29 DECREASE FROM THOSE OF SAME PERIOD FOR 1950 — SHOWN IN REPORT OF COMMISSIONER OF VETERANS' SERVICES FRANCIS C. COTTER TO MAYOR JOHN B. HYNES — 68 LESS CASES AIDED MAKES SHOWING POSSIBLE — 1,440 CASES AIDED, REPRESENTING TOTAL OF 2,687 INDIVIDUALS — 233 CASES CLOSED DUE TO EMPLOYMENT ACCEPTANCES.

MAYOR HYNES RECEIVES FROM PROMINENT BOSTON BUSINESSMAN COLLECTION OF 100 ALBUMS OF 400 MUSICAL RECORDS FOR USE IN ENTERTAINMENTS AT PARKMAN BANDSTAND ON COMMON — TOTAL NUMBER OF RECORDS NOW MORE THAN 500.

James Phelan, prominent Boston and Lynn businessman, has presented the Boston Music Committee, through Mayor John B. Hynes, with a collection of 100 valuable albums of 400 musical records for use at the Parkman Bandstand, Boston Common. This will make a total of more than 125 albums of more than 500 records the city has been given by musicians and music patrons since the Boston Music Committee made its public appeal for records a few weeks ago.

It is the hope of the committee, which was organized by the Mayor to further promote Boston music facilities, to

HOUSING AUTHORITY, THROUGH MAYOR HYNES, TRANSFERS LAND ON RIVER STREET TO PARK DEPARTMENT TO BE USED FOR PLAYGROUND PURPOSES FOR CITIZENS OF THAT SECTION — NO PRESENT NECESSITY FOR HOUSING USE.

Mayor Hynes has conferred with the Housing Authority relative to the land on River street owned by the Housing Authority.

"The Authority informed me that this piece of land which is not going to be used for housing development will be transferred to the Boston Park Department to be used for a playground for the people in that section. The Housing Authority does not feel that there is any present necessity for stores in that immediate area because of its proximity to Mattapan square and believes that the land can be utilized best for playground purposes."

Expenditures for veterans' benefits for the month of July of this year show a decrease from those of the same month in 1950. This is shown in the report of Francis C. Cotter, Commissioner, rendered to Mayor John B. Hynes. The decrease amounted to \$5,635.29. This was due to the fact that the department aided 68 less cases in that period than in the year previous.

During the month of July of this year there were 1,440 cases aided, representing a total of 2,687 individuals. There were 233 cases closed out in that period this year due to chances for employment. The complete report reads as follows:

BOSTON, September 18, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of July, 1951.

Very truly yours,

FRANCIS X. COTTER, *Commissioner.*

Expenditures for veterans' benefits for July, 1951, show a decrease of \$5,635.29 in comparison with expenditures for the corresponding period of 1950. The decrease is primarily attributable to the fact that the department aided 68 less cases than in July, 1950.

The 1,440 cases aided during the month of July, 1951, represent a total of 2,687 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 233 cases closed during the month of July, 1951, because of obtaining employment, having been awarded unemployment compensation, receiving social security, and becoming ineligible to receive financial assistance for miscellaneous other reasons.

BOSTON MUSIC COMMITTEE PRESENTED ALBUMS OF MUSICAL RECORDS.

(Continued from page 1061.)

eventually equip the Parkman Bandstand with the largest collection of musical records available. Records have proved of value during the daily noon organ recitals and Sunday afternoon band concerts which have been held at the Parkman Bandstand since the beginning of summer and which will continue until the end of the month.

The committee, in response to the request of the Mayor, is also making plans to find ways and means of equipping Faneuil Hall with a piano and electric organ. The Hall, although used for important patriotic exercises and visited daily during the summer months by thousands of tourists from all sections of the country, is currently without either.

The records presented by Mr. Phelan consist of one of the best collections of symphonic recordings in existence.

CIRCULAR LETTER.

CITY OF BOSTON,
CITY TREASURER'S OFFICE,
September 19, 1951.

To All Department Heads.

GENTLEMEN:

On September 5 you were advised by Mayor John B. Hynes that the "Jimmy Fund" campaign is now on. I have been designated as chairman of this campaign. Originally we were going to distribute envelopes for employees to deposit their contributions. Now in order to simplify this collection we have decided to distribute containers to each department.

Will you kindly designate some one in your department to be responsible for this container? Be sure to canvass your department thoroughly, so that the result will be indicative of the charitable reputation that city employees enjoy by their generosity in all worthy causes. This is indeed a most worthy cause.

Contact me or Bill Dowling for the container.

This is a one-day collection. All containers to be returned on or before September 28.

Thanks for your cooperation.

Very truly yours,

DANIEL M. DRISCOLL,
City Treasurer.

CIRCULAR LETTER:

CITY OF BOSTON,
MAYOR'S OFFICE, September 19, 1951.

To All Department Heads.

GENTLEMEN:

I have received an appeal from Father Harold, S. J., of the Holy Name Homestead for contributions of food, clothing, medicine, and the like to be sent to the Island of Jamaica, which was recently hit by a devastating hurricane.

I would appreciate it if you would notify the employees of your department that contributions of food and clothing, etc., should be sent to the M. Doyle Company, rear 85 Centre street, Roxbury. Anyone wishing to contribute money should send it to the Holy Name Homestead at 755 Boylston street, Boston.

Respectfully,

J. B. HYNES,
Mayor.

POLICE DEPARTMENT ORDERS.

General Order No. 1523.

The reinstatement and transfer of the following-named person is hereby ordered to take effect on Monday, September 24, 1951, at 7.45 o'clock A.M.:

Patrolman John P. Nickerson, from Superintendent's office (armed service roll) to Division 11.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1524.

The resignation of Patrolman Peter Makris of Division 15 having been presented, it is hereby accepted to take effect on Friday, September 28, 1951, at 7.45 o'clock A.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1525.

The reinstatement and transfer of the following-named person is hereby ordered to take effect Tuesday, September 25, 1951, at 7.45 o'clock A.M.:

Patrolman John R. Sheedy, from Superintendent's office (armed service roll) to Division 14.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1526.

Sergt.-Detective William C. Williams and Detectives Thomas J. Reilly and Hilary J. McGunigle of the Special Service Squad are commended for meritorious police service performed on September 19, 1951.

In the early morning hours while these officers were patrolling in a Special Service Squad car they received a radio message that two men had committed an armed holdup of a gasoline station in the Dorchester District and had escaped in a taxicab.

While proceeding on a route designed to intercept the get-away vehicle, they observed a taxicab answering the description containing two occupants. They forced the taxi to a halt and with drawn guns approached the cab and found that the driver had been compelled to lie on the floor of the cab by the occupants who were armed with automatic pistols. After a brief struggle the officers disarmed these men and placed them under arrest.

Subsequent investigation disclosed that these two men had kidnapped and robbed the taxi driver and then a short time later at gunpoint had robbed the gas station. The guns which they used in these crimes had been stolen in a house break previously.

The Commissioner is pleased to commend these officers for their keen observation and attention to duty in effecting the arrest of these armed criminals in such a short time after the alarm had been given out.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

ASSESSING DEPARTMENT.

Approval has been given that the budget of the Assessing Department be amended so as to include an additional quota for personnel, as follows:

Quota 1.—Civil engineer, Grade II, permanent, \$51.78 a week.

This is to make possible the promotion of the following-named employee, upon a temporary basis, pending the result of civil service examination: John A. Wall, 18 Beechcroft street, Brighton.

Mr. Wall is at the present time doing the work of a Grade II civil engineer. Therefore, please eliminate the civil engineer, Grade I, in order to establish Grade II.

This appointment or promotion is requested for the purpose of increasing the efficiency of the Engineering Division of this department, by relieving higher grade personnel for more important work.

Mr. Wall has been performing the duties of a civil engineer, Grade II draftsman, for over six months. These duties are:

1. The interpretation and plotting of deeds on plans.
2. Various computations necessary to determine areas.
3. The computation of volumes of the various solid figures.
4. Computations for closed traverse surveys.
5. Drafting of the civil engineer, Grade II draftsman grade.

HEALTH DEPARTMENT.

Approval has been given to amend the 1951 budget of the Boston Health Department, personal service, as follows:

Eliminate the position of media man and sterilization technician at \$57.53 a week, and create the position of X-ray technician at \$49.86 a week.

HOSPITAL DEPARTMENT.

Approval has been given for the creation of a new position in the Venereal Disease Clinic, Out-Patient Department, for a public health nursing supervisor at \$64.45 a week, because of the changes necessary in the reorganization of the venereal disease program at the Boston City Hospital.

The funds for the above position are appropriated by the Massachusetts Department of Public Health and reimbursed to the City of Boston.

General Division.

For the week ending September 4: The following special nurses have been appointed at \$9 a day:

Louise Blanchard, 29 Blake street, 2 days; Helen Broady, 2 Remington street, Alice Cummings, 243 West Newton street, 1 day; Glenness Calhoun, 38 Cedar street, 3 days; Martha Costello, 17 Henshaw street, 7 days; Ruth Crowley, 62 Seminole street, 2 days; Ruby Childs, 270 Huntington avenue, 1 day; Florence Dowd, 338 Centre street, 6 days; Dorothy Dever, 42 Mattakeeset street, 2 days; Oscar Emond, 21 Lownsvue Drive, 1 day; Bertha Eden, 21B Dacia street, 2 days; Florence Egan, 39 Robinson street, 1 day; Sonia Ferguson, 36 Allen street, 3 days; Georgia George-son, 384 High street, Marjorie Knox, 200 Quincy street, Margaret Mahan, 29 Kempton street, 1 day; Margaret Marfiak, 11 East Newton street, 5 days;

Specifications on X-Ray Equipment for the Institutions Department of the City of Boston, to Be Installed at the Long Island Hospital.

Bids are requested on X-ray apparatus described in attached specifications. These specifications are intended to serve as a standard of quality and design to that specified herein will be considered. Wherever there is any variance to these specifications, bidders are required to submit their own specifications. Bidder shall note and describe wherein the deviation exists. Bidder shall include photographs showing any variance to these specifications. Any items or features of equipment specified herein but not provided in bidder's proposal of equipment must be listed in proposal.

Quote one complete sum total price for all equipment, delivered and installed at the Long Island Hospital.

All plumbing and primary wiring shall be provided by the City of Boston to which successful bidder must connect the equipment without added cost.

Bidder shall include with his proposal satisfactory written guarantee covering any faults or defects in any part of the equipment, arising from defective or improper workmanship or materials; and he shall provide for replacement or repair thereof without expense to the City of Boston for a period of one year.

Quote maximum of days required to deliver and install complete X-ray apparatus to be guaranteed by performance bond.

Bidder must be prepared to show that he has furnished equipment of comparable value and maintains a satisfactory service and parts department.

Item 1.

One complete radiographic-fluoroscopic combination two-tube X-ray apparatus, consisting of:

1A. 300 milliamper transformer and control.

1B. Floor to ceiling tubestand with double focus rotating anode tube, shockproof cables, and five radiographic cones.

1C. Heavy duty motor driven table with spot film device, compression band, footswitch, foot rest, shoulder rest, double focus rotating anode tube and shockproof cables.

1D. Stereo-cassette changer with bucky diaphragm.

Specifications.

1A. This specification shall outline the general output and operational characteristics of the X-ray generator. The radiographic output shall be a minimum of 300 MA at least 100,000 peak volts and 20 MA at 110,000 peak volts. It shall be of the four valve full-wave type for two-tube operation. The transformer shall be oil-immersed and contained in a sheet steel all welded tank, and contain four high voltage outlets actuated by an internal magnetic switch. This switch shall actuate only the high voltage. The filament current source for each set of terminals shall

be directly connected to the terminals and have independent sources. The high voltage switch shall be automatically actuated through the monitor system of the control. The control shall be a floor type vertical panel model only, and shall incorporate the following features:

Fluorescent type panel illumination.

Automatic overload circuit breaker.

Push button main switch.

Line voltage regulator.

Direct reading combination KVP meter and line compensation meter.

Step KVP control regulation by means of sliding variac regulator.

Direct reading KVP control for fluoroscopy or thereapy.

Seven-step illuminated monitor selector: fluoroscopy, 10-20, small, 100-150-300, large, therapy.

Milliamper meter 0-30, 0-300.

Milliamper second meter and cut-out switch, independent of milliamper meter.

Electronic timer, range 1/120 to 15 seconds.

Time limit switches for every milliamper setting of monitor radiographic exposure overload, to be adjusted for rating of X-ray tube.

Timer over-limit signal light to indicate when timer is set beyond rating of tube. When timer is so set, apparatus becomes inoperable.

Bucky or photo-timer selector switch.

Bucky ready signal lamp.

Photo-timer ready signal lamp.

Spot film signal light.

Therapy "on" signal light.

Stereo release toggle switch.

Planograph operation switch.

Therapy switch.

Panel light switch.

Hand grip trigger switch, two stage.

Valve boosting circuit.

Space charge compensation.

KVP drop compensation.

Capacity current correction.

Automatic spot film change-over.

Electronic tube current stabilizer.

Foot switch with room light control.

Motor controls and provision for operating two rotating anode tubes.

Provision for thermal overload interlock with radiographic rotating anode tube.

Time limit safety circuit for spot film work.

Line voltage adjuster terminal strip 195 to 250 volts.

Provision for future photo timing circuits.

Fluoroscopic, cumulative timer, 5-minute range.

Shockproof oil-immersed high-tension transformer, including, magnetically operated high-tension switch in oil-immersed unit for two tube operation; four separate X-ray tube filament transformers, ceramic insulated, one for each focal spot used; two pairs shockproof cable receptacles to be identical to X-ray tube housing receptacles; entire assembly vacuum impregnated in special dehydrated transformer oil in a steel tank, with terminal panel and cover, complete with four type AV3E, Catalogue 61021, 125 KVP rectifier valves, or equal; finish, smooth gun-metal enamel and chrome trim or other suitable finish.

The X-ray unit shall be underwriters approved, and include all necessary interconnecting and line cables. It shall be erected and installed in existing space provided and any added wiring or construction work shall be paid for by the successful bidder.

1B.—Floor-to-Ceiling Tubestand. This floor-to-ceiling tubestand to be designed to provide a rigid and vibrationless support of the X-ray tube, supporting arm and the tube carriage assembly. It shall be arranged for support and maximum maneuverability of the rotating anode tube in all positions. It shall be of suitable height, to accommodate the ceiling height where installed. It shall provide a focal distance of not less than 60 inches where the table top is not greater than 34 inches from the floor. The base casting shall conceal the rollers which engage the floor track for longitudinal movement and horizontal stereoshift. Distance between wheel centers shall be not less than 30 inches, providing stability and smooth rolling movement. Floor track, 13 feet 4 inches, ceiling track, 11 feet 7 inches, longitudinal movement, 9 feet 6 inches minimum. The overhead roller guide track shall be generously proportioned and equipped with thrust bearings and roller guide bearings mounted upon a bronze sleeve bearing. Floor track not $\frac{1}{4}$ inch high.

The vertical tubestand column may be completely rotated through 360 degrees.

Positive indexing positions (90 degrees apart), as well as rotation and longitudinal rail locks are to be incorporated in the base casting. Longitudinal stereoscopic mechanism in the base casting to provide 4-inch shift through a manual release. A vertical stereoshift shall be included. The vertical steel column shall be 4 inches in diameter and contain the required counterweights for effecting balance of the X-ray tube and supporting structure, suspended by a heavy duty link chain or cable.

The entire tubearm to be supported by a rigid cast structure enveloping the vertical column and ride smoothly on roller bearings, held in alignment by a flat steel guide bar.

The tube saddle to provide an underslung mount for the X-ray tube which permits the X-ray tube to be angulated or rotated with the focal spot and tube gravity centers in line with the pivoting point. The X-ray tube and yoke may be rotated 360 degrees about its support axis. Suitable scales and indicator are to be provided together with fixation locks to set the degree of angulation desired. The X-ray tube may be angulated about its long axis, 30 degrees either side of center, with its position indicated in degrees by a graduated scale and index. Cone and filter slots to be provided. Tubearm cross-travel of 15-inch extension with a cross-travel stereoshift is to be provided. A centering notch to be provided to align tube with the center of the X-ray table top.

A clearly visible scale is to be mounted upon the vertical tube column to indicate focal spot distance to either bucky or table top.

Horizontal stereoshift shall be incorporated.

It shall be finished in gun metal and chromium plating, or other suitable finish.

A rotalix, or equal, rotating anode double focus shockproof radiographic X-ray tube unit shall be contained within a cast magnesium housing. It shall have a 1 mm and a 2 mm focal spot, or such other focal spot as may be acceptable. It shall have a total heat storage capacity of 1,250,000 heat units and a dissipation rate of 25,000 heat units per minute with an air circulator, which shall be included. There shall be incorporated a thermal cut-off switch to make the X-ray tube inoperable when maximum heat capacity has been reached. This shall be interlocked with the X-ray machine control.

One videx, or equal, adjustable cone with extension cylinder cone shall be provided. Cones to be finished in polished chromium plating.

An anode and a cathode shockproof radiographic cable 35 feet in length shall be included with cable channels and ends for concealing cables along walls and ceiling. Terminals on both ends of the cable shall be of identical type. One-half mm aluminum filter to be included.

1C.—X-Ray Fluoroscopic and Radiographic Combination Table.—This specification covers a two-tube tilt table designed for extra long fluoroscopic travel, 18-inch focal spot to table top distance, rotating anode tube below the table and the Scholz six-in-one spot film device for $6\frac{1}{2} \times 8\frac{1}{2}$ cassettes.

The table structure to be rigid and constructed for shockproof rotating anode fluoroscopic tube. Tilt to be accomplished by a motor drive through a generously proportioned gear rack.

The range of tilt from Trendelenberg to erect position, shown by a scale and pointer. The motor drive system is to have an instantaneous braking system to assure freedom from coasting and of the "dead man" type, operating only on hand pressure. Automatic stops to be provided at Trendelenberg, horizontal and erect.

The table top shall be $\frac{1}{4}$ -inch polished bakelite and bound at all edges with chrome plated trim and corners. Side rails mounted to the long edges provide for attachment of compressor device, shoulder rest and foot rest. The table top is to be inscribed with non-opaque centering lines. Table top is to be of sufficient rigidity to withstand a 250-pound load. The Liebel-Flarsheim reciprocating type bucky diaphragm of 8:1 grid ratio with self-centering cassette tray to be suspended on roller bearings beneath the table top and move in tracks provided. The bucky diaphragm is to be positionable along the entire table length and fully counterweighted. A suitable locking device shall be provided for fixation in any position. Timing of bucky exposures shall be provided for indexing the center of the bucky with respect to the tubestand.

The fluoroscopic structure to comprise ball bearing movements in all directions. The tube mounting structure shall be arranged for an 18-inch focal spot to table top distance, and to accommodate a rotating anode shockproof X-ray tube. The cross travel shall be a minimum of 10 inches, and longitudinal travel a minimum of 42 inches. A suitable cone and baffle plate to be supplied to reduce scattered radiation. The radiation opaque shutter diaphragm mounted upon the fluoroscopic carriage shall provide field size variation through lever controls at the spot film device. Suitable locking devices shall be provided to arrest both longitudinal and lateral travels.

The fluoroscopic spot film support shall provide counterweighted movement of from within a maximum of 9 inches of the table top to a minimum 20 inches.

Suitable locks shall be provided for fixation.

For purposes of adjusting the screen height above the table top, there shall be a three-way lever lock providing one position for complete free motion, one for complete locking, and one for stepless compression.

A special variable limiting stop device is to be provided for myelographic studies, to limit the downward position of the screen.

There shall be provided a Scholz spot film device, for $6\frac{1}{2} \times 8\frac{1}{2}$ cassettes.

The entire mechanism shall be contained within a case aluminum frame work.

A support shaft permits mounting to the counterweighted screen support tower. A spring actuated locking mechanism indexes the device to be parallel to the table top. Release of the locking mechanism permits the device to be rotated, and swung away completely clear of the table top.

The fluoroscopic screen shall be a Patterson B-2, size $10\frac{1}{2} \times 13\frac{1}{2}$ inches. Above the screen and mounted in the frame work, a small indicating screen shall be placed to indicate to the operator when the shutter diaphragms have been opened beyond the large screen field.

At the upper left-hand corner shall be provided two levers for gloved-hand operations of the fluoroscopic shutter diaphragms, either singly or simultaneously. At the right of the screen a ray-protected opening shall be provided for the insertion of a $6\frac{1}{2} \times 8\frac{1}{2}$ cassette, either horizontally or vertically. On the bottom side of the device two tracks shall be provided, one for the insertion of radiographic grid and the other for compression cone and cap. These may be moved conveniently in and out of the field as required.

The cassette shifting mechanism shall be controlled by means of a rotating handle at the left which shall be automatic, fast, and the stops positive and smooth. Only one hand should be required to apply compression for shutter control and cassette release so that the right hand is free for palpation. On a single film a choice of the following exposures may be made: four exposures 3 inches $\times$ 4 $\frac{1}{2}$ inches or circle 3-inch diameter with compression cone; two exposures 4 $\frac{1}{2}$ inches $\times$ 6 $\frac{1}{2}$ inches, or one full exposure 6 $\frac{1}{2}$ inches $\times$ 8 $\frac{1}{2}$ inches. The desired technique to be selected by inserting the cassette in one or the other position with the long dimension of the cassette placed vertically or horizontally. The stops shall be engaged and function automatically. Double exposure shall not be possible. The electrical change from fluoroscopic settings to radiographic setting to be automatic and occur when the cassette starts to travel to the radiographic position. A fluoroscopic grid shall be incorporated with the fluoroscopic screen. A radiographic grid shall be supplied.

Two compression cones and field blockers shall be supplied.

A double-focus fluoroscopic Dynamax "26" rotating anode tube with 1 and 2 mm focal spots shall be mounted under the table and provide for 18-inch minimum target to table top distance.

One anode and one cathode shockproof fluoroscopic cable of 35-foot length shall be provided, or of greater length if necessary.

1D.—One Stereo Cassette Changer with Bucky Diaphragm.—This cassette changer shall be of such a design and construction as to conform to established high standards of workmanship and meet the specifications as detailed to each part, Norelco, or equal.

The upright columns for the cassette changer shall be so constructed as to provide rigid, vibrationless support.

It shall be of dual column construction set in a base of ample dimension to provide stability to the entire unit without fastening to the wall.

It shall be fully counterbalanced with one half of the weight in each column. Each counterweight shall be chain-connected to its respective casting on the cassette changer. The sprockets at the top of one column shall be connected to

the sprocket at the top of the other column by a rigid connecting bar to insure the same rate of motion for both sides of the cassette changer.

There shall be incorporated on one column some means of determining the height of the center of the cassette from the floor.

The base shall be so designed as to permit a stretcher being rolled under the cassette changer.

Leveling screws shall be provided in the base and a cross level shall be attached to the cassette changer in such a position as to indicate when the horizontal-longitudinal axes are level. Holes shall be provided in the base to permit bolting the cassette changer to the floor.

The cassette changing action shall be of such a design as to provide for smooth and rapid shifting of the cassettes. This shift of cassettes shall be accomplished in not more than two seconds.

Provision shall be made to adjust the shifting mechanism to accommodate variations in the weight of the cassettes.

The cassette changer shall be so designed as to have the least possible distance between the film and the patient.

The cassette changer shall be of the front loading type, and some form of visual indicator shall be provided to show which film is being taken.

It shall include an L-F high speed automatic Bucky for the purpose of doing upright stereo-Bucky work. Provision shall be made for the attachment of an immobilizing band. The cassette changer shall be either electrically or manually released. Suitable lock knobs shall be provided.

The over-all dimensions shall be as follows:

Height, 81 $\frac{3}{4}$ inches, depth of cassette changer 5 inches.

Width, 51 $\frac{1}{2}$ inches, distance from center line of cassette to floor 60 $\frac{1}{4}$ inches maximum.

Depth of base, 22 inches, distance from center line of cassette to floor 37 inches minimum.

Item 2.

X-Ray Developing Accessories:

2A. One vertical type double door dryer for drying 23 films Buck X-Ograph, Model SO-1DD, or equal.

2B. One film loading bin, Buck-C-Ograph, catalogue No. 1450, or equal.

2C. Two adjustable Kodak type safelights with series 6B lens.

2D. Nineteen of the following size of Buck X-Ograph, or equal, cassettes with Patterson par-speed screens, each cassette to be numbered with lead letters and identified by "Long Island Hospital" mounted beneath screens:

Four, 14 x 17.

Six, 10 x 12.

Three, 8 x 10.

Six, 6 $\frac{1}{2}$ x 8 $\frac{1}{2}$.

2E. One transfer cabinet, all metal lead-lined wall cassette transfer cabinet with wall flange, Buck X-Ograph, catalogue No. 400, or equal.

2F. One 4-bank fluorescent illuminator on mobile base, Wolf, catalogue No. 388, or equal.

2G. Two fluoroscopic aprons, cloth covered on both sides, equivalent lead protection, .5 mm, Wolf X-Ray Products, catalogue 23B, or equal.

2H. One pair fluoroscopic gloves, Liberty Company, Manufacturer, 3-ply, .5 mm, equivalent protection, medium size.

2I. Two pairs fluoroscopic goggles, Polaroid dark adaptor.

2J. 12 14 x 17 developing hangers.

2K. 12 10 x 12 developing hangers.

2L. 6 8 x 10 developing hangers.

2M. 12 6 $\frac{1}{2}$ x 8 $\frac{1}{2}$ developing hangers.

2N. One floor model X-ray film corner cutter machine—this shall be a heavy-duty cabinet model machine. Cutter shall be operated by means of a foot pedal, wood table top shall be 15 inches square and 35 inches high, Laeco, Model 50, or equal.

2O. One sand bag set, consisting of six sand-bag units. Bag to be filled with clean, fine grade sand, Bar-Ray, catalogue No. 121, or equal.

2P. One electric Barium mixer with quart size container. This shall be a heavy duty, two speed ball-bearing motors with automatic starting switch, permitting one hand operation. Finished in durable chromium plate. To operate on 110-120 volts DC or AC, over-all height, 18 $\frac{1}{4}$ inches base 7 $\frac{1}{2}$ x 6 inches, and shall be approved by the Underwriters Laboratories, Inc., Hamilton Beach, No. 33, or equal.

2Q. One stainless steel 36 x 36 size X-Ray developing tank rear panel, control valve, illuminator, safe light electric timer, thermostatic mixing valve vacuum breaker; all plumbing and electric wiring to be concealed behind rear panel. There shall be two 20-gallon stainless steel inserts with covers. Tank to be connected by others.

Item 3.

Urological X-Ray Apparatus.

This specification describes a control and transformer for operation of one rotating anode tube for radiographic purposes:

Rating, 110 KVP at 20 MA.

Milliamperage selection is provided as follows:

5MA (therapy) to 100, 150, 200 MA.

The control incorporates the following:

A. Line voltage compensator, range 55 volts, to normalize incoming supply.

B. Main switch interconnected with separate circuit breaker.

C. Step auto-transformer control, range 30, 110 KVP.

D. Electronic motor-driven timer, range 1/20 to 14 sec.

E. Milliampere regulator to be cut in to allow variation of tube current only on fluoroscopy and therapy.

F. Toggle switch for Bucky control. When this switch is in the "out" position, exposure is controlled by depressing the push button in conjunction with the radiographic timer. In this position, no exposure is made through the Bucky. With switch in the "in" position, depressing the push button will release the Bucky grid which has been previously cocked and the exposure contracts in the Bucky will actuate the radiographic timer for proper timing of the exposure.

G. Panel illumination switch is to cut off panel illumination during fluoroscopy.

H. Stereo release switch for releasing vertical shift on tubestand and cassette changer.

I. Fluoroscopy-therapy switch for technique selections.

The following meters are provided:

A. Large dial milliammeter, double scale 0-20 and 0-200.

B. Large dial kilovolt meter.

C. Line compensation voltmeter.

D. Ammeter in back of control 0-5 amperes for checking valve filament adjustment.

A milliampere selector is provided to perform the following functions automatically:

A. Adjust X-ray tube filament current for proper milliamperage and select focal spot for five (therapy or fluoroscopy),

30, 50, 100, and 200 MA above table, and five (fluoroscopy) and an open selection for spot film below table (may be 50 to 100 MA).

B. Operate high tension switch in transformer to energize radiographic or fluoroscopic tube.

C. Select proper resistor tap for control of KV meter calibration system to preread actual tube KVP before load.

D. Select proper space charge compensating resistance for the kilovoltage employed to maintain uniform MA for various tube voltages.

E. To limit the duration of exposure within the time, when using 200 MA.

F. A two-stage trigger switch shall be supplied, one position controlling and one controlling exposure at will.

A tube filament current stabilizer is provided to stabilize input voltage to the primary of the filament transformers, within $\frac{1}{2}$ of 1 per cent with an input voltage variation of plus or minus 15 per cent.

The apparatus is designed to operate on 195-250 volts, 50 or 60 cycles (voltage and frequency to be specified when ordering).

Interconnecting cable for primary or high tension transformer, of the proper length.

Interconnecting cable for subsidiary circuits, transformer to control.

Line and ground cable of the proper length.

High tension generator includes:

A. High tension transformer, maximum tension 110 KVP, maximum tube current 200 MA.

B. Four rectifier valves.

C. Four valve filament transformers.

D. Necessary X-ray tube filament transformers.

E. 1,000-ohm protective resistor shunted across milliammeter terminals.

F. Magnetically operated high tension switch energized from control.

G. Four receptacles for connection of fluoroscopic and radiographic anode and cathode shockproof cables.

H. The entire transformer and rectifier assembly immersed in special dehydrated transformer oil contained in a sheet steel tank with suitable terminal strip for all necessary electrical connection mounted on top of tank and provided with a removable cover.

Contractor will supply and install a tubestand and carriage on the Sisk urological table located in Surgical Building.

One rotating anode tube with single focus 1.5 mm focal spot, including stator capacitor, necessary anode, and cathode shockproof high tension X-ray cables.

In room opposite Urological Room furnish and install one Powell, or equal, refrigerated developing tank with five-gallon capacity compartments and 15-gallon wash compartments, complete with thermometers, valves, and all necessary fittings to allow operation of tank.

Furnish and install in the same room, two light proof shades with steel frames (Bar Ray 170, or equal).

The current will be 220-volt, 60-cycle, A.C.

Addenda to Bid for X-Ray Equipment.

Bidder is requested to state herewith allowance on following old equipment which is to be traded in:

Converter with controller and safety switch \$

X-ray table with controller switch, transformer and tube \$

Fluoroscope with screens and tube \$

Total allowance \$

This bid is to be opened at Supply Department, 1001 City Hall Annex, Boston, Mass., July 31, 1951.

The equipment to be traded in may be seen at Long Island Hospital by contacting Mr. Ralph A. Plunkett, Plant Superintendent.

Upon September 20 the Mayor approved a contract with Worthington Pump & Machinery Corporation for furnishing air compressors to the Civil Defense Department. Total amount of contract was \$2,320, net.

Bids, opened July 27, were as follows:

Ten Brunner Type A, Model FW-2015, Air Compressor, Complete with 1½ Horsepower, Single-Phase Motor, 220 Volts, 60 Cycles, or Equal, Each.—Berg DiMare & Berg, Inc., \$356; Ingersoll-Rand; Hunt-Marquardt, Inc., \$305.40; Brunner, FW-2015; Standard Auto Gear Company, \$305.40; Hayes Pump & Machinery Company, \$455; Westinghouse; Equipment Company, \$378.40; Ingersoll-Rand; Automotive Distributors, Inc., \$395; Ingersoll-Rand; Worthington Pump & Machinery Corporation, \$232; Worthington.*

Delivery.—Berg DiMare & Berg, Inc., 16 weeks, essential installation, 8 weeks; Hunt-Marquardt, Inc., 6 to 8 weeks after receipt of order, f.o.b. Boston; Standard Auto Gear Company, 6 to 8 weeks; Hayes Pump & Machinery Company, 6 to 8 weeks; Equipment Company, standard 16 weeks, probably 8 weeks; Automotive Distributors, Inc., standard 16 weeks, probably 8 weeks; Worthington Pump & Machinery Corporation, approximately 13 weeks after receipt of order.

Cash Discount.—Berg DiMare & Berg, Inc., 2 per cent; Hunt-Marquardt, Inc., 2 per cent; Standard Auto Gear Company, 2 per cent; Hayes Pump & Machinery Company, 2 per cent; Equipment Company, net, 30 days; Automotive Distributors, Inc., net; Worthington Pump & Machinery Corporation, no discount.

Remarks. (See all Proposals for Complete Specifications).

Hunt-Marquardt, Inc.—This is a firm bid at price quoted, good for 15 days from date of opening of sealed bids, namely, July 27, 1951. Thereafter subject to price prevailing at time of delivery.

Standard Auto Gear Company.—This is a firm bid.

Worthington Pump & Machinery Corporation.—The above quoted prices are firm, provided an order is placed within 30 days of the date of this proposal, and shipment is accepted as soon as the material is ready.

* Contract awarded.

Upon September 24 the Mayor approved a contract to lowest acceptable bidders for furnishing bedspreads, gowns, etc., to the Boston City Hospital. Approximate total amounts of awards were as follows:

Sparrow Chisholm Company, \$2,870, less 2 per cent cash discount for payment within 10 days; Gloucester Store, \$2,261.25, less 1 per cent cash discount for payment within 10 days; Thomas W. Reed Company, \$375.12, less 2 per cent cash discount, date of payment; New England Company, \$230, less 2 per cent cash discount, date of payment.

Formal contracts will be executed for the amounts over \$1,000.

Bids, opened September 11, were as follows:

Item 1. 10 Dozen Spreads for Crib, White, Krinkle, 54 Inches x 80 Inches,

Equal to Sample at Boston City Hospital, Each.—A. S. Aloe Company, \$53.80 per dozen; Gloucester Store, \$2.95; Sparrow Chisholm Company, \$21.50 per dozen*; Sherman Mills, \$1.95.

Item 2. 50 Dozen Spreads, White, Fine Krinkle, 83 Inches Wide, 108 Inches Long, Equal to Sample at Boston City Hospital, Each.—Gloucester Store, \$3.25; Sparrow Chisholm Company, \$36.60 per dozen*; Sherman Mills, \$3.20.

Item 3. 500 Blankets, White, Cotton, 72 x 90, Equal to Sample at Boston City Hospital, Each.—A. S. Aloe Company, \$1.99, as per sample; Gloucester Store, \$2.125; Sparrow Chisholm Company, \$1.65*; Sherman Mills, \$2.10; Bates cotton product.

Item 4. 6 Dozen Nurses' Scrub Gowns, White, Size 40, Drawstring Waist, Equal to Sample at Boston City Hospital, Per Dozen.—Gloucester Store, \$38; Thomas W. Reed Company, \$33*; Sparrow Chisholm Company, \$48.

Item 5. 4 Dozen Nurses' White X-ray Gowns, Equal to Sample at Boston City Hospital, Per Dozen.—Gloucester Store, \$39.50; Thomas W. Reed Company, \$30.*

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing supplies and labor. Communications from heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, August 31, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Awarded to the Patrick Ross Company, 14 Camp street, Cambridge, Massachusetts, after public bidding, was a contract in the amount of \$3,985 for high pressure steam cleaning of all surfaces of the interior of the cafeteria of Brighton High School, soiled by fire, which consumed all stored foods, food supplies, storage racks, etc.

Immediately upon negotiation of the contract employees of the Patrick Ross Company started the work of removal of the soil by the steam process specified and discovered that the soil, a gluey mess, could not be removed by detergent processed steam at 150 pounds per square inch nozzle pressure even with three applications of steam, two more than specified, and not satisfactorily with multiple applications. Consequently sandblasting, at 130 p.s.i. tank pressure, was tried and found wanting; it would not remove the soil. The results created not only a problem requiring experimentation but an emergency, as the cafeteria must be in operative condition by September 17, 1951, to accommodate approximately 1,200 students who lunch there each day school is in session.

The Finance Commission, through a representative of that organization who attended the experiments conducted August 29, was informed of the condition as it was obvious that moneys in excess of the amount contained in the contract would have to be expended to acquire the results desired. The Finance Commission's representative agreed that expenditures above the amount of contract were necessary and also agreed to the procedure which I proposed, for which I ask your approval.

The procedure is as follows:

To apply detergent processed steam at 150 p.s.i. nozzle pressure for the purpose of softening the soil, same to be followed by sandblasting before soil again becomes hardened so that the cleaned surfaces return, substantially, to their original state, that is, bare concrete, brick and tile surfaces.

To accomplish this it will be necessary to utilize the services of the workmen on a double-time basis throughout Saturday, September 1 and Labor Day, September 3, and as may be necessary subsequent thereto, until the process of cleaning is completed prior to September 17, the first Monday after the opening of school.

The additional expenditure, a sum not to exceed \$10,000, shall be controlled and accounted for as follows:

The Patrick Ross Company will charge the prevailing rate of wages for labor established by the Massachusetts Department of Labor and Industries, and contained in the original contract, plus social security, insurance, and other compulsory taxes as mandatorily charged, and in addition to these charges he shall be paid a profit of 15 per cent of such accumulated costs. For equipment he shall be paid the currently accepted rate for daily rental of like or similar equipment plus 10 per cent

of the daily rental rate for each day the equipment is used in the work.

An inspector in the employ of the Department of School Buildings will be at the site daily to keep an incontestable and certified record of every phase of the procedure, including inspection and acceptance of the work.

As the conditions described constitute an unavoidable emergency that must be corrected before Monday, September 17, and as the only equitable solution of the problem is to proceed as I have recommended herein, and as it is to the advantage of the City of Boston to proceed in the manner herein set forth, I respectfully request your Honor's approval of my recommendations of procedure with the understanding that the cost of the completed operation will not exceed \$13,985.

Your consideration of my recommendations is earnestly solicited.

Very truly yours,

JAMES H. MOONEY,

Superintendent of Construction.

INSTITUTIONS DEPARTMENT.

BOSTON, August 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your authority is respectfully requested to permit the Institutions Department to award a contract, without publicly advertising, to C. A. Foley, 47 Summer street, Hyde Park, Mass., in the amount of \$6,085.

This contract was for the hire of boat service between Boston and Long Island, to replace the motor vessel "James M. Curley" while it was being repaired at the Bethlehem Steel Company shipyard.

The rate was \$30 for the first round trip per day and \$20 for each succeeding round trip. The boats "Minot" and "Mariner" were hired each day in July, with the exception of the first and the twentieth. They were also used August first and second.

When the motor vessel "James M. Curley" was out of service for repairs an emergency existed. Boat service was necessary immediately to transport patients and employees to Long Island. Because in the year 1950 the two boats hired, the "Minot" and the "Mariner", owned by Mr. Foley, were used regularly by this department, they were called into service. In the past they had proven satisfactory and the cost was fair. They are the only boats in the harbor adaptable for this department's use.

It was not possible to enter into a contract until the work was completed as the number of trips these boats would make could not be foreseen. The cost has been checked carefully. It is considered fair both for the amount and type of the work.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

HOSPITAL DEPARTMENT.

Sanatorium Division.

BOSTON, September 18, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids and to award a contract to Otis Elevator Company, 130 Clarendon street, Boston, Massachusetts, for maintenance of two Otis push-button electric passenger elevators, one Otis car-switch electric passenger elevator and one Otis push-button electric dumb-waiter, located at

the Sanatorium Division of the Boston City Hospital, for the period commencing on October 1, 1951, to March 31, 1951, inclusive, at a monthly cost of \$198, the total cost for the contract period not to exceed the sum of \$1,188.

This company is in the unique position of having both manufactured and installed the elevators and dumb-waiter and has access to all the necessary parts, material, and employs the skilled personnel essential to properly carry out its services as provided for in the proposed contract, and, in addition, at the present time, is being entered into a contract with the City of Boston, through the Board of Trustees, for making repairs and renewals to the above-mentioned elevators and dumb-waiter.

As specified under the terms of the proposed contract, appropriate deductions will be made by the city from the monthly payments made to the contractor on account of any day or days in any particular month, during which any elevator or elevators, and/or dumb-waiter become unavailable for their customary uses and hence temporarily not a subject for maintenance under the contract now proposed because of the contractor being actively engaged in carrying out its aforesaid repairs and renewals contract.

It is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the contract, without advertising, to the Otis Elevator Company, and the Board is further of the view, that in the light of all of the circumstances, nothing would be gained by publicly advertising for bids for this work.

Respectfully yours,

MARY MOORE BEATTY, M. D.,
Assistant Superintendent.

PUBLIC CELEBRATIONS.

BOSTON, June 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In connection with the Public Celebration of July 4, 1951, I have planned, subject to your approval, to engage the following orchestras and bands to play at the various playgrounds and public squares:

Bernie King Orchestra, \$355.30; Lambert Brothers, \$188.40; Frank "Bud" Miller, \$264; Emmett O'Brien, \$514.60; Shea's Military Band, \$264; Kelleher's Band, \$844.40; Al Bandera Band, \$759; Charles Bandera, \$114.40; Adams & Soper, Agents, \$370.20; William Ciani, \$303.60; Commonwealth Band and Orchestra, \$330; Gene Dennis, \$100.

Although no one orchestra will receive more than \$1,000, the total amount to be paid will exceed this figure. It would be impossible to have one orchestra to play at these public functions on the same day.

I therefore request your permission to dispense with public advertising and to contract with the above-named orchestra leaders at the sums set opposite their respective names.

Yours very truly,

JOHN D. BROWN,
Director of Public Celebrations.

SUFFOLK COUNTY.

REGISTRY OF PROBATE.

BOSTON, September 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

In connection with the contract of this department for the purchase of photostat

photographic paper, developer, and fixer, I have been informed by the Photostat Corporation of an increase in the cost of said developer and fixer, effective September 4, 1951.

Prices stated in contract:

20-quart developer, \$15.30 per case of 12 packages, current price, \$16.05, increase, 75 cents per case.

10-quart developer, \$8.40 per case of 12 packages, current price, \$8.80, increase, 40 cents per case.

10-quart fixer, \$8.40 per case of 12 packages, current price, \$8.80, increase, 40 cents per case.

According to the terms of the contract any increase in the contract price of said paper, developer, and fixer must be approved by the Mayor of Boston and the Register of Probate.

I hereby approve the above-described increases and respectfully request your approval of same.

Very truly yours,

ARTHUR W. SULLIVAN, *Register.*

SHERIFF'S OFFICE.

BOSTON, September 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Because of the mechanical condition of our 16-year-old beach wagon used for the transportation of prisoners to and from hospitals, institutions, and other penal destinations, it is urgent that it be replaced as soon as possible.

Bowers Motor Sales, Inc., 415 Hyde Park avenue, Roslindale, has submitted an informal quotation on a new 1951 Ford panel truck, equipped with police patrol body embodying ambulance facilities. The panel truck could be used as a pickup wagon, as an ambulance, and when it is impractical to use the jail van it could be utilized as an auxiliary van for transportation of prisoners to various courts and other institutions. He has assured delivery within three weeks.

Because of the urgency, it is requested that authority be granted me to dispense with public advertising for bids at this time and award a contract to Bowers Motor Sales, Inc. It is my opinion that, in this way, the best interest of the city will be served.

The total amount of the contract will be as follows:

One new 1951 Ford panel truck, equipped with police patrol body, including modern safety devices we believe necessary, \$2,519; less excise tax, \$50—\$2,469; allowance on used 1935 Dodge beach wagon, \$75; net price, \$2,394.

Respectfully yours,

FREDERICK R. SULLIVAN, *Sheriff.*

PROCEEDINGS OF SCHOOL COMMITTEE.

April 30, 1951

At the call of the Chairman, a meeting of the School Committee of the City of Boston was held at 10:05 o'clock A. M., in the offices of the Massachusetts Department of Education, 200 Newbury Street, to consider the appointment of assistants in the offices of the Superintendent-Secretary, the Chairman presiding.

Present: Mrs. Dacey and Mr. White.

A quorum not being available it was agreed to recess until a quorum could be obtained.

Because of the doctor's refusal to permit Mr. Ward to attend a meeting in town, it was agreed to meet at Mr. Ward's home, 55 Wallingford Road, Brighton, at 4 o'clock P. M., and the members re-convened at 3:55 o'clock P. M., the Chairman presiding.

The three members present, viz, Mrs. Dacey, Messrs. Ward, and White, waived their right to notice of this meeting.

The Committee was informed by the Acting Secretary she had talked with Mr. McDevitt, by telephone, and he was willing to waive his right to notice of this meeting; and that she had talked with Mr. Muchnick, by telephone, but he was not willing to waive his right to notice of the meeting.

APPOINTMENT OF ASSISTANTS IN OFFICES OF SUPERINTENDENT-SECRETARY

The Acting Secretary presented the following memorandum:

On roll call, the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. Ward, and White—3.

NAYS—0.

ABSENT—Messrs. McDevitt and Muchnick—2.

In connection with the foregoing order, Mr. White called attention to the fact that the salary of forty-three dollars and eighteen cents (\$43.18) a week is the minimum salary for assistants in the administrative offices.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Acting Secretary.

May 24, 1951

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 5:30 o'clock p. m. the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White.

SECRETARY PRO TEMPORE

In the absence of the Secretary and the Acting Secretary, the Committee proceeded to the election of a Secretary pro tempore.

A roll call was ordered and the members as their names were called stated that they voted as follows:

For MARY L. O'BRIEN—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White—5.

The Chairman declared Mary L. O'Brien elected Secretary pro tempore.

AMENDMENTS TO MINUTES

The following was offered:

ORDERED, That the minutes of previous meetings are hereby amended as follows:

Sept. 7, 1950, on page 174, to provide that the appointment of Lois S. Keezer as school nurse, Department of School Hygiene, to take effect Sept. 11, 1950, shall read to take effect "Sept. 1, 1950."

Nov. 21, 1950, on page 230, in the "Report on Waterproofing and Pointing of School Buildings" submitted by the Board of Commissioners of School Buildings, under date of Oct. 13, 1950, to provide for the insertion of the word "not" in the fourteenth line of the third paragraph of Sec. 2 of Standard Specifications, so that the sentence in which it is inserted shall read: "... On work of this kind where it is practically all labor and where the cost per square foot is likely to vary greatly, even on apparently comparable walls, it is not uncommon for the high bidder's price to be three (3) to four (4) times the estimate submitted by the low bidder. ..."

Apr. 27, 1951, to provide that the appointment from the eligible list of Phyllis M. Gallagher as teacher, elementary, second year, William E. Russell District, to take effect June 1, 1951, shall read to take effect "June 19, 1951."

On roll call, the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointment of Walter W. McCarthy, assistant teacher coach of baseball at the Boston Latin School, as reported by the Superintendent at the meeting of Mar. 26, 1951, and which failed of approval.

On roll call the appointment was approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Ward—3.

NAYS—Messrs. Muchnick, and White—2.

In connection with the foregoing, Mr. Muchnick stated that he was voting against the approval of this appointment for the reasons stated at previous meetings and at the conference today.

ELECTION OF ASSISTANT SUPERINTENDENTS

Under the provisions of Chapter 497 of the Acts of 1946, the Superintendent presented the nomination of Eunice C. Hearn, Principal, Norcross District, as Assistant Superintendent for the period May 25, 1951, to Aug. 31, 1952, to complete the unexpired term of Katharine C. McDonnell who retired Dec. 31, 1950.

A roll call being ordered, the Secretary proceeded to call the roll with the following result:

For EUNICE C. HEARN—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

The Chair thereupon declared Eunice C. Hearn elected Assistant Superintendent of Schools for the period May 25, 1951, to Aug. 31, 1952.

Under the provisions of Chapter 497 of the Acts of 1946, the Superintendent presented the nomination of Frank J. Herlihy, Principal, Solomon Lewenberg Junior High School, as Assistant Superintendent for the period May 25, 1951, to Aug. 31, 1953, to complete the unexpired term of the late Gerald F. Coughlin.

A roll call being ordered, the Secretary proceeded to call the roll with the following result:

For FRANK J. HERLIHY — Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

Mr. Ward—Present—1.

The Chair thereupon declared Frank J. Herlihy elected Assistant Superintendent of Schools for the period May 25, 1951, to Aug. 31, 1953.

Under the provisions of Chapter 497 of the Acts of 1946, the Superintendent presented the nomination of John W. Corcoran, Principal, Lowell District, as Assistant Superintendent for the period Sept. 1, 1951, to Aug. 31, 1954, to complete the unexpired term of Michael J. Downey who is to retire Aug. 31, 1951.

A roll call being ordered, the Secretary proceeded to call the roll with the following result:

For JOHN W. CORCORAN—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

Mr. Ward—Present—1.

The Chair thereupon declared John W. Corcoran elected Assistant Superintendent of Schools for the period Sept. 1, 1951, to Aug. 31, 1954.

In connection with his vote on the appointments of Mr. Herlihy and Mr. Corcoran, Mr. Ward made the following statement:

There is nothing that I have against either of these candidates as far as abilities are concerned, but I believe that I consistently voted on the basis of four assistant superintendents only. Therefore, on the nomination of these two additional assistant superintendents I will have to be consistent and vote "Present."

In connection with the foregoing appointments of three Assistant Superintendents, Mr. Muchnick requested that there be included in the public record that portion of his remarks in Conference which had to do with these appointments.

The following is the statement in Conference referred to by Mr. Muchnick:

Madam Chairman: In the executive session which we have just had, the Superintendent gave a detailed, analytical resume of how he arrived at his choice of these three people for the specific positions from among a group of very competent and able people.

The comparisons and the analyses that he gave satisfy me that he not only spent a lot of time and put in a lot of effort, but they further satisfy me that from the records that were available to him and from the information that was available to him, he probably chose the best three people for the particular positions that they are to fill, bearing in mind personality, how they might work with others on the Board of Superintendents and with supervisors and directors, what their background and experience are for the particular jobs for which they have been slated.

I am now prepared to vote "Yes" and in doing so I am in a position to exercise my own judgment rather than the judgment of the Superintendent, who fulfilled his obligation in making the nominations.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of May 24, 1951, transmitting an additional name to be added to the list of successful candidates of the August, 1950, examinations for Certificate VIII. Elementary, Class B, previously reported by the Board of Examiners.

SUMMER REVIEW SCHOOLS

Term 1951

The Superintendent offered the following:

ORDERED, That summer review schools are hereby established for the term 1951 as follows:

Central Summer Review High School, in the High School of Commerce Schoolhouse, Avenue Louis Pasteur, Boston.

Dorchester Summer Review High School, in the Dorchester High School for Girls Schoolhouse, Talbot Avenue and Washington Street.

James P. Timilty Summer Review Junior High School, in the James P. Timilty Schoolhouse, Eliot Square, Roxbury.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White—5.

NAYS—0.

Mr. Muchnick: I would like to have considered the establishment of a second summer review junior high school.

Mr. Ward: Madam Chairman, there were two junior high schools and now it has been cut to one. In other words, you are having all junior high school pupils in the James P. Timilty School. Is that right?

Superintendent: That is right.

Mr. Ward: Now Mr. Muchnick says he would like to have a reconsideration.

Mr. White: Wasn't this taken up in conference?

Chairman: Yes, before you came.

Mr. Ward: He would like reconsideration as to the advisability of opening another junior high school. How can he vote on this matter when you are actually voting to close a junior high school?

Superintendent: We have not voted to close one. We have voted to establish three, two senior high and one junior high.

Chairman: The Board of Superintendents will study it.

Superintendent: And if you want it, we will put it into effect.

Mr. White: You study it.

Mr. Muchnick: I just asked to have it reconsidered whether there should be one more junior high.

Superintendent: This will be on the agenda for the next conference.

The Superintendent offered the following:

ORDERED, That the term 1951 of the summer review junior high school shall begin on Monday, June 25, 1951, and close on Friday, Aug. 10, 1951, and that sessions be held on each day of said term except Saturdays, Sundays and Wednesday, July 4, 1951, from 9 a. m. to 12 m.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

SUMMER CLASSES, DAY SCHOOL FOR IMMIGRANTS

The Superintendent offered the following:

ORDERED, That the Superintendent is hereby authorized to conduct classes of the Day School for Immigrants during the summer vacation, 1951, at such hours and in such buildings as he may determine.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

The Superintendent offered the following:

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service during the summer vacation, 1951, in classes of the Day School for Immigrants, and that persons so appointed upon certification of their services by the Director of Adult Education to the Business Manager shall be paid in accordance with the salary schedule of the Department of Adult Education for similar classes conducted during the regular term.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White—5

COURSE IN PHOTOGRAPHY TRANSFERRED TO BOSTON TRADE HIGH SCHOOL.

The Superintendent offered the following:

ORDERED, That the course in Photography offered in the Brandeis Vocational High School be transferred to the Boston Trade High School, to take effect Sept. 1, 1951.

On roll call the order was passed by the following vote:

YEAS—Messrs. McDevitt, Muchnick, and White—3.

NAYS—0.

PRESENT—Mrs. Dacey and Mr. Ward—2.

Mr. Muchnick: Mr. Superintendent, will that course in photography be limited in the next school year to students currently at the Brandeis Vocational High School or will those pupils at the Boston Trade High School who want to take it be given an opportunity to do so?

Superintendent: Both.

Mr. White: Are you recommending any provisions for girls who want to take it?

Superintendent: Not this year.

Mr. Muchnick: But this coming year boys from the Boston Trade High School can also take it?

CLOSING OF BRANDEIS VOCATIONAL HIGH SCHOOL

The Superintendent offered the following:

ORDERED, That, effective at the close of the current school year, the Brandeis Vocational High School be discontinued.

On roll call the order passed by the following vote:

YEAS — Messrs. McDevitt, Muchnick, and White—3.

NAYS—0.

PRESENT—Mrs. Dacey, Mr. Ward—2.

Mr. White: I would like to ask the Superintendent a question. At the moment there is no determination by this School Committee on what is going to happen now to the Brandeis—what it is going to be used for or how it is going to be handled. The only fact is that you have closed it as Brandeis Vocational High School.

Superintendent: Yes.

Mr. White: And no action has been taken on the use of the building.

Superintendent: The Continuation School classes would still remain in the building if three members of the Committee do not vote to transfer them to the Boston Trade High School and the Trade High School for Girls.

Mr. McDevitt: We have already voted on that.

PROPOSED CLOSING OF CERTAIN SCHOOLS

Chairman: Is it the wish of the Committee to act on the Oliver Wendell Holmes School right now? We decided to hold that over.

Mr. White: I am ready to vote on it.

Mr. Ward: Mr. Superintendent, you said earlier that it was the Committee's wish that the parents out there be notified of the discontinuance. I understood that you were going to do that.

Superintendent: If the Committee wants that done.

Mr. Muchnick: And done at the Henry Vane School also.

Mr. White: I thought that this Committee in conference, on a motion of Mr. Muchnick, agreed to accept your recommendation to close the school. Didn't you make a motion at a public meeting to close it—the Oliver Wendell Holmes School?

Mr. Muchnick: On the Oliver Wendell Holmes School about three weeks ago I moved that it be closed. It was referred to the Board of Superintendents for study; and when it came back at today's meeting with some other items attached to it and almost a part of it, Mr. Ward moved that the parents and residents in the neighborhood be consulted, and that motion, I thought, passed. I made a similar motion with refer-

ence to the Henry Vane School, and the mechanics of working out how to contact the parents, I thought, was left to the Superintendent.

Chairman: That's right.

Mr. Downey: That is done, anyway.

Mr. White: I don't think I was here at that time.

TRANSFER OF CONTINUATION SCHOOL CLASSES

The Superintendent offered the following two orders:

ORDERED, That the Continuation School classes for boys now housed in the Brandeis Vocational High School, be transferred to the Boston Trade High School Building, to take effect Sept. 1, 1951.

ORDERED, That the Continuation School classes for girls now housed in the Brandeis Vocational High School, be transferred to the Trade High School for Girls, to take effect Sept. 1, 1951.

On roll call the two orders passed by the following vote:

YEAS—Messrs. McDevitt, Muchnick, and White—3.

NAYS—0.

PRESENT—Mrs. Dacey and Mr. Ward—2.

TRANSFER OF DAY SCHOOL FOR IMMIGRANTS

The Superintendent offered the following:

NAYS—0.

The following was offered:

ORDERED, That shop foremen, Department of Industrial Arts, who did not receive an increase of \$204 per annum under the provisions of the order passed on June 16, 1950, are hereby granted an increase in salary of \$204 per annum, to take effect Sept. 1, 1951.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

The following was offered:

ORDERED, That the maximum salary of shop foremen, Department of Industrial Arts, is hereby established at the rate of \$4992 per annum, to take effect Sept. 1, 1951.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Ward, and White—4.

NAYS—Mr. Muchnick—1 (For the reasons given in the Conference).

The following was offered:

ORDERED, That the salary of supervisor of handicraft, Department of Special Classes, is hereby established at the following rate, to take effect Sept. 1, 1951:

Minimum, \$3984; annual increment, \$144; maximum, \$5424; and that as of Sept. 1, 1951, Vincent P. Connors, supervisor of handicraft, Department of Special Classes, be advanced to the maximum of the rank, namely, fifty-four hundred and twenty-four dollars (\$5424).

PRINTING OF ARTICLE ON "BIGOTRY"

Mr. Muchnick offered the following:

ORDERED, That, with the approval of His Excellency, Archbishop Richard J. Cushing, and the Hearst Corporation, the article by Archbishop Cushing, entitled "Parents Are To Blame If Children Display Bigotry To Neighbors," which was printed in the Boston Sunday Advertiser, Apr. 22, 1951, is hereby authorized to be printed as a school pamphlet, and that copies thereof be sent to all pupils in the Boston public schools.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

The following article is reprinted from the Boston Sunday Advertiser, Apr. 22, 1951.

Archbishop Cushing writes:

PARENTS ARE TO BLAME IF CHILDREN DISPLAY BIGOTRY TO NEIGHBORS

One Sunday afternoon two months ago a small Negro boy was leaving a variety store in Greater Boston when two older and larger boys leaped upon him and took away a newspaper he had bought for his father.

When the youngster asked to have his paper returned, one of the boys said scowlingly:

"Shut up, or we'll beat you up! You don't belong around here!"

They picked up a stick and chased the small boy down the street.

In another part of Greater Boston an Irish Catholic family moved into a so-called exclusive neighborhood. When their children attempted to make friends with youngsters in the section they were quickly snubbed.

"You're Catholics," a boy told them. "My parents don't want me to associate with you. They said Catholics shouldn't be allowed in the neighborhood."

There has been more than one instance where a Jewish boy was stoned by a gang of hoodlums for no reason whatsoever.

An Italian-American girl applied for a position here in Eastern Massachusetts within the past month and was turned down solely because of her nationality.

And so it goes.

Narrow-minded, ignorant parents, who instill religious and racial bigotry into their children's minds, have no conception of the misery they inflict upon the youngsters of minority groups or those of other religions.

Parents are to blame, because their children hear them casting slurs upon others' religions or nationalities. The children conclude that, if their parents castigate men for being "different" than they are, then it's perfectly all right to do so, too. And that's how bigotry lives from one generation to another, often in violence.

Perhaps, if such unthinking parents knew of the broken lives and suicides that result from intolerance, they might temper their remarks.

There is still a great deal of intolerance in the world today. Fortunately, tremendous strides have been made in overcoming this Godless disease of the ignorant mind.

Education, the press, magazines, radio and television have done their share to enlighten the people against the evils of racial and religious persecution.

No longer does a large segment of our population find it fashionable to be intolerant. Particularly among the "little people," there has been a lessening of bigotry.

Surprisingly enough, however, intolerance still maintains its control over some of those least suspected of being intolerant.

By this I mean there are those who are utterly intolerant of another's religion in everyday life, while they publicly advocate brotherhood with high-sounding phrases.

They expound on the need for tolerance because they find it professionally and socially the thing to do. Yet, in small gatherings among their own club groups and friends, they whisper their scorn of Catholics, or Protestants, or Jews. And, quite frequently, their remarks are peppered with con-

temptuous slurs against those not of their faith.

To me this display of tolerance is a hypocritical farce. If you want tolerance to be a part of everyday living, you must practice what you preach.

And one thing more. There are those who wouldn't think of disobeying the cardinal laws of their religion. Yet, they think nothing of maligning another because of his national background, foreign-sounding name or foreign birth.

The minority groups feel the brunt of this great sin against charity every day.

The bigots get up in arms when a family of Italian, Jewish, Negro or Irish background—to cite a few minority groups—move into the neighborhood.

They don't want anything to do with them. They look upon minority groups as little better than "trash." And as far as associating with these people—no matter how fine and good they might be—that is completely out of the question.

I say a man cannot be a good Catholic if he is anti-Protestant, or anti Jew!

Nor has intolerance any place in the Jewish religion.

And a man cannot be a good Protestant, even if he is a minister, if he is anti-Catholic or anti-Jew!

Remember, Jesus Christ said: "Whatever you do unto the least of my children, ye do unto Me."

Mr. Muchnick: Mr. Superintendent, on the Archbishop's article, can that be prepared, printed, and distributed before the close of school?

Superintendent: We will make an effort to do so, Mr. Muchnick. It will depend upon the city printing plant.

Mr. Muchnick: Thank you.

ANNUAL REPORT OF THE SUPERINTENDENT

A communication was received from the Superintendent, under date of May 26, 1951, submitting the sixty-eighth annual report of the Superintendent of Schools.

The report covers the school year ending Aug. 31, 1950.

The report was accepted.

The following was offered:

ORDERED, That this Committee hereby adopts as its Annual Report for the year 1950, the Annual Report of the Superintendent.

On roll call the order was passed by the following vote:

APPOINTMENT OF JUNIOR BUILDING CUSTODIANS

A communication was received from the Superintendent, under date of May 26, 1951, recommending that the action of the School Committee at the meeting of Apr. 13, 1951, appointing the following-named junior building custodians, to take effect Apr. 11, 1951, is hereby rescinded:

Richard R. Boly—Brighton High School.

Thomas V. Hayes—Pauline Agassiz Shaw School.

Gerard Duffy—Rosindale High School.

Robert F. Ridge—English High School.

Robert J. Smith—Paul Revere School.

Harold E. Phillips—Donald McKay Junior High School.

John F. Burns, Jr.—English High School.

Placed on file.

Mr. Muchnick: What was the reason for rescinding these appointments?

Mr. Reardon: We were going down the list to get our full quota of 143 men. Civil Service allowed us to go down on the list until a veteran on the list went up and explained that he had a disability allowed. Then Civil Service held up the list, although we had appointed seven junior custodians. They stopped us from using them, and sent down another list with the name of the man who had been allowed disability. He advanced to second place.

Mr. Muchnick: Of the 143 originally appointed, are there any who are now unappointed as a result of this?

Mr. White: The answer to that is no.

Mr. Muchnick: Will everybody who was appointed in the original 143 remain appointed?

Mr. Reardon: Yes. We didn't get the full 143; these ten appointees will complete the quota of 143. Civil Service stopped us from going down on the list because some veteran claimed credit for disability.

Mr. White: He had a right to do that because he had been granted disability.

Mr. Reardon: That's right, but Civil Service stopped us from going down the line, and they sent us another list with that man's name moved up.

Mr. Muchnick: Was the man who claimed disability appointed in the original 143?

Mr. Reardon: No.

Mr. Ward: He would have been if he had his disability allowed.

Mr. Muchnick: Will the one who was number 143 in the original group of appointments remain a custodian, or is he now no longer a custodian as a result of this?

Mr. Reardon: We didn't make 143.

Mr. McDevitt: In other words, you appointed 133, is that right?

Mr. Reardon: Yes. We had to keep going down because some of them were in military service.

Mr. White: You haven't appointed 143. You only appointed 133. You are completing the 143 now.

Mr. Reardon: That's right.

Mr. Muchnick: Madam Chairman, in view of the fact that the Brandeis Vocational High School is, at least as of this date, closed, we don't need 143. We need seven fewer than 143, so I don't know why we should make these appointments.

Mr. Reardon: We asked some time ago to replace 16 juniors who were promoted to seniors. I am not now replacing those 16

juniors, so there are only two permanent men at Brandeis to be taken care of.

Mr. Muchnick: Of the 143 that were appointed for the purpose of taking care of the 40-hour week, seven in total were for Brandeis; those who were appointed about a month ago plus those who were working at Brandeis at the time I refer to. There are seven custodians assigned to Brandeis.

Mr. Reardon: No, sir.

Mr. Muchnick: Well, how many, Mr. Reardon?

Mr. Reardon: Five juniors.

Mr. Muchnick: And weren't there two others?

Mr. Reardon: And one senior.

Mr. Muchnick: Only six?

Mr. Reardon: That's right, five juniors.

Mr. Muchnick: There are only six. I am wrong in my figures. Now, it seems to me that these 143 can be reduced by six and can also be reduced by the one or two who are currently working at the Parkman and the M. Gertrude Godvin Schools. There would be no need for the appointment of these ten so long as they haven't already been appointed.

Mr. Reardon: That isn't right. We only have two permanent juniors at Brandeis; the other three are temporary.

Chairman: Why don't we hold this up until the next meeting? Is there any objection to that, Mr. Reardon?

Mr. Reardon: These men have given up jobs. They are already working for us.

Chairman: Then let us call the roll on this.

Mr. Muchnick: I still don't understand why, if the full complement hadn't been appointed and when there are others to be appointed, you have to rescind any appointments.

I don't understand why there should be the order to rescind the appointment of seven who did not complete the list of 143.

Mr. Reardon: That was caused by Civil Service action. They stopped us from continuing on the list.

Mr. Muchnick: I would like to have this put over.

Mr. White: You can't do that.

Superintendent: Civil Service, Mr. Muchnick, changed the list.

Mr. Ward: If these men have been notified and have given up their jobs—

Chairman: The majority of the School Committee feels that this should be acted on tonight.

The following was offered:

ORDERED, That the action of the School Committee at the meeting of Apr. 13, 1951, appointing the following-named junior building custodians, to take effect Apr. 11, 1951, is hereby rescinded:

Richard R. Boly—Brighton High School.

Thomas V. Hayes—Pauline Agassiz Shaw School.

Gerard Duffy—Roslindale High School.

Robert F. Ridge—English High School.

Robert J. Smith—Paul Revere School.

YEAS—Mrs. Dacey, Messrs. McDevitt, and White—3.

NAYS—0.

PRESENT—Messrs. Muchnick, and Ward—2.

A communication was received from the Acting Secretary reporting that the Director of Civil Service has certified the following-named persons as eligible to fill ten positions as junior building custodians, to complete the quota of one hundred forty-three: Raymond K. Washington, John J. Lenane, Robert E. Fitzgerald, Robert T. Doherty, John F. Cronin, Maurice R. Wall, Richard R. Boly, Thomas V. Hayes, Gerard Duffy, Robert F. Ridge, Robert J. Smith, Harold E. Phillips, John F. Burns, Jr., Eugene J. Lafferty. Placed on file.

The following was offered:

ORDERED, That the following-named persons, the first ten on the Civil Service list willing to accept, are hereby appointed to the position of junior building custodian in the schools indicated, to take effect May 23, 1951.

Raymond K. Washington — Lewis Junior High School.

John J. Lenane—Paul Revere School.

John J. Cronin—Pauline Agassiz Shaw School.

NAYS—Messrs. Muchnick, and Ward—2.

TRANSFER OF CUSTODIANS

A communication was received from the Superintendent, under date of May 26, 1951, recommending that the following-named senior building custodians, who stand at the head of their respective lists, be transferred to the schools indicated, to take effect on May 16, 1951.

John J. Beatty from the John Boyle O'Reilly to the custodianship of the Everett Schoolhouse.

John J. Doherty from the Longfellow to the custodianship of the Albert Palmer Schoolhouse.

Harry H. Downing from the Columbia Village to the custodianship of the Henry L. Higginson Schoolhouse.

Robert W. Green from the Martha A. Baker to the custodianship of the Charles H. Taylor Schoolhouse.

James E. Johnson from the Dorchester High School for Boys to the custodianship of the Hyde Park High School.

James J. Lafferty from the Joseph Tuckerman to the custodianship of the Winchell Schoolhouse.

George L. Smith from the Henry Vane to the custodianship of the Sophia W. Ripley Schoolhouse.

James Solari from the Winship to the custodianship of the Hobart Street Schoolhouse.

Edward J. Walsh from the Theodore Roosevelt to the custodianship of the Bunker Hill Schoolhouse.

The communication was placed on file and on roll call the transfers were approved by the following vote:

SALARY ORDERS

The following was offered:

ORDERED, That all full-time permanent employees subject to the restrictions of the 1875 law shall receive an increase in compensation at the rate of twenty-two dollars (\$22) per month, to become effective on Sept. 1, 1951.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and Ward—4.

NAYS—0.

ABSENT—Mr. White—1.

The following four orders were offered:

ORDERED, That all full-time permanent employees listed on monthly payrolls and not subject to the restrictions of the 1875 law shall receive an increase in compensation at the rate of twenty-two dollars (\$22) per month, to become effective on June 1, 1951.

SUMMARY OF APPROPRIATIONS FOR MAINTENANCE EXCLUSIVE OF ALTERATIONS AND REPAIRS

In accordance with the provisions of Chapter 224 of the Acts of 1936 as amended by Chapter 117 of the Acts of 1949 the amount of \$1,000,000 was appropriated for General School Purposes by the City Council on the recommendation of His Honor the Mayor. The total appropriations in 1951 for maintenance exclusive of alterations and repairs now are

ORDERED, That all full-time permanent employees listed on weekly payrolls, except the head bookbinder and bookbinders, shall receive an increase in compensation at the rate of five dollars (\$5) per week, to become effective on June 6, 1951.

ORDERED, That school physicians, supervising school physicians and supervisor of nutrition not subject to the restrictions of the 1875 law shall receive an increase in compensation at the rate of thirteen dollars and twenty cents (\$13.20) per month, to become effective on June 1, 1951.

ORDERED, That the salary of Cecelia V. Irwin, permanent part-time telephone operator, Administration Building, is hereby established at the rate of twenty-three dollars (\$23) per week, plus \$5.04 a day when called on to work a full day, to become effective on June 6, 1951, and to continue until otherwise ordered.

On roll call the four orders passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Ward—3.

NAYS—Mr. Muchnick—1.

ABSENT—Mr. White—1.

In connection with his votes on the foregoing five orders, Mr. Muchnick stated that he was voting Yes on the first order and No on the other four orders purely on the principle that it seems to him that all School Department employees should be treated alike, and that if teachers do not get an increase until September 1st, the other School Department employees shouldn't get the increase until September 1st. He would like to see the non-teaching force increase effective at the same time that the teaching force increase is effective. He has no objection to the principle of the increase.

The following communication was presented:

City of Boston—Department of School Buildings
26 Norman Street
June 6, 1951

Miss Louise Kane,
Secretary, Boston School Committee,
15 Beacon Street, Boston, Massachusetts.

Dear Miss Kane:—

Under even date, the Board of Commissioners of School Buildings received the following proposed transfer order:—

ORDERED: That of the amounts appropriated by the School Committee on April 2, 1951, to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards," for the fiscal year 1951, the following sum is hereby transferred:

FROM	
Item E—General Alterations and Repairs	\$7,500.00

TO	
Item A—Administration Expenses: Salaries	\$7,500.00

At a special meeting of the Board of Commissioners of School Buildings which was held this date, it was voted to report favorably upon the above proposed transfer order.

Very truly yours,

Board of Commissioners of School Buildings:

(signed)

ROBERT A. MacLELLAN
Chairman

ABSENT—Mr. White—1.

BRANDEIS VOCATIONAL HIGH SCHOOL

Mr. Ward: Madam Chairman, I would like to ask that a public meeting be held and that the Home and School Association and the faculty of the Brandeis Vocational High School appear before the School Committee before any final action is taken. I have a very definite picture of the Brandeis Vocational High School, Mr. Superintendent, and I'm inclined to believe that something can be worked out in a building like that so we may possibly be able to keep this school open. If there are one hundred opportunity students in the City of Boston that can be saved at a cost of \$47,000, and all the saving is going to be is \$47,000, as you expressed it, I think there may be some plan worked out where the Brandeis Vocational High School can remain open, and we can enlarge it instead of saying that we don't need it any longer. I would like to have the Home and School Association, plus the alumni of the school, plus the faculty of the school appear before the School Committee, and they may have some suggestions that may be honored by the School Committee in an effort to try to keep the Brandeis School open. That is just for a public hearing.

Superintendent Haley: I want to call to the attention of the Committee that a vote was taken in public meeting, and I think the vote was three to two. It was three at least. There were three votes to close the Brandeis Vocational High School, and we have taken steps to carry out the wishes of the School Committee.

Mr. Ward: It wasn't the wish of the School Committee.

Superintendent Haley: It was the wish of the majority.

Mr. Ward: On your recommendation.

Superintendent Haley: That's right.

Mr. Ward: But if the Brandeis faculty, if the Brandeis Alumni, and other people interested in keeping the school open can bring to your mind a certain program that might bring more pupils there, I know that you would probably in all fairness have a change of mind. You could have a change of mind if some program is brought in here.

Superintendent Haley: We have gone into it in great detail, Mr. Ward.

Mr. Ward: I think that is something we have allowed everybody, and we are not going to deny the Home and School Association or the Faculty or the Alumni of the Brandeis High School to come in here and show what they have accomplished over the last twenty years. We have a building that's twenty years old, and you, Mr. Superintendent, stated the other day that building could be sold for \$1,000,000.

Superintendent Haley: I said I would like to get \$1,000,000 for it.

Mr. Ward: Mr. Superintendent, you couldn't build that high school for \$6,000,000 today.

Superintendent Haley: It's assessed for about \$1,000,000.

Mr. Ward: It cost \$1,500,000 to build only twenty years ago. If you tried to build a high school like it today, it would cost between \$6,000,000 and \$7,000,000. It doesn't seem to me that when we have so many old dilapidated buildings and have a good building like this that we couldn't utilize that for school purposes, for the education of the pupils, and particularly for the education of opportunity students for which it was originally planned. I grant you they don't have the numbers there.

If we had two boys on a raft, the Coast Guard would go out and probably spend \$500,000 to save those two lives. If we can't spend \$47,000 to save one hundred pupils a year, then I think that we are negligent. I think these boys who are seeking to have that opportunity—since we have the facilities and they are prepared and ready for it—should be granted that public hearing. I know the School Committee will grant a public hearing, because they have never denied one. Notwithstanding that I would like to ask the Superintendent if he would or if the School Committee would ask the Superintendent, until such time as this hearing is held, to suspend activities so far as going along with a program on the Brandeis Vocational High School.

Superintendent Haley: As I said at the last meeting, this matter was brought in to the Committee back in March and the Committee,

in an informal discussion, agreed to it. Then the next step was a vote, a formal vote in conference, and we proceeded in keeping with the wishes of the majority of the Committee as expressed in conference.

Now following that a vote was taken in the public meeting and three members of the Committee at that time voted, I believe, to close the Brandeis Vocational High School. I think the three members were Mr. Muchnick, Mr. McDevitt, and Mr. White.

Now we are proceeding, Madam Chairman and members, in keeping with the expressed wishes of the majority of the Committee, and we shall continue to do that until a reconsideration is asked for in the proper manner, and until a majority of the Committee reverses in public meeting the decision of the majority of the Committee in a previous public meeting to close the building.

Mr. Ward: Madam Chairman.

Chairman Dacey: Mr. Ward.

Mr. Ward: Madam Chairman, I will ask now that this School Committee reconsider its action on closing the Brandeis Vocational High School.

Mr. McDevitt: Madam Chairman, I think this is a matter for the full Board.

Mr. Ward: It's not a matter for the full Board. It's a matter for three members of this Committee. The Superintendent expressly stated that two members were not in harmony with it. Now if you, Mr. McDevitt, or Mr. Muchnick, feel that you want to reconsider this matter, there is nothing to deprive you from voting again the same way in which you have, after you have heard the parents of the Home and School Association, the faculty, and the people interested in a program for the Brandeis Vocational High School.

Mr. Muchnick: Madam Chairman, at this time I'm not prepared to vote either for or against reconsideration on the Brandeis. Based on the information that the Superintendent furnished to us, it was my considered judgment that we should close the Brandeis. To this date I know of no reason why I shall change my vote on that matter. If, however, Mr. Ward has certain information or feels that as a result of a public hearing there could be certain information given to me or to the other two members who voted in favor of closing, that might get us to change our minds individually or collectively, I for one am in favor of a hearing, and I will try to attend it at any time that it is called. If Mr. Ward will change his motion to have a hearing held on some specific date, it is perfectly all right with me.

Mr. Ward: The first thing is whether the School Committee will reconsider its action on the closing of the Brandeis Vocational High School.

Mr. Muchnick: That is the second thing.

Mr. Ward: Well, then, I ask that the Chairlady, if she will,

designate a date for a public hearing for the Brandeis.

Chairman Dacey: Do you want me to designate the date now?

Mr. Ward: If you care to.

Mr. Muchnick: I don't care.

Mr. McDevitt: Leave it to the Chair.

Mr. Muchnick: In view of what the Superintendent has said, the sooner, the better. If there is going to be a change in decision obviously the Superintendent should know about it as quickly as possible, and if there isn't going to be a change, the same conclusion follows.

Mr. Muchnick: Madam Chairman, regardless of when this hearing is held on the Brandeis, it seems to me that we ought to meet as soon as possible, preferably the end of this week when there won't be graduations in the way, because there are many items that should be acted upon. There are certain recommendations that we are to receive from the Superintendent on the question of some proposed school consolidations or closings. There are certain votes to be taken with reference to the Oliver Wendell Holmes situation and—

Chairman Dacey: We are aware of the many things that have to be taken up.

Mr. Muchnick: It seems to me if we are to have the Superintendent and the Board of Superintendents administer the school system as efficiently as possible, we ought to let them know as soon as possible what schools will or won't be closed.

Mr. Ward: Would Monday be an early enough date? If I suggest that date, Madam Chairman, would you recognize Monday?

Mr. Muchnick: Are there any graduations this Friday night?

Mr. Ward: Am I to understand that reconsideration is granted as to the vote taken on the closing of the Brandeis Vocational High School?

Mr. Muchnick: It seems to me there may be nothing to reconsider.

Mr. Ward: All right. I have a motion that after the hearing I'll ask for reconsideration.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Acting Secretary.

ASSESSED VALUATIONS RISE.

The upward trend in assessed values of real estate is continuing, according to the National Association of Assessing Officials. The 1949 tentative assessed value of real estate in New York City is \$18,230,305,297, an increase of \$645,813,084 over the 1948 figure. However, it is still below the all-time high of \$19,616,915,000 recorded in 1932. Philadelphia reports a 1949 valuation of \$2,847,655,787, an increase of more than \$88,000,000 over the 1948 total. Jefferson County, Kentucky, which contains the city of Louisville, reported an increase of \$98,961,180 in its total assessed valuations for 1948 over the 1947 figure, reaching a total of \$1,082,767,925. The assessed valuation of Phoenix, Arizona, increased over 60 per cent last year, from \$101,000,000 to \$166,000,000. Last year the assessed valuation of the city of St. Louis was increased to \$1,379,814,846, which is \$49,000,000 over the 1947 level.

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1,917 communities in 1948 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the form of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

BOSTON PORT GAINS IN IMPORTS AND EXPORTS.

Gains in foreign tonnage in both import and export classifications were recorded in April of 1951 as compared to April of 1950. Director John M. Bresnahan of the Port of Boston Authority announced last night.

Total foreign trade increased from 466,719 tons to 507,542 tons, with exports rising from 28,960 tons to 46,469 tons. Imports increased from 437,759 to 461,073 tons.

Total port trade from January through April of this year was 7,439,088 tons, an increase of 1,184,632 tons over the figure for the same four months of 1950, Bresnahan said.

TRAFFIC SAFETY AWARDS WON BY CITIES.

Cities winning awards for excellence in traffic safety have recently been announced in three national contests. A total of 578 cities with populations over 10,000 participated in the traffic safety contest conducted by the National Safety Council, and cities winning first place in their population groups were Washington, D. C.; Syracuse, New York; Berkeley, California; Jackson, Michigan; and Belmont, Massachusetts. Peru, Indiana, and Stillwater, Oklahoma, tied. The national grand award for cities was won by Washington, D. C. Cities winning second and third places were Buffalo, New York; Milwaukee, Wisconsin; Oklahoma City, Oklahoma; Kansas City, Missouri; Arlington, Virginia; Wichita and Topeka, Kansas; Oak Park, Illinois; Burlington, Iowa; Plainfield, New Jersey; Klamath Falls, Oregon; and Albert Lea, Minnesota. Other awards included a special honor roll of 92 cities of more than 10,000 population which completed 1948 without a traffic death.

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads mounted in the first two months of 1949 included Boston, Buffalo, Cincinnati, Milwaukee, Minneapolis, and Philadelphia. General assistance means relief to the indigent, as distinguished from the three major categories of federal aid given under the Social Security program—aid to dependent, to the aged, and to the blind.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the

necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent

housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

The Trustees of the Boston City Hospital invite sealed proposals for alterations and repairs to roofs of Vose House "A" and "B," nurses' home, Boston City Hospital, 818 Harrison avenue, Boston, Mass., giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., signed by the bidders and left before 2 o'clock P.M., Eastern Standard Time, Monday, October 15, 1951, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read.

The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, Boston, Mass., before the time of opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Board of Trustees reserves the right to reject any or all proposals.

Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., after nine o'clock A.M. on Monday, October 1, 1951.

A deposit of \$10 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

PROPOSALS FOR SEWERAGE WORKS IN SUNCREST ROAD, BETWEEN ALPINE COURT AND RIVER STREET, HYDE PARK, AND MINOR SEWERAGE WORKS AT TENEAN CREEK AND IN FAYSTON STREET, DORCHESTER, AND IN PUBLIC ALLEY No. 430, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Suncrest road, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Suncrest Road, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, OCTOBER 11, 1951, with a certified check for THREE HUNDRED AND FIFTY (350) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Sept. 29.) Commissioner of Public Works.

BOSTON RETIREMENT BOARD AND THE STATE-BOSTON RETIREMENT SYSTEM AGAIN SHOWN IN FLOURISHING CONDITION AND RENDERING FINE SERVICES BOTH TO MEMBERS AND THOSE RETIRING—TOTAL ASSETS IN CASH AND SECURITIES SHOWN TO BE \$48,166,765.33, WITH TOTAL CASH ACCUMULATION OF \$2,472,485.29—252 MEMBERS RETIRED DURING YEAR—COST OF ADMINISTRATION OF BOTH SYSTEMS \$84,014.84.

MAYOR JOHN B. HYNES PLANS ANOTHER YEAR OF CHRISTMAS BOXES FOR ALL BOSTON SERVICEMEN—PLAN BROADENED TO INCLUDE ALL IN FOREIGN MILITARY SERVICE, WHEREVER STATIONED—CHRISTMAS FESTIVAL COMMITTEE CALLED BACK INTO SERVICE FOR UNDERTAKING.

Mayor John B. Hynes has requested the Boston Christmas Festival Committee to make certain that all Boston servicemen and women in Korea, Japan, Europe, or in other foreign military service receive substantial Christmas boxes in time for the holy day. The Christmas Festival Committee is composed of 200 representative Boston businessmen. Harry J. Blake, prominent Boston wool merchant, is chairman, and Col. Paul Hines, the Mayor's industrial advisor, director.

At the same time the Mayor requested the next-of-kin of all Boston men and women in Korea, Japan, Europe, or in other foreign military service to send immediately the names, serial numbers, and home and overseas post-office ad-

MAYOR ORDERS SPEED-UP OF RECOUNT OF VOTES FOR CITY COUNCIL TO EXPEDITE PRINTING OF BALLOTS.

On October 2, Mayor Hynes issued the following statement:

I am this day directing Chairman Joseph Russo of the Board of Election Commissioners to take whatever steps may be necessary to speed up the recount of the City Council vote.

I am doing this primarily in order to expedite the printing of the ballots, so that there may be as much time as possible to send ballots to servicemen overseas.

If the recount is prolonged, it will shorten the period for sending absentee ballots to our servicemen.

I am requesting Chairman Russo to adopt any means within the law which might speed up the recount now in progress.

According to a report of the Boston Retirement Board for both the City of Boston and the State-Boston systems, the organization is filling a greater and greater need with each year and becomes annually a more and more flourishing institution.

The reports show that 252 members were retired during the year ending December 31, 1950, and the cost of administering both systems amounted to \$84,014.84. In the Boston system at the end of the year 1950 there was a membership of 5,319 persons in various groups such as teachers, firemen, policemen, etc.

In the matter of cash and securities the total assets of the system amounted to \$48,166,765.33, with total cash accumulation on hand of \$2,472,485.29.

The complete reports follow:

REPORT OF THE BOSTON RETIREMENT BOARD.

In accordance with section 20 of chapter 521 of the Acts of 1922, the following report of the Boston Retirement System is submitted for publication in the *City Record*.

There is also submitted a report on the condition of the State-Boston Retirement System.

MAYOR PLANS XMAS BOXES FOR ALL SERVICEMEN AND WOMEN IN FOREIGN SERVICE.

(Continued from page 1097.)

dressess of their servicemen to the headquarters of the Christmas Festival Committee, Room 37, City Hall. This is to be done regardless of whether or not parents and friends of Korean veterans mailed in their names last year, as the Festival Committee has no way of knowing if these men are still in Korea.

He also requested the Boston veterans and other service organizations to make certain that the names of all their members on foreign duty be forwarded to the Committee before October 15, and to cooperate with the Christmas Festival Committee in the success of the undertaking.

Last year, at the request of the Mayor, the committee sent large Christmas boxes filled with delicacies and useful articles to the then 464 Boston men in Korea, and gifts to the more than 103 Korean wounded then at Greater Boston service hospitals. At Easter it sent two pounds of specially packed candy to the then 602 Boston men in Korea, and two pounds of fresh chocolates to the then 401 Korean wounded in Greater Boston service hospitals. In July it sent "gratitude boxes" containing needed articles to the then 704 Boston men in Korea. All in all, a total of more than 2,200 packages were sent to Boston men and women in Korea and to the Korean wounded in hospitals.

All of the gifts were sent in the name of "the grateful people of Boston." The money to pay for them was raised through contributions of the members of the Christmas Committee, the general public, and city employees in response to newspaper, radio, and the Mayor's appeals.

Several hundred letters of "thanks," some of them written in the front line, were received from recipients by the Mayor. The Mayor ordered them preserved as official city records.

Contributions to pay for the Christmas gifts should be sent to the Christmas Festival Committee, c/o Robert Cutler, Treasurer, 1 Federal street, Boston. Any amount, large or small, says the Mayor, will be gratefully received.

It is estimated that there are now several thousand Boston men with the armed forces in foreign service. The Mayor says he hopes the committee will send each of these men and women a substantial box of Christmas delicacies and useful articles. However, how substantial the boxes will be depends entirely upon the amount of money received through public contributions.

While the majority of these men and women are not actually engaged in battle, said the Mayor, yet it would be most fitting and proper for the people of their home city to remind them at Christmas that their efforts to preserve the peace the Messiah so fervently desires for "men of good will" have not gone unnoticed.

IMPORTANT NOTICE FROM RETIREMENT BOARD.

To the Heads of Departments.

Will you please bring the following notice to the attention of your payroll clerks?

Chapter 644 of the Acts of 1951 makes certain employees eligible for membership in the State-Boston Retirement System who, up until the time of the passage of this Act (August 29, 1951), were ineligible for membership.

Any person who became, or hereafter becomes, regularly employed by the City of Boston or the County of Suffolk after August 29, 1951, and is under sixty years of age (the age was formerly fifty-five) shall become a member of the State-Boston Retirement System.

Those employees who were not eligible for membership in the State-Boston Retirement System because they were over fifty-five years of age may now become members if they were under age sixty on the date of their original appointment. Such employees may receive credit for their years of service while they were ineligible to membership by making up the retirement deductions they would have paid into the Annuity Savings Fund had they been eligible, together with regular interest.

This make-up payment may be paid in a lump sum or by a payroll deduction plan.

Secretary and Executive Officer.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor and supplies. Communications from heads of the departments interested were as follows:

HEALTH DEPARTMENT.

BOSTON, September 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested for City of Boston to enter into a contract with the Animal Rescue League of Boston, for one year, from October 1, 1951, under the following agreement:

The Animal Rescue League of Boston contracts to board for the necessary period of quarantine, all dogs which may be quarantined at said Animal Rescue League by the City of Boston and to perform the work necessary for complete rabies control in the City of Boston, as designated by the City of Boston, for the sum of eight thousand dollars (\$8,000).

The Animal Rescue League of Boston has been performing the work since 1941, to the entire satisfaction of the Health Department and the contract for the year just ending was approved on an identical basis.

Inasmuch as the Animal Rescue League of Boston is the only organization in Boston equipped to perform this service, your authorization to dispense with advertising is also requested.

Yours respectfully,

JOHN H. CAULEY, M. D.,
Health Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 1, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of July 10, 1951, your Honor approved a contract, which was awarded without advertising publicly for

bids, to Mary E. Taaffe, administratrix of the estate of Edward X. Taaffe, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Brighton Water district.

This contract was awarded on the basis of bids that were obtained after publicly advertising for same on January 25, 1949, from the deceased Edward X. Taaffe, based on the same unit prices and under the same terms and conditions of that proposal.

The current contract is about to expire, but it is most essential to provide for a continuance of the work provided in the contract. The work of this contractor has been very satisfactory and the service rendered has been exceptionally good. The current prices for which the contractor is doing the work are fair and reasonable, and I question if lower prices would be obtained if publicly advertised bids were requested.

In view of the rising market, I believe that it would be in the best interest of the city to take advantage of the prices that were obtained after publicly advertising for bids more than two years ago. This contractor is well organized at this time, is thoroughly familiar with all aspects of the work, and has responded with alacrity in all cases where the Water Division has called on her for assistance in connection with water breaks.

Your approval, therefore, is respectfully requested to the award of a contract, without publicly advertising for bids, for reasons as described above, to Mary E. Taaffe, administratrix of the estate of Edward X. Taaffe of 35 Presentation road, Brighton, in the amount of \$4,000, for earth excavation and refilling to assist Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Brighton district. The work to be performed under this contract is to be completed on or before December 31, 1951, under the same terms and conditions and on the basis of the unit prices that are included in the current contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

BOSTON, September 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

We hereby request your Honor's permission to dispense with public advertising, and to engage the services of Desmond & Lord, architects, 6 Beacon street, Boston, Mass., for architectural services in connection with necessary repairs to certain portions of the walls of the New Court House Building, Pemberton square, from the 14th to the 16th floors, inclusive, and including repairs to the roof.

It is essential that the proposed work, including removal of considerable old brickwork and replacing with new brickwork, and the waterproofing of the roof, be done as promptly as practicable because cracks of substantial length have developed in the outside walls of the above-mentioned floors, and because the roof is not now watertight.

The estimated cost of these repairs is \$50,000, and the architect will be paid a fee equal to ten per cent (10%) of the actual total cost of the work.

In view of the professional nature of the services involved, it is our opinion that nothing is to be gained by publicly advertising for bids.

Respectfully yours,

COURT HOUSE COMMISSION,
THOMAS P. McDAVITT,
Chairman.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Modern Engineering Company, for furnishing and installing new oil burners in the Washington Allston School, from September 1, 1951, to November 15, 1951 (contract approved June 22, 1951).

This extension is requested because of difficulty in getting materials and unforeseen difficulties in testing.

Approval has been given for the extension of the time of completion of the contract with Powers & Mehegan Company for furnishing and installing new oil burners in the Frank V. Thompson School, from September 15, 1951, to November 15, 1951 (contract approved June 14, 1951).

This extension is requested because of the late delivery of equipment.

Approval has been given for an extension of time for completion of the contract with Martin J. Kelly Company, Inc., for egress alterations in various schools in Group G-1, from June 30, 1951, to December 31, 1951. This extension was requested because of a delay in securing necessary material.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

ASSESSING DEPARTMENT.

From 100, Permanent Employees, \$400, to 422, Newspapers and Periodicals, \$400.

ELECTION DEPARTMENT.

From 362, Forms and Cards, \$125, to 519, Electrical Machinery and Equipment, \$125.

PUBLIC WORKS DEPARTMENT.

From Paving Service, 470, Rents, \$750, to Paving Service, 290, Miscellaneous Contractual Services, \$750.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Caddy road, Dorchester district, as a highway, from Monson street to Sanford street, bounded and described as follows:

A highway named Caddy road is hereby laid out, from Monson street to Sanford street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Monson street, forty-seven and 12-100 feet; westerly by the westerly line of said Caddy road as

hereby laid out, by four measurements, forty-six feet, one hundred and 30-100 feet on a curve of four hundred forty-one and 43-100 feet radius, two hundred thirty-four and 53-100 feet, and fourteen and 52-100 feet on a curve of ten feet radius; northerly by Sanford street, fifty-five and 39-100 feet; and easterly by the easterly line of said Caddy road as hereby laid out, by five measurements, sixteen and 89-100 feet on a curve of ten feet radius, two hundred twenty-seven and 98-100 feet, one hundred eight and 26-100 feet on a curve of four hundred seventy-six and 43-100 feet radius, twenty-eight and 82-100 feet, and seventeen and 26-100 feet on a curve of ten feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Caddy road, from Monson street to Sanford street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Caddy road, Dorchester district, as a highway, from Monson street to Sanford street, under the order of the Board of September 23, 1951, and awards no damages therefor.

NEARLY 43,000 VISITED BOSTON'S NEW MUSEUM IN FIRST 6 WEEKS.

Attendance figures at the new Museum of Science Park, Boston, passed the last full year's admissions at the old Museum of Natural History on Berkeley street in only six weeks after the new museum opened.

During the school vacation recently, 10,196 people visited the museum. This brought the first six weeks paid admissions to 45,739. From January 1944 to January 1945, the attendance at the old museum, open four hours longer each day, was but 40,700.

The new museum is open from 2 to 5 P.M., Tuesday through Friday; from 10 A.M. to 5 P.M., Saturday, and 2 to 5 P.M., Sunday. It is closed on Monday.

FIRE DEPARTMENT ORDERS.*General Order No. 43.***I. REINSTATEMENT.**

The following reinstatement, which will become effective at 8 A.M., Wednesday, October 3, 1951, is hereby announced:

Hoseman John J. Cummings, Jr., to Ladder Company 31.

II. CHANGE IN TIME.

Under the Daylight Saving Law, time will be retarded one hour at 2 A.M., Sunday, September 30, 1951. At that time clocks in all department houses will be set back one hour.

All tower clocks without striking mechanisms will be set back at 6.30 A.M. All tower clocks with striking mechanisms will be stopped at 6.30 A.M. for one hour and then started.

Only men who are regularly assigned to wind clocks should be detailed to change tower clocks.

III. SALVATION ARMY.

With this General Order there is being issued to each house and branch division of the department a subscription blank and envelope of the Salvation Army.

Company commanders are requested to call the attention of members of their companies to the Annual Maintenance Appeal of the Salvation Army and accept such donations as the members wish to give. All members of the department know of the excellent service rendered by the Salvation Army in connection with multiple-alarm fires and also its fine record in giving assistance to needy persons.

The suscription lists are to be returned, with the money donated sealed in the envelope provided, to Miss Eleanor J. Cunniff at Headquarters on any weekday, except Saturday, between the hours of 9 and 11 A.M. Final day for receiving contributions will be October 15, 1951.

IV. CHANGE IN LOCATION OF FIRE ALARM BOX.

Notice has been received from U. S. Naval Dry Dock, South Boston, that the location of Box 7514 has been changed as follows:

Naval Dry Dock, Dry Dock avenue and Seventh street, shall be changed to read Naval Dry Dock, northeast corner Building No. 32, Seventh street.

Company commanders shall make the above change on assignment card for Box 7514.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

*General Order No. 44.***I. FIRE COLLEGE OF THE BOSTON FIRE DEPARTMENT.**

PROCEEDINGS OF CITY COUNCIL.

Monday, September 17, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President HURLEY in the chair. Absent, Councilors Lane, Shanley, and Wenzler.

The Right Reverend Francis A. Burke, Pastor of the Blessed Sacrament Roman Catholic Church, Jamaica Plain, was escorted to the rostrum.

INVOCATION BY

RT. REV. FRANCIS A. BURKE.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

When things go wrong, as they sometimes will,
When the road you're treading seems all uphill,
When the funds are low and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit —
Rest if you must, but don't you quit.

Life is queer with its twists and turns,
As every one of us sometimes learns,
And many a fellow turns about,
When he might have won had he stuck it out.
Don't give up though the pace seems slow —
You may succeed with another blow.

Success is failure turned inside out —
The silver tint of the clouds of doubt,
And you never can tell how close you are,
It may be near when it seems afar;
So stick to the fight when you're hardest hit —
It's when things seem worst that you mustn't quit.

May God's blessing be upon you, your work,
and your families. Amen.

The salute to the Flag was given by the members.

HALL STREET ONE WAY.

The following was received:

City of Boston,
Office of the Mayor, September 17, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of September 10, 1951, requesting that Hall street, Jamaica Plain, be made a one-way street, from South street to Call street.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
September 14, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of September 12, 1951, requesting that Hall street, Jamaica Plain, be made one way from South street to Call street, I wish to report that observation of this street reveals that there is a coal company located at the Call street end of Hall street, and that making Hall street one way would require the coal trucks that go to and come from the coal yards to run the entire length of Hall street.

This would increase the truck traffic on the street substantially, and it would seem as though it might be a condition objectionable to the residents of the street.

In addition, of course, it would be an inconvenience to the coal company. Furthermore, if Hall street is made one way from South street to Call street, it will be necessary to make Call street one way from Hall street to McBride street, and thus set up a combination of problems.

In view of these circumstances, it is the opinion of our engineers that no action should be taken on this request pending a petition from the residents of Hall street indicating that they are aware that there will be an increase in truck traffic if the proposed one-way route is acted upon favorably by this Commission.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

"SLOW" SIGNS, HOMES AVENUE, AT TOPLIFF STREET.

The following was received:

City of Boston,
Office of the Mayor, September 17, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of September 10, 1951, requesting the installation of "Slow" signs on both sides of Homes avenue, Ward 15, at the intersection of Topliff street.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
September 14, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order of September 10, requesting the installation of "Slow" signs on both sides of Homes avenue, Ward 15, at the intersection of Topliff street, I wish to report that "Slow" signs are being painted in the roadway of Homes avenue approaching Topliff street, as requested.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

NAMING OF SQUARE IN HONOR OF JOHN F. SULLIVAN.

The following was received:

City of Boston,
Office of the Mayor, September 17, 1951.
To the City Council.
Gentlemen:

I submit herewith an order for the naming of the intersection of Monastery road and Washington street, Brighton, John F. Sullivan Square, in honor of Lieut. John F. Sullivan, a veteran of World War II, who was killed in action.

The Committee has recommended the naming of this site as set forth in the accompanying order. I recommend that your Honorable Body give approval to the accompanying order.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
September 13, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Committee to Memorialize Veterans held this day, it was voted to designate the following intersection in honor of the following-named veteran:

Monastery road and Washington street, Brighton district—John F. Sullivan Square.

Lieut. John F. Sullivan, U. S. Air Corps, was killed in India, September 25, 1943.

Notice of the above vote has been forwarded to the City Council for appropriate action.

Respectfully submitted,

L. W. COSTELLO, Secretary.

Ordered, That the space at the junction of Monastery road and Washington street, Ward 21, be named John F. Sullivan Square, in honor of John F. Sullivan, late veteran of World War II. Referred to the Executive Committee.

INCREASED COMPENSATION FOR MEMBERS OF BOSTON POLICE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, September 13, 1951.
To the City Council.
Gentlemen:

Chapter 665 of the Acts of 1951, having been approved by His Excellency the Governor, can now be acted upon by the Boston city government. This act provides for a salary increase to members of the uniformed forces of the Boston Police Department.

On the basis of comparative salaries paid to policemen in various cities of the United States, and on the basis of the salary paid to officers of the Metropolitan District Commission, it would appear that the increase involved in this legislation is not immoderate.

The cost of this increase for a full year will amount to approximately \$820,640. As customary, like increases in salary will be given to the uniformed members of the Boston Fire Department, so that both of these protective departments of our city may continue to enjoy relatively the same salary scale and working conditions. The total cost for this increase to the uniformed members of the Police and Fire Departments will be approximately \$1,496,180 annually.

These increases in salary will take effect, as provided in the law, on December 1 of this year. I respectfully request that your Honorable Body give approval to this legislation so that we might meet the conditions of the legislation on the day appointed.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That chapter 665 of the Acts of 1951, entitled "An Act Increasing the Compensation of the Members of the Police Department of the City of Boston," be, and hereby is, accepted. Referred to the Executive Committee.

TRUCK ROUTES OUT OF SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, September 17, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the State Commissioner of Public Works relative to your order of August 27, 1951, requesting that plans be made for the construction of proper truck routes out of South Boston; such truck routes to avoid all residential areas and to be constructed before any further work is done, as proposed, on the docks in South Boston.

Respectfully,

J. B. HYNES, Mayor.

Commonwealth of Massachusetts,
Department of Public Works,
September 10, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:

I wish to acknowledge your memorandum of September 5, enclosing a City Council order of August 27, in which it is requested that plans be made for the construction of proper truck routes out of South Boston; such truck routes to avoid all residential areas and to be constructed before any further work is done on the docks in South Boston.

This department proposes to continue the construction of the John F. Fitzgerald Expressway and connecting radial routes, substantially in accordance with the Master Highway Plan, when and if funds for the purpose are made available.

However, it does not seem physically possible to construct any major routes in the City of Boston and "avoid all residential areas."

The docks in South Boston do not come under this department. They are controlled by the Port of Boston Authority.

Sincerely yours,
WILLIAM F. CALLAHAN,
Commissioner.

STATEMENT OF BUSINESS MANAGER

With the permission of the School Committee, the following statement of the Business Manager—in conference—was ordered incorporated in the records of the public meeting:

Business Manager: I think I ought to say something at this time. You intend to start all these increases on September 1. I'm confused, and I think other members of the Board of Apportionment are confused, on exactly how much this is going to cost.

Chairman: Mr. Smith, most of these involve very small groups.

Mr. Ward: This won't involve a great deal of money, if you have \$100,000.

Business Manager: I don't know what we are going to have. I think we ought, after you have expressed your desire to do these things and before you accept the salary schedule on September 1 next, to have the Board of Apportionment report back to you on the approximate cost.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Acting Secretary.

June 29, 1951.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street at 2.10 o'clock A. M., the Chairman presiding.

NEW ENGLAND BUSINESS ACTIVITY.

Business activity in New England continued at a very high level during the first quarter of 1951, according to a recent report of the Federal Reserve Bank of Boston.

Anticipatory buying and an increase in non-secret defense contract awards in

New England from \$47,000,000 in January to \$264,000,000 in February stimulated general business activity. The bank stated that New England producers will do more and more military business as the year goes on.

CITY OF BOSTON.

PARK DEPARTMENT.

INVITATION FOR PROPOSALS FOR CONSTRUCTING A SANITARY AND LOCKER BUILDING AT THE WILLIAM J. BARRY PLAYGROUND, CHARLESTOWN, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for constructing a sanitary and locker building at the William J. Barry Playground, Charlestown, Mass.

Proposals will be received until 2 P.M., Wednesday, October 17, 1951, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$5,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 P.M., Monday, October 15, 1951.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for constructing a sanitary and locker building at the William Gary Walsh Playground, Dorchester, Mass.

Proposals will be received until 2 P.M., Wednesday, October 24, 1951, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$5,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 P.M., Monday, October 22, 1951.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

PROPOSALS FOR REPAIRING THE PAVEMENT OF
THE SUMNER TUNNEL.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for repairing the pavement of the Sumner Tunnel. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairing the Pavement of the Sumner Tunnel," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, OCTOBER 18, 1951, with a certified check for EIGHT HUNDRED (800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

EXPENDITURES FOR VETERANS' SERVICES CONTINUE TO SHOW INCREASE EACH MONTH OVER THE SAME PERIOD FOR 1950 — REPORT FROM COMMISSIONER FRANCIS X. COTTER FOR MONTH OF AUGUST SHOWS JUMP OF OVER \$10,000 ABOVE THOSE OF AUGUST, 1950—1,443 CASES, REPRESENTING 2,663 INDIVIDUALS, BENEFITED THROUGH SERVICES' FINANCIAL FACILITIES.

MAYOR HYNES AND HIS COMMITTEE PLAN FOR GREATER YULETIDE FESTIVAL THAN THAT OF 1950, WHICH WON FOR BOSTON SUCH COUNTRY-WIDE PRAISE AND ADMIRATION—MORE THAN 50 MEMBERS OF COMMITTEE IN COUNCIL CHAMBER FOR A PREVIEW OF PLANNED-FOR FEATURES—PLANS FOR THIS YEAR OUTLINED BY THE MAYOR.

Mayor John B. Hynes and the City of Boston are planning a greater Yuletide festival for this year than last year, when the name and fame of Boston was carried over the entire country by reason of the undertaking which thrilled thousands and brought thousands of visitors from all parts of New England to see or to take part in it.

Plans to make this year's observance "just a little bit better" than the first festival last year were outlined. Boston for the first time in years was the "mecca" for visitors from all over New England, and some from distant points outside the area, the Mayor said.

(Continued on page 1139.)

PAY RAISES FOR POLICE AND FIREMEN SET TO START NOVEMBER 28, INSTEAD OF DECEMBER 1, AS FIXED BY LAW.

With the concurrence of the Police Commissioner, Mayor Hynes, acting under the provisions of chapter 291, section 13, of the Acts of 1906, has approved November 28, 1951, as the effective date for the salary increases to be granted members of the uniformed force of the Police Department. This date falls on a Wednesday, the beginning of the city's payroll week. By making the increases effective on this date, complications which would have arisen if the increases were deferred until the date set forth in the legislative act authorizing said increases, namely, Saturday, December 1, will be avoided.

Expenditures for veterans' benefits continue to mount, according to the report of Francis X. Cotter, Commissioner of Veterans' Services, to Mayor John B. Hynes, for the month of August. The report shows that there has been an increase of \$10,671.25 for the month of August, 1951, over the same month of 1950. A total of 1,443 cases were aided during August, representing a total of 2,663 individuals benefited through the financial facilities of the Services.

There were 195 cases closed due to securing employment or having received unemployment compensation. The complete report to the Mayor reads as follows:

BOSTON, October 1, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of August, 1951.

MAYOR JOHN B. HYNES AND COMMITTEE PLAN FOR CHRISTMAS FESTIVAL.

(Continued from page 1137.)

He predicted that this observance of 1951 would outshine the huge success of last year, when more than 1,000,000 visitors were attracted to Boston.

The Mayor also said the festival last year "really put the city back on the map in a way befitting the holiday season." Harry J. Blake, former president of the Boston Chamber of Commerce and chairman of the festival committee for the second year said, "Hynes has put Boston back on the map, and we are fortunate to have him." He urged all to participate in the festival.

Col. Paul Hines, industrial advisor to the Mayor, who is handling many of the arrangements for the festival, said the events will begin Friday evening, November 30, and continue until January 6.

In addition to the observance here, Hines added, the Mayor and the committee will send out about 1,000 Christmas packages to Boston servicemen in Korea, Europe, or Asia. He asked both businessmen and the general public to send contributions to pay for these packages.

About \$40,000 was spent last year on festival expenses, but, since all the fixtures have been saved, the committee will require only about \$20,000 this year. Mayor Hynes pointed out that the city contributed \$15,000 in 1950 and would probably give about \$10,000 this year. Representatives from business, industry, the armed forces, and civic groups attended.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, October 2, 1951.
To All Department Heads.
GENTLEMEN:

In the past year you have been exceedingly generous in cooperating with me whenever I have called upon you to help out civic welfare projects. I am sincerely grateful, and presume once again upon your kindness.

The Catholic Guild for the Blind, headed by its very able and popular chaplain, Father Thomas Carroll, is now conducting the 1951 Odd Change Harvest, its annual appeal for funds.

Many of you doubtlessly know the splendid work the Catholic Guild for the Blind has done in the past for its 4,000 blind members in training, rehabilitating, and otherwise helping the blind become self-supporting, self-respecting, and productive citizens.

But to continue its work the Guild needs funds. It would be most unfortunate if its work had to be slowed down, or one blind person missed the opportunity to make his life more worth while than it now is, because the Guild needed money.

Col. Timothy O'Leary of the Public Works Department will contact you in the near future to explain the method of contribution. I respectfully urge you to give him all the help you can.

Thanking you again for your kind cooperation in the past, and thanking you anew for helping make the Odd Change Harvest a success, I am,

Very truly yours,

JOHN B. HYNES,
Mayor.

NEW DISTRICT OFFICE BUILDING FOR OVERSEERS OF PUBLIC WELFARE SOON TO BE CONSTRUCTED—TO BE ERECTED AT SCHUYLER STREET AND BLUE HILL AVENUE IN GROVE HALL SECTION OF ROXBURY-DORCHESTER—WILL SERVE APPROXIMATELY 5,000 INDIVIDUALS AND BE COMPLETED IN FALL OF 1952.

Mayor John B. Hynes has announced that construction has begun on a new district office building for the Overseers of the Public Welfare. This new building is to be situated at the corner of Schuyler street and Blue Hill avenue in the Grove Hall section of Roxbury-Dorchester.

The new building will be equipped and maintained by personnel to service approximately 5,000 individuals and families comprising over 10,000 individual persons. It is hoped that the building will be completed by the early fall of 1952. Upon completion it will allow the abandonment of two outmoded school buildings which are being used, at Mt. Pleasant avenue in Roxbury and Glenway street in Dorchester.

CIRCULAR LETTER.

CITY OF BOSTON,

MAYOR'S OFFICE, October 9, 1951.

To All Department Heads.

GENTLEMEN:

I am very anxious to make effective, at the earliest possible date, the classification and compensation plans for the employees of the city, which have been developed by the J. L. Jacobs Company. The recommendations of the Jacobs Company are divided into two parts, namely, a classification plan which assigns each position to its proper class, and a compensation plan containing rates of pay for all classes of positions included in the classification plan.

Before a compensation schedule can be adopted, it is essential that the classification plan be established by the Director of Civil Service, with the approval of the Civil Service Commission, as provided by law. Before the Director of Civil Service establishes the classification plan, each department head should recommend to him any change in the titles of employees which will result from the proposed allocation of the positions as recommended in the Jacobs survey. I have therefore directed the Budget Commissioner to make arrangements to interview each department head with a view to securing the approval required by the Director of Civil Service.

I would appreciate it if each department head would carefully examine the classification recommendations now in his possession and be ready, within the next two weeks, to confer with the Budget Commissioner, so that these reviews may be completed without delay.

Very truly yours,

JOHN B. HYNES,
Mayor.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, September 21, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

We respectfully request your permission to further contract by an appropriate form of amendment, under section 16A, chapter 486, of the Acts of 1909, with the Astor Exterminating Company, 16 Kingston street, Boston, Massachusetts, for extermination of all vermin in the Main Department, South Department, and East Boston Relief Station, Boston City Hospital, for the period commencing January 1, 1952, and ending March 31, 1952.

The above-named company is presently under contract for these services for the period ending December 31, 1951, and is willing to continue their very satisfactory performance of this work at the present rate of \$260 per month for the first three months of the next fiscal year.

This firm was the sole bidder on the existing contract following publicly advertising for bids, and it is felt that the charge of \$260 per month for this extermination service is fair and reasonable and further that nothing would be gained by publicly advertising for bids for the three-month period.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY HOSPITAL,

MARTIN J. ENGLISH, M.D.,
President.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, October 8, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

At the time an order (S 629) was issued to the P. J. Riley Company, I was informed by our chief engineer, Mr. Rogers, that it was contemplated to replace only the defective hot and cold water piping in the toilets of the City Hall Annex Building on the eighth, ninth, tenth, and eleventh floors.

After the removal of marble slabs during the progress of the work, a serious emergency condition was discovered. It was found that sections of 3-inch waste stacks had deteriorated to such an extent that it was impossible to carry any discharge from any fixtures in this section from the eighth, ninth, tenth,

and eleventh floors. This condition was caused by the Old Health Department quarters discharging considerable acids through the waste stack.

It was further discovered that the circulating pipe was corroded at the joints and that it was advisable to replace the entire circulating line from the eleventh floor to basement. This work will entail the removing of additional marble and breaking through the plaster and terra cotta walls in order to make the proper connections.

Due to construction difficulties involving marble slabs, etc., it is impossible to locate the pipe connections to the various fixtures. When the marble slabs are removed, or the terra cotta wall broken and pipe exposed, it will be determined at that time the method of connecting to the various fixtures. This additional work is to be carried on in the way as originally planned, namely, confining the closing down of only one toilet at a time when at all possible. This work is of an emergency nature and impossible to cover with comprehensive specifications.

In view of the foregoing facts, I respectfully request your permission to award a contract covering this work to the P. J. Riley Company of 295 Highland street, Roxbury, on a time and material basis without the usual form of advertising in the amount of three thousand five hundred (\$3,500) dollars. The company is now working in this building and are a highly reputable concern.

If this contract is awarded, it will cancel a previous order (S 629) for this work to the P. J. Riley Company in the sum of eight hundred (800) dollars.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

SUPPLY DEPARTMENT.

BOSTON, October 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Institutions Department has submitted a requisition to this office for one Walter positive four-wheel drive combination dump truck with automatic sander and snowplow unit for use at Long Island Hospital.

The Charles N. Wood Company, 570 Arsenal street, Watertown, is the sole distributor in this area for Walter equipment. Authority is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Charles N. Wood Company. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$18,679.90, less trade discount of \$1,348, making a net total of \$16,952.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For several years, this department has been purchasing doughnut mix for the various city institutions from the Doughnut Corporation of America. This company, in turn, loans their doughnut making machines to the city for use in the various institutions. It is my understanding that no other company maintains a similar policy.

Authority is therefore requested to award a contract, without public advertisement, to Doughnut Corporation of America for furnishing doughnut mix to the various city institutions for the period from October 1 to December 31, 1951, inclusive, at the following prices:

Fifteen cents per pound, 100-pound bags, in lots of ten or more.

Sixteen cents per pound, 100-pound bags, in lots of five to nine.

Seventeen cents per pound, 100-pound bags, in lots of less than five bags.

Total amount of contract will not exceed \$2,000, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Sanatorium Division of the Boston City Hospital for dental equipment.

Inasmuch as the requisition was received subsequent to the public opening of bids for furnishing similar equipment to Long Island Hospital, informal quotations were solicited among the various vendors dealing in dental equipment. Prices were received from two companies.

Authority is requested to award a contract, without public advertisement, to S. H. Reynolds & Sons Company, the low bidder, at a total amount of \$1,678.50, less 2 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for two 1951 Ford automobiles as per specifications to be delivered as soon as possible.

The Bowers Motor Sales, Inc., has two vehicles in stock which can be delivered immediately to the Fire Department and inasmuch as these automobiles are urgently needed for emergency service by the Fire Department authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Bowers Motor Sales, Inc. Total amount of contract will be:

Ford Custom Fordor sedan, eight-cylinder, \$1,909; Ford Deluxe Tudor sedan, six-cylinder, \$1,679; net total, \$3,588.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Secretary.

In Board of Street Commissioners of the City of Boston, August 9, 1951.

Ordered, That due notice be given that this Board is of the opinion that, in said city, a public improvement should be made, consisting of the widening, relocation, and construction of Church street, West Roxbury district, as a highway, between Rendall road and Courtney road, substantially as shown on a plan in the office of this Board, that it intends to pass an order for making said improvement, and that it appoints 11.30 o'clock A.M. of August 22, 1951, and the office of this Board, 401 City Hall Annex, as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

LAWRENCE W. COSTELLO,
Secretary.

In Board of Street Commissioners of the City of Boston, September 27, 1951.

Ordered, That this Board, having passed the orders of notice relating to the public improvement hereinafter described, and having caused copies of said orders to be published July 27, 28, 30, 31, and August 10, 11, 13, 14, 1951, in the Boston Post and Boston Globe, two daily newspapers in the City of Boston, and having given the public hearings, notice of which were given in said orders, and being of the opinion that public convenience so requires, does hereby order the making in said city of the public improvement, shown on a plan marked "City of Boston, Church Street, West Roxbury, August 24, 1951, James W. Haley, Chief Engineer, Street Laying-Out Department," deposited in the office of the Street Laying-Out Department of said city, and named bounded, and described as follows:

The highway named Church street is hereby widened between Weld street and Courtney road, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, owners unknown, bounded:

Westerly by the westerly line of Church street as widened under this order, by four measurements, ten and 72-100 feet on a curve of thirteen and 89-100 feet radius, one hundred thirty-nine and 43-100 feet, one hundred feet, and sixty-six and 48-100 feet; and easterly by the westerly line of Church street as it existed previously to this order, by five measurements, fifty-six and 75-100 feet, eighty-seven and 55-100 feet, one hundred feet, fifty-seven and 21-100 feet, and fifteen and 24-100 feet on a curve of twenty feet radius, containing nine hundred and eighty square feet, more or less.

A parcel of land, supposed to belong to Anna L. Shore, bounded:

Westerly by the easterly line of Church street as it existed previously to this order, by two measurements, forty and 26-100 feet and nine and 79-100 feet on a curve of fifteen feet radius; easterly by the easterly line of Church street as widened under this order, by two measurements, six and 93-100 feet on a curve of ten and 36-100 feet radius and forty-two and 90-100 feet; and southerly by land hereinafter described as taken from Havey, one and 79-100 feet, containing fifty-six square feet, more or less.

A parcel of land, supposed to belong to Clayton L. Havey, bounded:

Westerly by the easterly line of Church street as it existed previously to this order, by two measurements, sixteen and 71-100 feet on a curve of twenty feet radius and fifty-four and 36-100 feet; northerly by land hereinbefore described as taken from Shore, one and 79-100 feet; and easterly by the easterly line of Church street as widened under this order, by two measurements, fifty-nine feet and eleven and 49-100 feet on a curve of thirteen and 84-100 feet radius, containing one hundred and ten square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Church street as hereby widened is bounded:

Westerly side: westerly by the westerly line of Church street as hereby widened, by four measurements, ten and 72-100 feet on a curve of thirteen and 89-100 feet radius, one hundred thirty-nine and 43-100 feet, one hundred feet, and sixty-six and 48-100 feet; and easterly by the westerly line of Church street as it existed previously to this order, by five measurements, fifty-six and 75-100 feet, eighty-seven and 55-100 feet, one hundred feet, fifty-seven and 21-100 feet, and fifteen and 24-100 feet on a curve of twenty feet radius, containing nine hundred and eighty square feet, more or less.

Easterly side: westerly by the easterly line of Church street as it existed previously to this order, by four measurements, sixteen and 71-100 feet on a curve of twenty feet radius, fifty-four and 36-100 feet, forty and 26-100 feet, and nine and 79-100 feet on a curve of fifteen feet radius; and easterly by the easterly line of Church street as hereby widened, by three measurements, six and 93-100 feet on a curve of ten and 36-100 feet radius, one hundred one and 90-100 feet, and eleven and 49-100 feet on a curve of thirteen and 84-100 feet radius, containing one hundred and sixty-six square feet, more or less.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the making of the public improvement consisting of the widening and construction of Church street, West Roxbury district, as a highway, between Weld street and Courtney road, under the order of the Board of September 27, 1951, in the amounts hereinafter respectively set against them; and awards said amounts therefor.

Owners unknown, 980 square feet, nothing.

Anna L. Shore, 56 square feet, \$1.

Clayton L. Havey, 110 square feet, \$1.

FIRE DEPARTMENT ORDERS.*General Order No. 46.***I. FIRE PREVENTION WEEK.**

In recognition of the proclamation of the President of the United States and the proclamation of His Excellency the Governor of the Commonwealth of Massachusetts, Fire Prevention Week will be observed in the City of Boston from October 7 to 13, inclusive.

An organized campaign to emphasize the importance of fire prevention is being undertaken by the Boston Fire Department, by means of a series of ac-

tivities, concentrated into the Fire Prevention Week period.

Fire stations shall be open to the public between the hours of 12 noon and 9 P.M. for inspection of the premises and for the conveyance of information concerning fire department functions and fire prevention matters. When citizens come to a station during Fire Prevention Week, the man on house patrol shall summons the commanding officer who should be available and ready to either show the visitors around the quarters and to answer questions

regarding the department, or to have a suitable person assigned to this duty.

Children under twelve years of age should not be allowed in the fire stations unless accompanied by adults.

Canvas signs giving notice that Fire Prevention Week is in progress should be displayed from fire stations. Most stations have these signs in their possession from exhibitions of previous years, and it is the responsibility of company officers to see to it that these signs are kept in good condition from year to

year. Signs should be displayed from Sunday to Saturday.

District Chiefs are required to take an active interest in the fire prevention program in the following manner:

(a.) By arranging special visits to plants and large industrial premises in their districts during the week and arranging to have a special fire drill held during Fire Prevention Week, particularly where there are now fire brigades already existing. Notices of the date of the fire drill held and the rating of the drill as either "fair," "poor," or "good," should be forwarded to the Fire Prevention Division so that a summary may be made of the number and location of industrial fire drills conducted in the City of Boston during Fire Prevention Week, on each day of the week.

(b.) All public and private schools within each district should be visited by a District Chief or such officers as may be detailed by the District Chief to assist in this work. School fire drills are to be held, and permission should be obtained for the presentation of a five-minute talk on the subject of fire and fire prevention at an assembly of the pupils. Such talks should not be read from any manuscript or printed pamphlet, but should be delivered directly by the District Chief or by some uniformed member of the Fire Department capable of presenting such a talk effectively and promptly.

(c.) Home inspection blanks should be provided to various school principals or head masters for distribution and collection by the teacher-fire counselor of the building. Collection of the filled-out home inspection blanks from teacher-counselors by the Fire Department is an important feature of the use of these forms and should not be neglected. A list of the schools from which such forms have been collected should be forwarded to the Fire Prevention Division on or before October 24.

(d.) Officers assigned by the District Chief to deliver addresses in schools likewise should be assigned to attend Rotary Clubs, Kiwanis, Boards of Trade, and other neighborhood and local organization functions, including women's club meetings in the district held during the week, or if no meeting is scheduled during the week to attend any meeting held during the month of October. Chief officers should know the various representative social organizations in the community and should keep a list of them for reference at such times when fire prevention messages of importance to the community are to be conveyed to such organizations quickly.

Throughout the week all firemen are to pay special attention to the observance of fire hazards and to the duty of observing and locating fire hazards along the route followed by them in their coming to and going from daily work. Dilapidated buildings, rubbish accumulations, and other hazards should be reported to the Fire Prevention Division. The public expects uniformed members of the Fire Department to know something about fire prevention work and to have an interest in this subject, since they are public employees engaged in this field. Firemen, therefore, during

Fire Prevention Week, should have this subject uppermost in their minds and they should not pass by any fire hazard at any time without making a note of it for reference to the Fire Prevention Division. In short, every uniformed man in the Fire Department is a fire prevention inspector at all times.

An extensive program of radio broadcasts, news releases, store-window dis-

plays, and public exhibitions has been arranged for Fire Prevention Week, notices of which will appear through the usual channels.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

Severally referred to the Committee on Confirmations.

PEDESTRIAN LIGHT AT BEALE STREET AND DORCHESTER AVENUE.

The following was received:

City of Boston,
Office of the Mayor, October 1, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of September 10, 1951, requesting the installation of a flashing pedestrian light at the corner of Beale street and Dorchester avenue on both the Ward 16 and 17 sides.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
September 25, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of September 10, 1951, requesting the installation of a flashing pedestrian light at Beale street and Dorchester avenue in both Wards 16 and 17, I wish to report that this matter was brought to our attention on May 7, 1951, as a result of a communication from William E. Stewart, of 18 Van Winkle street, Dorchester, to Councilor Farin.

At that time "Slow" signs were painted in the roadway and crosswalks at Beale street and Dorchester avenue.

The desirability of placing a pedestrian light at this location was given consideration by our engineers and was discussed at a meeting of this Commission on May 10.

In addition to the "Slow" signs and crosswalks painted, I am issuing orders to have erected a "Children" sign and permanent "Slow" signs for the benefit of the children who use this intersection.

The problem of locating lights in this area at the most efficient point is a difficult one. We shall endeavor to come to a conclusion in this matter at an early date for the purpose of accomplishing the maximum safety possible.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

TRAFFIC LIGHTS, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, October 1, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of September 17, 1951, requesting the installation of push-button traffic lights at the intersection of Firth road, South street, Washington street, and Lee Hill road in Ward 19, Roslindale.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
September 21, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of September 17, 1951, requesting the installation of push-button traffic lights at the intersection of Firth road, South street, Washington street, and Lee Hill road in Ward 19, Roslindale, a survey will be made of this area with this request in mind.

It should be understood, however, that because of present commitments our present appropriation has been assigned to traffic light installations, and that any action upon this or subsequent requests for traffic light installations must come from future appropriations, and that a period of ten months to a year is required for the installation of any traffic signal light after the appropriation has actually been made for the use of the Traffic Commission.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

PLAYGROUND AREA ON CARSON STREET.

The following was received:

City of Boston,
Office of the Mayor, October 1, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Park Commissioner relative to your order of September 17, 1951, requesting that a playground be made out of the non-existent playground now located in the playground area on Carson street, Ward 13, Dorchester.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, September 21, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order requesting that a playground be constructed out of the playground area now located on Carson street, Dorchester.

This area has been set aside for children up to twelve years of age. We cannot make it into a playground for larger boys and girls or adults.

Immediately across the street from this area we have Columbus Park, one of the largest playgrounds in the city, over fifty acres, and we feel we should have at least one area for the smaller children.

Very truly yours,
FRANK R. KELLEY, Chairman.

SWIMMING POOLS IN FRANKLIN PARK AND FRANKLIN FIELD.

The following was received:

City of Boston,
Office of the Mayor, October 1, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Park Commissioner relative to your order of September 17, 1951, requesting the immediate studying of the advisability of constructing a swimming pool in Franklin Park and in Franklin Field for the comfort and convenience of children and citizens in the City of Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, September 20, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order requesting the study of the advisability of the construction of a swimming pool in Franklin Park.

This department already has this matter under consideration, and the engineering staff, under the supervision of the Chief Engineer, upon instructions from me, have been making a survey of this area.

If it is found to be adaptable for a swimming pool, and we can obtain the necessary funds, we may be in a position to proceed with this work.

Very truly yours,
FRANK R. KELLEY, Chairman.

SALE OF STEAM BOILERS AT CALF PASTURE PUMPING STATION.

The following was received:

City of Boston,
Office of the Mayor, September 26, 1951.
To the City Council.
Gentlemen:

I am informed by the Commissioner of Public Works that the use of steam for pumping sewage to Moon Island from the Calf Pasture Pumping Station has been discontinued. Because the plant is now operating on electric power the boilers are no longer needed.

Proposals were asked on the sale of these boilers and the Heggie Corporation submitted the highest bid.

I forward herewith an order authorizing the sale of these boilers to the highest bidder, viz., the Heggie Corporation, and respectfully request the passage of same by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
September 20, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At the Calf Pasture Pumping Station in Dorchester the use of steam for pumping the sewage to the storage basins at Moon Island has been discontinued. The plant is now operating entirely on electric power, and as the boilers are no longer required it has been considered advisable to dispose of them.

Proposals were asked by public advertisement in the City Record, and yesterday, September 19, the following bids were received in this office for removing and disposing of three 350 H.P. boilers and appurtenant equipment:

Heggie Corporation, \$5,125; Boston Junk Company, \$2,523.23; A. Cohen Company, \$2,026; American Building Wrecking Company, \$750; Shaughnessy & Ahern Company, \$350; Charles A. Reynolds Company, \$150.

Before this department can enter into a contract with the high bidder for doing the work called for, the approval of the City Council will be required, since the sale of city-owned property is involved. I respectfully request, therefore, that the authority of the City Council be obtained for the disposal of this property, and I submit an order for transmission to the City Council for appropriate action.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell to the Heggie Corporation for the sum of \$5,125 the three 350 H.P. boilers and appurtenant equipment at the Calf Pasture Pumping Station, Dorchester, in accordance with proposal submitted to the Public Works Department on September 19, 1951.

Referred to the Executive Committee.

EXTENSION OF SEWER AND SURFACE DRAINS.

The following was received:

City of Boston,
Office of the Mayor, October 1, 1951.
To the City Council.
Gentlemen:

Transmitted herewith is a self-explanatory communication received by me this day from the Commissioner of Public Works concerning a new agreement pertaining to the extension of a certain sanitary sewer and surface water drain from Prendergast avenue in the Cleveland Circle district of Boston to a point on the Boston-Brookline line near Eliot street, Brookline.

I recommend to your Honorable Body the adoption of the order accompanying that communication.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
September 28, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Under date of April 30, 1951, I wrote your Honor advising the extension of a certain sanitary

sewer and surface water drain from Prendergast avenue in the Cleveland Circle district of Boston to a point on the Boston-Brookline line near Eliot street, Brookline. By an order passed by the City Council once on April 30, 1951, and again on May 14, 1951, and approved by your Honor on May 15, 1951, the execution of an agreement providing for the construction of the extension by the City of Boston and the Town of Brookline as a cooperative project was authorized. An agreement was subsequently executed pursuant to this authority, and work on the project commenced.

In the course of the construction it has been found that it will be feasible to use the tunnel method of construction, rather than the open-cut method as originally planned, and thereby eliminate much disruption of traffic at Cleveland Circle as well as inconvenience and damage to the abutting landowners affected. The change in method of construction will involve some change in the location of the sewer, the precise nature of which can be readily ascertained by comparing the plan accompanying this letter with the plan transmitted with my above-mentioned letter of April 30, 1951.

I have been advised by the Corporation Counsel that, to keep the record clear for posterity, there should be a new agreement with respect to the project as it is actually to be constructed. I therefore respectfully recommend to your Honor that the enclosed order enabling the rescission of the former agreement and the execution of a new one be transmitted to the City Council for adoption.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works, with the approval of his Honor the Mayor, be, and he hereby is, authorized in the name and behalf of the City of Boston to execute and deliver an agreement between the City of Boston and the Town of Brookline providing substantially as follows:

"Whereas, The proper officers of the City of Boston and the Town of Brookline have determined that an extension of a certain existing sanitary sewer and surface water drain from its present termination at or near Prendergast avenue, Boston, to the line between Boston and Brookline near Eliot street, Brookline, substantially as shown on the Town of Brookline plan annexed hereto, entitled 'Plan to Accompany New Agreement Between the City of Boston and the Town of Brookline, Showing Right of Way for Drainage Purposes—Scale: 1 inch = 50 feet—September 17, 1951, Walter A. Devine, Town Engineer,' would be of benefit both to the City of Boston and the Town of Brookline; and

"Whereas, The City of Boston, at its own expense, has acquired, or is about to acquire, the necessary rights and easements in land for such extension, has constructed, or is about to construct, the section of said extension shown on said plan as Section C-D, and will maintain said section;

"Now, Therefore, in consideration of the right herein granted by the City of Boston, the Town of Brookline does hereby covenant, for itself, its successors and assigns, that at its own expense and without cost to the City of Boston, the Town of Brookline will design, construct, and forever maintain, all to the satisfaction of the Commissioner of Public Works of the City of Boston or whatever board or officer may for the time being have charge of sanitary sewers and surface water drains of the City of Boston, the sections of said extension shown on said plan as Section B-C and Section D-E—such sections B-C and D-E, upon construction, to become and be the property of the City of Boston; and

"In consideration of the covenant herein made by the Town of Brookline, the City of Boston does hereby grant to the Town of Brookline a perpetual right, to be exercised in common with said City of Boston, to discharge sewage into the aforesaid existing sanitary sewer and all sections of the aforesaid extension thereof, and to discharge surface water into the aforesaid existing surface water drain and all sections of the aforesaid extension thereof.

"It is hereby mutually agreed that the agreement between the City of Boston and the Town of Brookline, dated May 21, 1951, and approved by the Mayor of Boston on June 11, 1951, concerning the extension of a certain sanitary sewer and surface water drain from a termination at or near Prendergast avenue, Boston, to the line between Boston and Brookline near Eliot street, Brookline, substantially as shown on Town of Brookline plan, entitled 'Plan to Accompany an Agreement Between the City of Boston and the Town of Brookline, Showing Right of Way for Drainage Purposes—Scale: 1 inch = 50 feet—April 11, 1951, Walter A. Devine, Town Engineer,' be, and the same hereby is, rescinded, canceled, and annulled, effective as of the time of its execution; that the City of Boston does hereby remise, release, and forever discharge the Town of Brookline from the covenant of said town contained in said agreement; and the Town of Brookline does hereby remise and forever quit claim unto the City of Boston the perpetual right granted to the Town of Brookline by said agreement."

LEASE OF LAND ON BORDER AND SUMNER STREETS TO U. S. GOVERNMENT.

The following was received:

City of Boston,
Office of the Mayor, October 1, 1951.
To the City Council.
Gentlemen:

Transmitted herewith is a self-explanatory communication addressed to your Honorable Body by the Commissioner of Public Works concerning a small parcel of land near the junction of Border and Sumner streets, East Boston. Also enclosed is an order authorizing a lease of the parcel to the United States Government for a term commencing July 1, 1948, and continuing for so long as any part of the wooden building then standing partly on said parcel and partly on an adjoining estate of the United States shall continue to stand upon said parcel and to be owned and occupied by the United States, at a rental of one dollar for the whole of said term. In the interest of full intergovernmental cooperation, I recommend that your Honorable Body adopt the order at an early date.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
September 28, 1951.

To the Honorable the City Council.
Gentlemen:

Under orders adopted by your Honorable Body on April 23, 1941, and September 23, 1946, respectively, the property in East Boston known as the North Ferry and also that part of Border street running from the southwesterly side line of Sumner street to the North Ferry were leased by the City of Boston to the United States Government for naval purposes for terms, respectively, beginning July 1, 1941, and ending June 30, 1946, and beginning July 1, 1946, and ending June 30, 1947, with an option of renewal annually thereafter to June 30, 1951. The renewal option in the second lease was exercised only once, so that that lease expired June 30, 1948.

The government used the leased premises in conjunction with its own land adjoining the leased premises on the southeast. Shortly after the second lease expired, it was discovered that a large wooden building erected by the government on its own land during one of the leasehold periods encroached upon the property owned by the city. Since that time negotiations have been in progress to prevent the government's acquiring title to the occupied portion of the city land by adverse possession.

The government, acting through its General Services Administration, has finally offered to lease from the city for a term commencing July 1, 1948, and continuing for so long as any part of the wooden building then standing partly upon the leased premises and partly upon the adjoining estate of the government shall continue to stand upon the leased premises and to be owned and occupied by the government, at a rental of one dollar for the entire term, the rectangular parcel of land shown on the plan transmitted herewith and containing about 430 square feet.

I hereby notify your Honorable Body that in my opinion the above-described land, to the extent of the leasehold estate requested, is no longer required for public purposes.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That his Honor the Mayor be, and he hereby is, authorized in the name and behalf of the City of Boston to lease the hereinafter-described land to the United States of America, by an instrument in form satisfactory to the Corporation Counsel, for a term commencing July 1, 1948, and continuing for so long as any part of the wooden building then standing partly upon said land and partly upon the adjoining estate of the United States of America shall continue to stand upon said land and to be owned and occupied by the United States of America, at a minimum rental of one dollar for the entire term, said land being the parcel of land in the East Boston district of Boston, Mass., bounded and described as follows:

Beginning at a point in the boundary line between an estate of the City of Boston and an estate of the United States of America, which point is two hundred twenty-two and 28/100 (222.28) feet distant southwesterly from the southwesterly side of Sumner street; thence running southwesterly along said boundary line forty-three (43) feet to a point; thence turning at a right angle and running northwesterly ten (10) feet to a point; thence turning at a right angle and running northeasterly forty-three (43) feet to a point; thence turning at a right angle and running southeasterly ten (10) feet to the point of beginning; containing about four hundred and thirty (430) square feet, and being the rectangular parcel of land shown on the plan marked "City of Boston, Sumner Street, East Boston, February 25, 1949, James W. Haley, Chief Engineer, Street Laying-Out Department," Referred to Committee on Public Lands.

RETIREMENT OF CERTAIN TRAFFIC TUNNEL BONDS.

The following were received:

City of Boston,
Office of the Mayor, October 1, 1951.

To the City Council.
Gentlemen:

On March 1, 1932, the City of Boston issued under St. 1929, c. 297, in connection with the construction of the Sumner Traffic Tunnel, bonds aggregating \$1,500,000 and bearing interest at the rate of 4½ per cent per annum. These bonds were fifty year bonds; but, fortunately, they contain an express provision for call, retirement, and cancellation by the city on March 1, 1952. There are now funds in the hands of the Board of Commissioners of Sinking Funds sufficient for the retirement and cancellation of these bonds on March 1, 1952. Transmitted herewith is an order calling these bonds for such retirement and cancellation. I recommend its immediate adoption.

Respectfully,

J. B. HYNES, Mayor.

Whereas, Under date of March 1, 1932, the City of Boston issued, under St. 1929, c. 297, Traffic Tunnel Bonds, City of Boston, Act of 1929, in the aggregate principal amount of \$1,500,000, bearing interest at the rate of 4½ per cent per annum, payable semiannually on September 1 and March 1 of each year, which bonds are due March 1, 1982, with an express provision for call, retirement, and cancellation by the city on any interest date after twenty years from the date of issue; and

Whereas, St. 1945, c. 361, s. 3, provides that if Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, are issued under said chapter 361, the city shall call, retire, and cancel, at the earliest date permitted, Traffic Tunnel Bonds, City of Boston, Act of 1929, in accordance with their terms; and

Whereas, Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, were issued under said chapter 361; now, therefore, it is hereby

Ordered, That the aforesaid issue of 4½ per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated March 1, 1932, and due March 1, 1982, be, and hereby is, called for retirement and cancellation on March 1, 1952; and it is hereby further

Ordered, That the City Treasurer of the City of Boston be, and he hereby is, authorized and directed to give notice of said call during the month of January, 1952, by causing a notice of call to be printed once in each of three successive weeks in (1) two financial publications of national circulation, (2) a newspaper of general circulation published in Chicago, Illinois, (3) a newspaper of general circulation published in Detroit, Michigan, (4) a newspaper of general circulation published in New York, New York, and (5) at least one newspaper of general circulation published in Boston, Mass., and by such other and further means, if any, as said Treasurer may deem appropriate; and it is hereby further

Ordered, That the aforesaid notice of call shall be in substantially the following form:

City of Boston

in the

Commonwealth of Massachusetts.

Notice of Call of Bonds for
Retirement and Cancellation.

To Holders of 4½ Per Cent Traffic Tunnel Bonds, City of Boston, Act of 1929, Dated March 1, 1932, and Others Concerned.

Notice is hereby given that all outstanding 4½ per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated March 1, 1932, and due March 1, 1982, have been called for retirement and cancellation on March 1, 1952, on which date interest on such bonds will cease.

Payment of the face amount of each of said bonds, with any accumulated unpaid interest to March 1, 1952, will be made by the City of Boston on and after March 1, 1952, upon surrender of the bond (with, in the case of a coupon bond, the September 1, 1952, and subsequent coupons and the coupons for any accumulated unpaid interest) at the office of the City Treasurer, City Hall, Boston, Mass. Coupons maturing on or before March 1, 1952, may, at the option of the holder, be detached and collected in the usual manner.

City Treasurer of the
City of Boston.

January , 1952.

City of Boston,

Office of the Mayor, October 1, 1951.

To the City Council.

Gentlemen:

On March 1, 1932, the City of Boston issued under St. 1929, c. 297, in connection with the construction of the Sumner Traffic Tunnel, bonds aggregating \$2,000,000 and bearing interest at the rate of 4½ per cent per annum. These bonds were fifty-year bonds; but, fortunately, they contain an express provision for call, retirement, and cancellation by the city on March 1, 1952. There are now funds in the hands of the Board of Commissioners of Sinking Funds sufficient for the retirement and cancellation of these bonds on March 1, 1952. Transmitted herewith is an order calling these bonds for such retirement and cancellation. I recommend its immediate adoption.

Whereas, St. 1945, c. 361, s. 3, provides that if Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, are issued under said chapter 361, the city shall call, retire, and cancel, at the earliest date permitted, Traffic Tunnel Bonds, City of Boston, Act of 1929, in accordance with their terms; and

Whereas, Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, were issued under said chapter 361; now, therefore, it is hereby

Ordered, That the aforesaid issue of 4½ per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated March 1, 1932, and due March 1, 1982, be, and hereby is, called for retirement and cancellation on March 1, 1952; and it is hereby further

Ordered, That the City Treasurer of the City of Boston be, and he hereby is, authorized and directed to give notice of said call during the month of January, 1952, by causing a notice of call to be printed once in each of three successive weeks in (1) two financial publications of national circulation, (2) a newspaper of general circulation published in Chicago, Illinois, (3) a newspaper of general circulation published in Detroit, Michigan, (4) a newspaper of general circulation published in New York, New York, and (5) at least one newspaper of general circulation published in Boston, Mass., and by such other and further means, if any, as said Treasurer may deem appropriate; and it is hereby further

Ordered, That the aforesaid notice of call shall be in substantially the following form:

City of Boston

BOSTON WORLD'S MEDICAL CENTER.

Boston may well be called the medical center of the world. Its voluntary hospitals, its three great medical schools, its doctors, are renowned in the far corners of the earth. And from the far corners of the earth come men, women, and children seeking the medical help which often Boston alone can provide.

Doctors and students from abroad, who come to America for study, spend a large part of their time here in Boston where medical pioneering is a tradition, where a vast wealth of life-saving knowledge is accumulated, where there is available the most modern equipment, the most advanced techniques for care of the sick.

More than 60 per cent of the Massachusetts hospitals, and even a larger percentage of hospital beds, are located in Metropolitan Boston.

APPOINTMENT OF PERMANENT PART-TIME ASSISTANT, OFFICES OF THE SUPERINTENDENT-SECRETARY

A communication was received from the Assistant Secretary, under date of July 31, 1951, reporting that the Director of Civil Service has certified the following-named persons as eligible to fill one position as permanent

part-time Assistant (clerk and typist) at fifteen dollars (\$15) a week, 9:00 A. M. to 2:30 P. M. daily in the offices of the Superintendent-Secretary:

Helen L. Mahoney, Margaret D. Killian, Mary A. Whalen, Anita G. Gibson, Dorothy M. Curran, Mary M. Connors, Grace F. Mattair, Mary C. Sullivan, Katherine M. Hemmer, Claire V. McGaffigan, Denise Therese O'Leary, Honora T. Gorman, Cecelia M. O'Brien, Delia V. Nesto, Mary C. Dolan, Mary F. Twomey, Mary G. Benson, Ellen V. McPartland, Alice G. Gould.

The following-named persons have signified their willingness to accept appointment:

Mary G. Benson, Alice G. Gould.

Placed on file.

Mr. Ward: Do I understand the first girl who accepted that position is employed here now at the present time in a temporary capacity?

Superintendent: She is one of the two.

Mr. Ward: What is the salary at the present time?

Secretary: \$7.50 a day.

Mr. Ward: She has a temporary job at \$7.50 a day, and she is willing to take a \$15-a-week job?

Superintendent: Part-time.

Mr. Muchnick: We went through this at the last meeting. I asked her that specific question, Mr. Ward, and at the last meeting we appointed her.

Chairman: You are talking about a different one now.

Mr. Muchnick: I am talking about the young lady who wanted a job.

Mr. Ward: I mean the girl who is above her on the list who is employed temporarily at the present time at \$7.50 a day and is working now in the office of the Superintendent. Is that correct?

Superintendent: Yes.

Chairman: You had a motion in the conference.

Mr. Ward: If the girl is getting \$7.50 a day and if she is willing to accept \$15 a week, then I think we ought to appoint both of them.

Mr. Muchnick: Madam Chairman, at the last meeting it was stated pretty clearly that we needed one person in this position, and we appointed one person. I was under the impression that it was a completed situation.

Chairman: I was, too, but the person herself says it was not.

Mr. Muchnick: Now there are two people to be appointed where one is needed because there is some kind of a hitch. Now I suppose that if, next week, two more people come in and say they would like to have a job on a part-time permanent basis at \$15 a week, then we will appoint those two. I don't know where this stops. It seems to me it should stop at the last meeting when we hired the person who at that time was the only one to my knowledge who wanted the position and the only

one whom we needed. To me, if we hire one extra one or fifty extra people, then the same principle is violated.

Mr. Ward: This Committee can take the number two girl on that list, and the reasons were stated; and Miss Gould is the number two girl on that list who is eligible. The girl is already employed here in a temporary capacity.

Chairman: She is not. The number one girl is already employed here.

Mr. Ward: The number one girl is already employed. She is getting \$7.50 a day, and she is working five days a week. If you vote by name, I would vote and give as a reason the fact that the other girl is temporarily employed here. How long has the number one girl been employed here?

Secretary: It is over a year.

Mr. Ward: How does a girl get a temporary appointment for a year? I thought Civil Service only allows you so many days—sixty days or ninety days.

Mr. Muchnick: It is very simple, Mr. Ward. You merely certify that there is nobody else available after ninety days for the position or you say that the work is so intricate that nobody can meet the requirements. That is the way it's done.

Mr. Ward: Since Miss Gould is number two, the School Committee has a right to pass up the number one girl based on the fact that she is employed.

Chairman: My understanding is that she is already appointed from the last meeting.

Mr. Muchnick: I don't know whether the young lady who appeared at the last meeting was number one or number two on this particular list.

Chairman: But she was appointed.

Mr. Muchnick: She was appointed. Was she number two on the list—the other one?

Chairman: She was the only one at the time.

Mr. Muchnick: Was she number one or number two on the list?

Mr. Ward: At that time she was number one because everybody else had declined.

Mr. Muchnick: Is she currently number one?

Mr. Ward: She is currently number two.

Mr. Muchnick: All right. Now I assume that number one had declined the position, and it was perfectly proper to appoint this person who was number two.

Mr. McDevitt: Because number one was making \$7.50 a day.

Mr. Muchnick: If there is to be any faith in our employment process, it seems to me that once we tell someone that we are hiring him or her, assuming that the rules have been properly followed, we ought to keep our word.

Mr. McDevitt: I think so, too. Mr. Muchnick: If we take more than one on the list when we need only one, this will be in the same category as that somewhat non-legal meeting where five people were appointed secretaries for what in my opinion was the sole purpose of reaching number five on the list when none of the five were needed. I don't think we ought to continue that policy.

Mr. Ward: Then the question comes on the appointment of Miss Gould.

Chairman: There isn't any question if our last appointment was all right.

Mr. Ward: Then we reiterate what we voted for.

Mr. McDevitt: Vote on the order.

Mr. Muchnick: There was no public meeting following that. That was upstairs.

Mr. Ward: Then vote in the public meeting.

Mr. Muchnick: Is that the one who was appointed at the last meeting?

Mr. Ward: Miss Gould was the one, yes.

The following was offered:

ORDERED, That Alice G. Gould number two on the list certified by the Division of Civil Service willing to accept, is hereby appointed to the position of permanent part-time Assistant in the Offices of the Superintendent-Secretary, to take effect Sept. 6, 1951.

On roll call the order was passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and Ward—4.

NAYS—0.

ABSENT—Mr. White—1.

The following was offered:

ORDERED, That the salary of Alice G. Gould, part-time Assistant in the Offices of the Superintendent-Secretary, is hereby established at the rate of fifteen dollars (\$15) a week, to take effect Sept. 6, 1951, and to continue until otherwise ordered.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and Ward—4.

ADMISSION TO THE TEACHERS COLLEGE OF THE CITY OF BOSTON

The following was offered:

ORDERED, That Joseph S. Aversa a graduate of the Training School for Teachers of Mechanic Arts, be admitted to The Teachers College of the City of Boston as a candidate for a Bachelor's degree.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick and Ward—4.

NAYS—0.

ABSENT—Mr. White—1.

The following was offered:

ORDERED, That Thomas P. McLaughlin, be admitted to the graduate course of The Teachers College of the City of Boston, having the equivalent of a Bachelor of Arts Degree from the Redemptorist Seminary at Esopus, New York.

On roll call the order passed by the following vote.

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick and Ward—4.

NAYS—0.

ABSENT—Mr. White—1.

Mr. Ward offered the following:

ORDERED, That the entire list of candidates for admission to the Liberal Arts Course at The Teachers College of the City of Boston, be approved for admission to The Teachers College.

Mr. Muchnick: I move that that order be amended by dividing it into two lists: one, 60% and above; and one, 59% and below.

Chairman: Call the roll on Mr. Muchnick's motion.

Mr. McDevitt: No.

Mr. Muchnick: Yes.

Mr. Ward: No.

Chairman: No.

Mr. Ward: Now on my original order, Madam Chairman.

Secretary: That the entire list be approved.

Mr. Muchnick: Madam Chairman, I will have to vote against accepting the entire list because it includes some people who have received a grade less than 60%, which, to my way of thinking, is the lowest passing mark that we should use for acceptance into the Teachers College.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Ward—3.

NAYS—Mr. Muchnick—1.

ABSENT—Mr. White—1.

Mr. Muchnick: Aren't there some playground teachers and summer school teachers whose appointments have to be confirmed?

Chairman: The meeting is adjourned.

Mr. Muchnick: Just one minute, Madam Chairman. I had understood the Superintendent to say that he had some playground teachers whose names were to be inserted in tonight's meeting.

Chairman: Mr. Ward asked that the meeting be adjourned, and it is adjourned.

Mr. Muchnick: Well, Madam Chairman, under our rules meetings are adjourned by vote, not by dictum.

Chairman: Will you call the roll on the motion to adjourn?

Mr. Muchnick: Madam Chairman, I had understood the Superintendent to say when we were discussing the case of the young man who worked a couple of days this summer that there were the names of many playground teachers who were already working which had to be approved. I

don't know why we should have people working who may not be approved, as in the situation of this young man.

Chairman: The list of playground teachers?

Mr. Ward: Do you have a list of playground teachers to submit?

Superintendent: Yes.

Mr. Ward: Well, submit them.

Superintendent: It is up to the School Committee.

Mr. Ward: Doesn't he have to submit the names so they can be on the payroll?

Chairman: I make a motion that we adjourn the meeting. Call the roll.

Mr. McDevitt: Yes.

Mr. Muchnick: No.

Mr. Ward: Yes.

Chairman: Yes.

The Committee adjourned.

Attest:

MARY L. O'BRIEN,
Secretary pro tempore.

(Oct. 13.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN ATKINSON STREET, WARD 8, FROM SOUTHAMPTON STREET 450 FEET NORTHERLY; AND BITUMINOUS CONCRETE PAVEMENT IN HAMMETT STREET, WARD 9, FROM GRINNELL STREET TO SARGISFIELD STREET; HARWICH STREET, WARD 4, FROM DARTMOUTH STREET TO YARMOUTH STREET, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARDS 4, 8, AND 9, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Atkinson street, Ward 8, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Atkinson Street, Ward 8, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, OCTOBER 25, 1951, with a certified check for SIX HUNDRED (600) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

BILLIONS IN SAVINGS.

From 1941 to date, 1,875,000,000 individual bonds have been issued and as of the close of last year, 62.61 per cent of all savings bonds issued were in the hands of individual purchasers. Thirty-four billion dollars worth of these are in the small denomination Series E Bonds. This has been achieved, despite many difficulties of Series A, B, C, and D Bonds.

PARK DEPARTMENT.

NOTICE FOR PROPOSALS FOR CONSTRUCTING A SIDEWALK AND LOWER BRIDGES AT THE WILLIAM CLAY WALSH PLAZA, DORCHESTER, MASS.

The Park Commissioners of the City of Boston, 25 Beacon Street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for constructing a sidewalk and lower building at the William Clay Walsh Plaza, Dorchester, Mass.

Proposals will be received until 2 P.M., Wednesday, October 24, 1951, at the office of the Awarding Authority, 25 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate in forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and included in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000 shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Successful bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subcontractors' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 1 P.M., Monday, October 22, 1951.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 1 per cent of the amount of the bid, shall be submitted by each subcontractor with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subcontractors.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all bids or any item or items in accordance with the provisions of chapter 40A of the Acts of 1948.

PROPOSALS FOR IMPROVING CONCRETE PAVEMENT IN BACLER ROAD, WARD 18, FROM DE FRET STREET TO WAREFIELD AVENUE AND FIVE SOUTH STREET; JAGOR ROAD, WARD FROM MANSION STREET TO SANFORD STREET, AND SOME ADDITIONAL LOCATIONS IN AND ON WARDS 17 AND 18, AS MAY BE DETERMINED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 5th City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for improving concrete pavement in Backer Road, Ward 18, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 401, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Improvements Concrete Pavement on Backer Road, Ward 18, etc.", and left at Room 401, City Hall Annex, before 10 A.M. of THURSDAY, OCTOBER 25, 1951, with a certified check for FIFTEEN HUNDRED (\$1500) DOLLARS, payable to and to become the property of the City of Boston if the proposal is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on the 1st of March 1951, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide for insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws, the Workmen's Compensation Law as called, to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

Oct. 10, Commissioner of Public Works.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semiannually on the first days of April and October in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the city. Total interest for the duration of the loan from October 1, 1951, less the amount of premium bid.

The bonds will be dated October 1, 1951, and will be ready for delivery on or about November 15, 1951. Delivery of the bonds will be made either in Boston or in New York City at the option of the purchaser. Interest will begin October 1, 1951, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the present Federal Income Tax.

Proposals must be sealed and addressed to Daniel M. Driscoll, City Treasurer, Boston 8, Mass., endorsed "Proposals for Loans." Each proposal must be accompanied either by a cashier's check or by a certified check in the amount of \$50,000, drawn on a Boston or New York City National Bank or Trust Company, the check made payable to the City of Boston, Daniel M. Driscoll, City Treasurer. The check of any bidder to whom an award is made, will be retained as part payment for the loans awarded. All other checks will be returned.

Accrued interest from October 1, 1951, to date of delivery, is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Tuesday, October 23, 1951, at 10 o'clock A.M., Eastern Standard Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the city.

DANIEL M. DRISCOLL,
City Treasurer.

MAYOR HYNES AND BOSTON CITIZENS WIN PRAISE OF U. S. ARMY SECRETARY FOR BOXES SENT TO MEN AND WOMEN IN SERVICE IN KOREA AND OTHER PARTS OF WORLD—ARMY SECRETARY FRANK PACE, JR., SENDS LETTER OF COMMENDATION AND THANKS—SAYS SUCH EFFORTS STIMULATE MORALE OF FIGHTING FORCES.

The people of Boston have been congratulated by Secretary of the Army Frank Pace, Jr., in a letter to Mayor John B. Hynes, for sending boxes during the past year to the men and women from this city serving in the armed forces in Korea and for its present plans to send Christmas boxes to all Boston servicemen and servicewomen overseas.

"It has come to my attention," the letter reads, "that the City of Boston has sent boxes to the men and women from Boston serving in the armed forces in Korea and now plans to expand this program by sending Christmas boxes to all Boston servicemen and servicewomen overseas.

"There can be no better way to stimulate the morale of those serving in distant lands than to let them know—by such a tangible token from home—that they are not forgotten. It gives significance to the service they are rendering to the people of America.

CITY COUNCIL COMMENDS MAYOR HYNES FOR EFFICIENT ADMINISTRATION OF CITY'S AFFAIRS AND LOWERING OF TAX RATE.

The Boston City Council has recorded itself in a resolution commending his Honor the Mayor and congratulating him on his administration of the city's business. The resolution was adopted at the meeting on October 15 and reads as follows:

Resolved, That the Boston City Council goes on record as congratulating his Honor the Mayor for his efficient administration, which has brought about a reduction of the tax rate in these days when the rising costs of living has resulted in higher costs of materials and higher wages to employees.

In City Council October 15, 1951. Adopted.

WALTER J. MALLOY, City Clerk.

MORE THAN 2,000,000 SPECTATORS ENTERTAINED DURING SUMMER SEASON WITH ATHLETIC AND OTHER PROGRAMS SPONSORED BY RECREATION DIVISION OF THE PARK DEPARTMENT—PHYSICAL TRAINING FOR PREINDUCTEES INTO ARMED SERVICES AND ENTERTAINMENT FOR HOSPITALIZED VETERANS AMONG FEATURES—OUT-OF-DOOR SPORTS OF MANY VARIETIES ALSO ENJOYED BY PARTICIPANTS ON FIELDS AND PLAYGROUNDS UNDER CONTROL OF DEPARTMENT.

According to a résumé of figures gathered by the Recreation Division of the Boston Park Department for the past summer's activities, athletic and entertaining events were witnessed by more than 2,000,000 spectators. In these events there were several thousand participants.

The Recreation Division, working in conjunction with the State Selective Service Board, entered on the year 1951 with a preinduction physical program in full operation. Draft candidates were given a card at their local boards outlining classes in the various gymnasias and giving the location of the nearest gymnasium and an introductory card to the physical instructor in charge.

Square dance instructions and weekly socials for this event were made a part of the indoor season program. An attendance of approximately 1,950 men and women was marked up at Curtis Hall alone in a 13-week period.

In mid-March the annual girls' gymka was held with over 300 participants from the 12 municipal gyms represented. Following this the indoor boxing championships for boys were held at the Soldiers' Home in Chelsea, and the boys' and girls' indoor swimming championship show was held at Curtis Hall Pool, with close to 400 children finalists participating. The basketball championships were also held in the city gymnasias this month to decide the boys' and girls' winning teams in a tournament field numbering 2,355 participants.

Hospital Entertainment.

May Day on Boston Common had a city-wide participation of more than 300 girls. During the month of May a veterans' hospital entertainment group was activated. Seven installations for the care of wounded and sick veterans have since been serviced by entertainment units and warmly received by more than 3,000 patients. The program is to be expanded this fall to take in other hospitals. The Boston School Department will assist in auditions for talent to be screened from talented youngsters of Boston. Talent scouts from this division will supervise auditions to be held at several schools to be designated by the office of the Superintendent of Schools.

Towards the end of May, working in conjunction with the M-1 Safety Squad of the Boston Police Department, weekly radio shows were presented over Station WHDH each Saturday morning for a half-hour period. Over 600 talented children from the city's 13 playground districts made up the programs for these safety promoting broadcasts. About this same time the recreation sailing program got under way. Approximately 1,000 boys and girls are enrolled annually and receive practical instructions aboard the 18 sailboats owned by the Park Department and operated at the Charles River Basin from the base located at the foot of Revere street at Embankment road.

"O, Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

CITIZEN OF SWITZERLAND TELLS MAYOR HYNES OF NOSTALGIC LOVE FOR BOSTON BECAUSE OF MEMORIES OF TIME HE RESIDED IN CITY—STILL HOMESICK FOR CITY THOUGH FORCED TO RETURN TO NATIVE LAND.

On October 13 Mayor Hynes received and made public the following letter:

"J. Zubler,
Sursee Lucerne,
Switzerland.

October 5, 1951.

The Mayor of the City of Boston,
Boston, Mass.

DEAR SIR:

It was during the years 1921-1924 that I lived in Boston, first as an egg candler with N. E. Hollis, Nordmarket Street, a branch of Swift & Co., manager Frank Reker who is now living in Los Angeles and with whom I am still in connection. During that time I lived at Hancock Street in back of the State House which was in a Negro section of the City. I left Boston in 1924. My parents having reached already an age which obliged me to return. Since then I never had occasion to return to Boston and from time to time I felt really homesick for your City. I left your City on the SS "Providence" which name since that time has become my conception for my life, as well as for my family. It is therefore I enclose herewith a cheque of Sfr. 5000.00 which I beg to use as follows:

2000.00 Fr. to the home of YMCA at Huntington Avenue, because it is there I had my first lodging and because I still admire how this institution is being managed as a real home of all young people whether white or black ones.

3000.00 Fr. for the American War Veterans, because they protected our country from the Nazis and gave there blood for the liberation of Europe.

To prove the correctness of my statement, please find enclosed copy of my declaration of intention. I don't know Mr. Mayor of it is too much to ask you for a little service. It would be my greatest desire if you had the possibility to prolong the enclosed declaration of intention for my lifetime or if possible several years only.

I remain Dear and Honourable Mayor with warmest regards

Yours very sincerely,

J. ZUBLER.

Encl. 1 cheque of the National Shawmut Bank of Boston of Sfr. 5000.00
1 Declaration of intention."

SUMMER STREET BRIDGE CLOSED.

Public Works Commissioner George G. Hyland closed the Summer Street Bridge over Reserved Channel, South Boston (commonly known as the L Street Bridge), to vehicular and pedestrian traffic at 8 A.M. on Monday, October 15, and it is expected to be reopened on Sunday, October 21.

This action is necessary, according to the Commissioner, in order to make necessary steel repairs to the drawspan.

RESUME OF ACTIVITIES OF RECREATION DIVISION OF THE BOSTON PARK DEPARTMENT.

(Continued from page 1169.)

The month of May also saw the opening of Playland on Boston Common. This parking area for the children of shoppers in the downtown area has an enrollment of approximately 1,000 boys and girls between the ages of four and twelve each week. The attendance at this beehive will number about 23,000 for this year's 24-week period and visitors numbering about 17,000 to view this original Boston project.

Our annual Jamaica Pond fishing contest drew a field of 316 boys and girls, while the salt water fishing rodeo at Castle Island attracted 273 participants.

WAR'S EFFECT ON SPORTS.

The year 1951 saw a decrease in the number of participants in the competitive sports field. This was due, it was ascertained, to the drafting of so many young men to fill the quotas required to maintain the existing strength of the armed forces. Statistics of the current year's sports participation will follow this résumé.

In early August the outdoor swimming championships were held at the Robert White Memorial Pool in Charlestown. A field of approximately 500 boy and girl finalists vied for the several top aquatic honors.

As part of our veterans' entertainment program, the outdoor boxing championships show was held at the West Roxbury Veterans' Hospital in mid-August. On August 21 Mayor John B. Hynes dedicated the newly erected shelter at the Cummings estate farm located in Woburn. This property is maintained by the Park Department and utilized by the School Department for the practical teaching of agriculture-course students. This also proves a day recreation spot for children of Boston during the summer months, where they can enjoy an environment foreign to them. Over 600 children were transported to this area for a dedication "field day" where they participated in various contests and joined the Mayor at noontime, when each and every one was presented a "farm size" box lunch.

FOOTBALL NOW UNDER WAY.

The twenty-first annual football season is now under way, and it is planned to hold 24 of the 225 games scheduled at night under lights. These under-the-arcs contests will be played in every section of the city. An attendance of 150,000 is anticipated at these night events.

The Recreation Division of the Boston Park Department schedules and assigns officials for baseball and basketball for the Catholic Youth Organization of Suffolk County.

Baseball and softball diamonds are made available for nine other leagues consisting of 72 teams and sponsored by the Y. M. C. A. and neighborhood house groups in several parts of the city.

Spectators' attendance figures are estimated close to 2,000,000 for competitive sports and other Recreation Division sponsored events.

Baseball district finals are held each year for boys in three classes. Midgets, ten to twelve years of age, Class D-12, to fourteen years of age, and Class C-14, to sixteen years of age. Finals involving 39 teams and 585 participants end in three winners who are crowned city champions. This baseball is all in addition to the regular office scheduled leagues.

MAYOR HYNES AND BOSTON
CITIZENS WIN PRAISE.

(Continued from page 1169.)

"The people of Boston are to be congratulated for having prepared such a definite program to meet a real need. We in the Army are grateful for your generous support."

Simultaneously with releasing Secretary Pace's letter to the press, Mayor Hynes again appealed for donations from the public to pay for the Christmas packages to be sent this year. "We must begin mailing the Christmas gift packages immediately if they are to reach such distant points as the Korean battlefield, Europe, or elsewhere overseas by Christmastime," the Mayor said. "Therefore, I urge the people of Boston to send donations to the treasurer of the Christmas Festival Committee, Robert Cutler, 1 Federal street, Boston. Any contributions, large or small, will be appreciated."

MAYOR HYNES SECURES THE-
ATRICAL COMPANY TO EN-
TERTAIN PATIENTS AT LONG
ISLAND HOSPITAL.

The entire "Oklahoma" company gave a performance at the Long Island Hospital on Thursday afternoon, October 18. Recently this company toured Europe, and it is considered one of the finest.

This entertainment was secured through Mrs. Pearl Landers and the Red Cross. This is another step in Mayor Hynes' program to bring entertainment and comfort to the patients at Long Island Hospital who are unable to leave Long Island.

DECLARATION BY MAYOR HYNES
OF SALES WEEK IN BOSTON,
OCTOBER 15-21, 1951.

On October 16 Mayor Hynes issued the following statement:

Being fully cognizant of the need for perpetuation of a free and full way of life such as we enjoy, due in great measure to the inherent ability of the American salesman, it is with extreme pleasure that I proclaim October 15-21 "Sales Week in Boston."

It is my sincere hope and earnest request that all members of the selling profession, from the neophyte to the sales manager, will give a little extra effort during "Sales Week in Boston," so that we may graphically portray the factual results of this concentration of selling effort, and thereby prompt other metropolitan areas to once again follow Boston's lead.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

ELECTION DEPARTMENT.

Upon October 15 the Mayor approved a contract as requested in the following letter:

BOSTON, October 11, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The Board of Election Commissioners respectfully requests that permission be given them to award the contract for printing the Municipal Election Ballots to the firm of Wright & Potter Printing Company of 32 Derne street, Boston, without advertising for bids, at the following prices:

*For 290,000 official paper ballots (244 precincts), including specimen ballots (10 for each precinct), boxed in open window cartons, \$4,239.

For 11,800 "Challenged" Ballots (100 for each of the 118 voting machine

precincts), printed "Challenged Ballot" in red ink across filing, \$156.50.

For 20,000 Absent Voters' Ballots (362 precincts), \$782.

For 20,000 War Ballots (362 precincts), \$782.

For voting machine cards and specimen ballots for 118 precincts (3 cards for each of 711 machines and 10 specimen ballots for each precinct), \$1,853.25.

Eight hundred white ballot strips, no printing, \$16.25.

Total, \$7,829.

The ballots for the City Election will contain 362 precinct changes and 22 ward changes in the make up. Great care will be required on the part of the printer, as the time for printing such ballots and making a delivery to this office is very limited.

The Wright & Potter Printing Company is the only printing concern especially equipped to do this work, having printed the State and City of Boston ballots for a long period of years. For this reason, and to safeguard the voters of the city as far as possible against error, this request is made.

Respectfully yours,

JOSEPH RUSSO, *Chairman.*

* In the event that additional ballots are necessary in excess of the 290,000, ballots will be supplied at the rate of \$8.80 per M.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply and mercantile houses for furnishing labor, supplies, etc. Communications from heads of the various departments were as follows:

FIRE DEPARTMENT.

BOSTON, October 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In response to an advertisement in the *City Record* of August 19, 1951, the following bid for installing two steam boilers—one at Engine House 13 and one at Engine House 26—was received, publicly opened and read in the Fire Commissioner's office, 115 Southamptton street, Boston, at 12 m., September 4, 1951: J. W. Praught Company, \$12,620.

The Praught Company, in filing its proposal copy with the City Auditor, did not employ the form furnished for that purpose by the awarding authority. However, the Praught Company were the only bidders and, since the submission of their bid, the Praught Company have agreed to do the work for \$11,495, or at a price \$1,125 below the original bid. This latter figure is believed to be a fair price for the work to be performed.

In view of the foregoing circumstances and in order to take advantage of this lower figure for the work, your Honor's permission is requested to reject the bid of the Praught Company in the amount of \$12,620, to dispense with further public advertising for bids and to award the contract for doing the work to J. W. Praught Company, 1049 Dorchester avenue, Dorchester, for the sum of \$11,495.

Respectfully yours,

M. T. KELLEHER,
Fire Commissioner.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, October 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The Hill Prison Building at Deer Island is over 50 years old. It has a slate roof, a copper gutter and a deep copper cornice that were applied when the building was built.

The seat of the gutter and the cornice are supported on iron brackets attached to the exterior brick walls.

One hundred feet or more of the cornice is missing and the balance is loose, constituting a hazard to both employees and inmates.

The slate roof and the metal covered roof projections require extensive repairs to make the roof watertight.

In view of the above situation your approval is requested to engage John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, to make an examina-

tion, furnish specifications and supervision of the roofing and sheet metal work required.

Very truly yours,

EDWARD L. FRIEL,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

I have designated the firm of John F. Shea & Co., Inc., to effect repairs to artificial stone sidewalks in locations where openings have previously been made by public service corporations in so-called District 4.

In many streets in so-called District 4, the sidewalk areas opened by the Water Division, in connection with the maintenance of the water system, should also be repaired concurrently with the patching work being done for public service corporations. Most of the sidewalk openings made by the Water Division have been temporarily patched with bituminous material, and they are very unsightly and, in many instances, present a hazard to pedestrians.

The schedule of prices for which the above-referenced contractor is doing this work for the public service corporations is fair and reasonable for this type of work, and I do not believe that it will be practical for the city to publicly advertise for proposals for the sidewalk patching work for the Water Division. The above-referenced contractor has agreed to do the sidewalk patching work for the Water Division at a rate of 60 cents per square foot which is 5 cents per foot less than that charged to the public service corporations. Incidentally, the sidewalk repair work was formerly included in the four district contracts that provide for excavation and related work in connection with water breaks. Last year I eliminated the patching item from these contracts because the work was not to my satisfaction, but, more particularly, because the unit cost in two of the districts was 70 cents per square foot, and the average cost in the four districts was 62½ cents per square foot. The latter referenced unit costs were obtained in January of 1949 as the result of publicly advertising for proposals. You will note that the above-referenced agreed price is less than the average price that was obtained on publicly advertised bids over two years ago.

I therefore respectfully request that you approve the awarding of a contract, without publicly advertising for proposals, to the John F. Shea & Co., Inc., for effecting repairs to artificial stone sidewalks in locations where openings have been made by the Water Division of this department in connection with the maintenance and repair of the water system in so-called District 4.

It is understood that the work in District 4 will not exceed \$3,000 and will be charged to the budget of the Water Division of this department.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, October 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of two requisitions, one calling for five obstetrical

lights, as per specifications, to be delivered to the Boston City Hospital and the other calling for one American pressure instrument sterilizer to be delivered to Long Island Hospital.

The American Sterilizer Company is the manufacturer of the above equipment and is the sole distributor in this area. Inasmuch as the equipment is urgently needed by the departments requesting them, authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement to American Sterilizer Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be:

Five obstetrical lights at \$495 each, \$2,475; one sterilizer, \$1,665; less allowance on 10-gallon still, as is, \$500—\$1,165; net total, \$3,640.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BUILDING RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following building:

To enter the building or other structure, or the abutting land or buildings, at 59 Gove street, Ward 1, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

POLICE DEPARTMENT ORDERS.

General Order No. 1,534.

The reinstatement and transfer of the following-named person is hereby ordered, to take effect on Tuesday, October 16, 1951, at 7.45 o'clock A.M.:

Patrolman John J. Kennedy, from Superintendent's Office (armed service roll) to Division 13.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

BOSTON MAY HAVE WORLD'S LARGEST POOL.

Construction of the world's largest outdoor swimming pool in Pleasure Bay, South Boston, is closer to realization. New plans were submitted by Senator John E. Powers, Democratic floor leader, and the Metropolitan District Commission. At a hearing before the Port of Boston Authority at Commonwealth Pier previous Navy Department objections to the project were eliminated.

The new plans for the huge pool call for moving the island end of the causeway shoreward 100 yards. This met the Navy's objections that navigation at a pier at the tip of Castle Island would be hampered. One of the spillways which will change the water in the pool will be moved 700 feet toward the center of the causeway.

The water in the huge bathing lagoon will be maintained permanently at 7 feet above the low tide mark by the causeway and spillway system, thus bathing throughout the day will be provided for an estimated million people.

CONTRACTS AMENDED.

LIBRARY DEPARTMENT.

Samuel Ward Manufacturing Company doing business as Ward's Stationers, 57-61 Franklin Street, Boston, has been allowed to amend the contract to furnish and deliver catalogue cases, book toppers, book display cases and pertinent equipment for the new Branch Library on Adams Street, Dorchester, by striking out the word and figures "October 1, 1961" as they appear in Article XI on page 4 of said contract and substituting therefore the word and figures "December 15, 1961". This agreement is made subject to the provisions of the contract heretofore mentioned.

WARD'S STATIONERS.

57-61 FRANKLIN STREET, BOSTON.

September 24, 1961.

The Trustees of the Boston Public Library of the City of Boston, Copying Square, Boston, Mass.

Attention of Aaron A. Starr.

Deputy Assistant to the Director.

Subject: For Supplying Catalogue Cases, Book Toppers, Book Display Cases and Pertinent Equipment for the New Branch Library on Adams Street, Dorchester.

GENTLEMEN:

Our contract for the above equipment stipulates delivery to be made on or before October 1, 1961.

Unforeseen delays under the Contract Materials Plan make it necessary for manufacturers to ship Defense bonded orders ahead of scheduled orders.

Because of this condition, and since your contract carries no rating, we ask that you extend the delivery date on the above equipment to December 15, 1961.

Very truly yours,

SAMUEL WARD MANUFACTURING CO.,

D. B. A. WARD, STATIONERS.

EDWARD W. Y. DUNN,

President.

Ward's Stationers, 57-61 Franklin Street, Boston, has been allowed to amend the contract to furnish and deliver four special card catalogue cases to the Central

Library Building, Copying Square, by striking out the word and figures "August 1, 1961" as they appear in Article XI on page 4 of said contract and substituting therefore the word and figures "November 1, 1961". This agreement is made subject to the provisions of the contract heretofore referred to.

Attention of Aaron A. Starr.

Deputy Assistant to the Director.

Subject: Contract for Special Card Catalogue Cases, Photographic Machinery, Plates.

GENTLEMEN:

Delivery on the above card catalogue cases on a contract placed in February 1961, was promised on or before August 1, 1961.

Due to a shortage of material, we ask that this delivery date be extended to November 1, 1961.

Very truly yours,

SAMUEL WARD MANUFACTURING CO.,

D. B. A. WARD, STATIONERS.

EDWARD W. Y. DUNN,

President.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Atlantic Roads Company, Inc., has been ordered to perform the following extra work under the contract for bituminous concrete pavement in Bird Street, Capen Street, Jerome Street, Rand Street, Salem Street, Sargent Street, Savin Hill Court, and Winterwood Road, dated June 14, 1961.

In Capen Street, haul approximately 40 linear feet of straight edgestone from city yard furnished by the city and set at \$2 per linear foot, haul four small curbs from city yard furnished by the city and set at \$6 per corner, erect three supports at \$5 each. Estimated cost of extra work, \$125.

James A. Frazier, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Bernard Street, Capen Street, Lorne Street, Standish Street, and Wilder Street, dated July 5, 1961.

In Bernard Street, construct three additional driveways at \$40 per driveway. This work was ordered done after the subwork was completed and the roadway was subgraded for wearing surface. The above price does not include furnishing and setting cornerstones but does include all incidental work required. Estimated costs of extra work, \$120.

James D'Amico, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Capen Place, Harder Street, Hession Terrace, and Waverly Road, dated July 17, 1961.

In Hession Terrace, deliver approximately 57 1/2 linear feet of new 7-inch concrete edgestone to the city yard at \$4 per linear foot. Estimated cost of extra work, \$230.

EXTENSION OF CONTRACTS.**DEPARTMENT OF SCHOOL BUILDINGS.**

Approval has been given for the extension of the time of completion of the contract with M. Spinelli & Sons Company, Inc., for egress alterations in various schools in Group A-2, from October 1, 1951, to December 15, 1951. This extension was requested because of delays in securing necessary materials.

Approval has been given for the extension of the time of completion of the contract with Daniel Russell Boiler Works, Inc., for repairing and retubing boilers in various schools, from September 15, 1951, to December 15, 1951. This extension was requested because of delay in securing materials.

Approval has been given for the extension of the time of completion of the contract with M. Spinelli & Sons Company, Inc., for egress alterations in various schools in Group H-3, from June 1, 1951, to December 15, 1951. This extension was requested because of delay in securing necessary materials.

Approval has been given for the extension of the time of completion of the contract with M. PARK DEPARTMENT.

John F. Shea Company, Inc., has been ordered to make the following changes in the contract for reroofing of Locker Building at Franklin Field, Dorchester, signed July 23, 1951:

In the specifications of the contract, section 3, work to be done under roofing, delete paragraph (g), valley linings, and substitute therein the following:

Valley Linings (g).—After the asphalt felt has been laid, furnish and lay in all valleys over the existing copper valley strips, two thicknesses of 90 pounds to the roll mineral surfaced roofing, one 9 inches wide, with another 18 inches wide on top of it. Lay the roofing before the shingles approach the valleys, so that the shingles overlap the valley strip. Trim shingles to leave a trough 6 inches wide at the ridge and 8 inches wide at the eaves. Nail shingles along valleys, 2 inches apart and 1 inch from valley. Cover exposed heads with plastic fibrated cement.

For the additional work, the amount of \$75 will be added to the contract price, as follows:

Contract price, \$4,678; addition as per this order, \$75; contract as standing, \$4,753.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the relocation, extension, and construction of an extension of Metropolitan avenue, Hyde Park district, as a highway, from Riverside square to Pierce street, bounded and described as follows:

An extension of the highway named Metropolitan avenue is hereby laid out, from north of Riverside square to Pierce street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following-described land exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Congregation Adas Israel of Hyde Park, Mass., bounded:

Northerly by Metropolitan avenue, eight and 47-100 feet; southerly by the same, eight and 47-100 feet; and westerly by other land supposed to belong to said Congregation, fourteen and 6-100 feet on a curve of ten feet radius, containing fourteen square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Metropolitan avenue as hereby extended is bounded:

Northerly by another part of said avenue (highway), fifty feet; easterly

by the easterly line of said avenue as hereby extended, one hundred fifty-six and 57-100 feet; southerly by the southerly line of said avenue as hereby extended, seventy-five and 98-100 feet; westerly by the westerly line of said avenue as hereby extended, by three measurements, forty-five and 2-100 feet, fourteen and 6-100 feet on a curve of ten feet radius, and one hundred three and 99-100 feet; northerly by the northerly line of said avenue as hereby extended, forty-four and 73-100 feet on a curve of eighteen and 37-100 feet radius; and westerly by the westerly line of said avenue as hereby extended, forty-eight and 18-100 feet.

Voted, That this Board determines that the undermentioned estate sustains damages by the making of the public improvement consisting of the extension of Metropolitan avenue, Hyde Park district, as a highway, from north of Riverside square to Pierce street, under the order of the Board of October 5, 1951, in the amount hereinafter mentioned, and awards said amount therefor.

Congregation Adas Israel of Hyde Park, Mass., 14 square feet, \$1.

INVOCATION BY REV. JOHN F. CARLIN.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen. We thank You, O God, for Your paternal protection You have so generously tendered to this governing body during the year. Your blessing has been on this house. You have been a daily guest, the honored guest at each session. You have been an interested witness to our words and our work. We thank You for the blessing of security and precious freedom given to us. We thank You for the spirit of unity and fraternity that exists in this assembly. You have helped us solve our disputes and differences in a reasonable and orderly fashion. Your spirit of justice has guided us in our decisions and in our discussions. While we regret any ill and hasty-tempered words, we realize our dependence on You, and our need for You is great.

For all these many blessings we are deeply grateful. Amen.

The salute to the flag was given by the members.

REPAIR OF CERTAIN STREETS, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, October 5, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of September 10, 1951, requesting the Board of Street Commissioners to repair Bowen street, South Boston, from E street to F street, where there are several holes in the street; to repair the brick sidewalks from 70-76 B street and 142-148 West Fourth street; to replace the concrete blocks at 606 East Sixth street that are five or six inches above the level of the adjoining blocks.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 2, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that "the Board of Street Commissioners be requested to repair Bowen street, South Boston, from E street to F street, where there are several holes in the street; to repair the brick sidewalks from 70-76 B street and 142-148 West Fourth street; to replace the concrete blocks at 606 East Sixth street that are five or six inches above the level of the adjoining blocks."

The local paving service foreman reports that the necessary repairs have been completed in the above-named streets with the exception of 606 East Sixth street, which, in his opinion, does not require any repairs at this time.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SIDEWALKS ON EAST THIRD AND I STREETS.

The following was received:

City of Boston,
Office of the Mayor, October 5, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of October 1, 1951, requesting the replacement of the present brick sidewalks with gran-

olithic sidewalks on East Third street, from Dorchester street to I street, and on I street, between East First street and Broadway, on the westerly side.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 4, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that "the Public Works Commissioner be requested, through his Honor the Mayor, to replace the present brick sidewalks with granolithic sidewalks on East Third street, from Dorchester street to I street and on I street, between East First street and Broadway, on the westerly side," and this will advise you that East Third street is now on the list to be given consideration for the performance of the work requested.

Relative to I street, I regret to advise you that, due to the amount of work on hand at this time, and the lateness of the season, this street will be placed on the list of sidewalk work to be given consideration during 1952.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

ABANDONMENT OF EASEMENTS FOR SEWERAGE PURPOSES, HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, October 8, 1951.
To the Honorable City Council.
Gentlemen:

I transmit herewith communication received from George G. Hyland, Commissioner of Public Works, relative to the abandonment of certain easements for sewerage purposes in private lands in the Hyde Park district of the City of Boston, together with a proposed order for adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 8, 1951.

Hon. John B. Hynes,
Mayor of Boston,
and
City Council of the City of Boston.
Gentlemen:

By an order of the Board of Street Commissioners dated March 12, 1941, and approved by the Mayor of the City of Boston on March 14, 1941, the City of Boston took by eminent domain for sewerage purposes easements in Edwards street, Ayles road, Westminster street, Denby road, Rosa street, Safford street, Bradlee street, and in certain private lands lying between Reddy avenue and Rosa street, Hyde Park district.

No construction has been undertaken pursuant to this taking, and since the City of Boston has no present plans for the construction of sewerage works in Rosa street or in the private lands lying between Rosa street and Reddy avenue, and since no damages were awarded to the landowners, I recommend that the easement taken in Rosa street and in said private lands be abandoned.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, By an order of the Board of Street Commissioners dated March 12, 1941, and approved by the Mayor of the City of Boston March 14, 1941, the City of Boston acquired by eminent domain an easement for sewerage purposes in certain private lands in the Hyde Park district of the City of Boston and shown on a plan hereinafter referred to; and

Whereas, No sewerage facilities have been constructed within the limits of the taking hereinbefore mentioned; and

Whereas, The Commissioner of Public Works of the City of Boston has notified his Honor the Mayor and the City Council in writing that certain portions of the aforesaid taking are no longer required for public purposes; and

Whereas, No awards for damages were awarded as a result of the aforesaid taking for sewerage purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to execute and cause to be recorded in the Suffolk Registry of Deeds a declaration that the easement for sewerage purposes in the following-described parcels of land, being a portion of the aforesaid taking acquired by the order of the Board of Street Commissioners dated March 12, 1941, and approved by the Mayor of the City of Boston March 14, 1941, be abandoned.

Said parcels are bounded and described as follows:

Parcel 1.—A certain parcel of land situated on the southwesterly side of Reddy avenue, bounded northeasterly by Reddy avenue, twelve (12) feet; southeasterly by Lot 167 and Lot 206, on a plan hereinafter mentioned, two hundred (200) feet;

southwesterly by Rosa street, twelve (12) feet; northwesterly by Lot 166 and Lot 207 on said plan, two hundred (200) feet; containing twenty-four hundred (2,400) square feet of land, more or less.

Parcel 2.—About twelve thousand six hundred eighty-nine (12,689) square feet of land located within the limits of Rosa street, bounded northeasterly by the northeasterly line of Rosa street, three hundred twenty-seven and 62/100 (327.62) feet; southeasterly by Rosa street, forty (40) feet; southwesterly by the southwesterly line of Rosa street, three hundred nineteen and 27/100 (319.27) feet; northwesterly by the northwesterly line of Rosa street, thirty-three and 42/100 (33.42) feet.

The above-described parcels of land are shown in red on a plan marked "City of Boston, Plan No. 1254, Sewerage Works, Edwards Street, Ayles Road, Westminster Street, Denby Road, Rosa Street, Safford Street, Bradlee Street, Hyde Park, February 3, 1941, William J. Sullivan, Chief Engineer, Street Laying-Out Department."

Referred to the Executive Committee.

TRANSFERS OF APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, October 8, 1951.
To the City Council.
Gentlemen:

The enclosed requests for transfers of appropriations, together with the accompanying orders, are recommended for adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING EXHAUST DUCT, EXHAUST FAN ROOMS, AND FRESH AIR DUCTS AT THE SUMMER TUNNEL.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning exhaust duct, exhaust fan rooms, and fresh air ducts at the Summer Tunnel. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Cleaning Exhaust Duct, Exhaust Fan Rooms, and Fresh Air Ducts at the Summer Tunnel," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, NOVEMBER 1, 1951, with a certified check for THREE HUNDRED (300) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

BIG RISE IN PORT OF BOSTON CARGOES.

Cargo valued at \$643,100,100 was cleared through the Port of Boston during the year 1950, states Paul G. Carney, regional director, Department of Commerce, Bureau of Foreign and Domestic Commerce.

This exceeded 1949 valuation by more than \$233,300,000. Dry cargo vessels accounted for \$608,800,000 of the total valuation of cargo movement while tanker ship cargo amounted to \$34,300,000.

NEW ENGLAND BUSINESS ACTIVITY.

Business activity in New England continued at a very high level during the first quarter of 1951, according to a recent report of the Federal Reserve Bank of Boston.

Anticipatory buying and an increase in non-secret defense contract awards in New England from \$47,000,000 in January to \$264,000,000 in February stimulated general business activity. The bank stated that New England producers will do more and more military business as the year goes on.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the total amount of his bid, shall be submitted by each subbidder with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939, as amended.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT AND SEWERAGE WORKS IN ARCHDALE ROAD, WARD 19, FROM WASHINGTON STREET TO BROOKWAY ROAD; BROOKWAY ROAD, WARD 19, FROM ELVEN ROAD TO 150 FEET NORTH OF CLAXTON STREET, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARD 19, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement and sewerage works in Archdale road, Ward 19, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement and Sewerage Works in Archdale Road, Ward 19, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of FRIDAY, OCTOBER 26, 1951, with a certified check for FIFTEEN HUNDRED (1,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Oct. 20.) Commissioner of Public Works.

MAYOR HYNES BREAKS GROUND FOR NEW HOUSING DEVELOPMENT AT WHITTIER AND TREMONT STREETS—FIVE SEVEN-STORY AND NINE THREE-STORY STRUCTURES TO RISE ON SITE—COMPLETELY MODERNIZED WITH EVERY CONVENIENCE—TO BE COMPLETED IN YEAR'S TIME—FAMILIES WITH CHILDREN, AS QUALIFIED, WELCOMED.

At the ground-breaking ceremonies on October 25, at Whittier and Tremont streets, Mayor John B. Hynes spoke as follows:

It was with considerable pride that I lifted the first shovel of soil here today, officially opening this new Whittier Street Development.

As you can see, the unsightly houses have vanished, and in their place there will be built five seven-story buildings and nine three-story buildings.

This development will be particularly modernized, as the buildings will include ground-level floors; these will be used as entrances, basements, boiler rooms, administration offices, recreation rooms, laundry rooms, and storage rooms. In other words, this improvement will allow more living space for our qualified tenants. It is a Federally-Aided Low Rent Development.

CITY AUDITOR ISSUES NEW INSTRUCTIONS CONCERNING PAYROLL DEDUCTIONS TO MEET NEW TAX DEMANDS VOTED BY CONGRESS AND APPROVED BY PRESIDENT TRUMAN.

City Auditor Charles J. Fox has issued a new set of instructions to payroll clerks relative to the collection of withholding taxes from city and county employees to meet the new tax demands made by the Treasury Department. The Auditor's instructions are issued in order that no difficulties or disappointments may be experienced in the sequence of payrolls. The instructions read as follows:

October 23, 1951.

To Payroll Clerks.

Under the provisions of the revenue measure adopted by Congress and approved by the President last week, higher withholding rates become effective November 1, 1951, and must be applied against all wages or salaries paid on or after that date. This means that in the

MAYOR JOHN B. HYNES AND HIS COMMITTEE HAVE COMPLETED ELABORATE PLANS FOR ENTERTAINING MILITARY REPRESENTATIVES OF UNITED NATIONS FIGHTING COMMUNISTS IN KOREA—DELEGATION DUE IN BOSTON TUESDAY, OCTOBER 30—ARCHBISHOP CUSHING AND FRANK J. JENNINGS, EXECUTIVE SECRETARY OF COUNCIL OF CHURCHES, ALONG WITH REPRESENTATIVES OF FOUR BRANCHES OF ARMED SERVICES AND OTHER LEADING CITIZENS, PARTICIPATING IN RECEPTIONS—LUNCHEON AT COPLEY PLAZA TO PRECEDE COMMON RECEPTION.

Plans are being rapidly formulated at the office of Mayor John B. Hynes for an elaborate reception to the military representatives of the 21 nations fighting the Chinese Communists in Korea when they arrive here on Tuesday, October 30, for a two-day visit.

The military detail arrived by plane from Korea at Washington, October 24, where it was received by President Truman and the leading military figures of the country. Following a three-day stay at the Capitol, the party will be divided into two groups, one to visit the leading cities of the East and the other the West. The Eastern group, after a two-day stop at New York City, will fly to Boston.

The visit is part of an important information program sponsored jointly by the Departments of State and Defense. The purposes of the mission are fivefold: (1) to show the similarity of endeavor among the troops of the United Nations at Korea; (2) to stimulate blood plasma donations; (3) to inspire further public purchase of Defense Bonds; (4) to further encourage defense production; and (5) to acquaint the visiting nationals with the American way of life in order that they may take the information back home to their fellow countrymen.

Serving on the committee named by Mayor Hynes to receive the visiting men are threescore of the leading representative men and women of the community. Archbishop Richard J. Cushing and Frank Jennings, Executive Secretary of the Massachusetts Council of Churches, are among the leading religious figures. Others include the local heads of the four branches of the armed forces, leaders of the American Red Cross and the Treasury Department, consuls of the nations whose nationals will be in the Korean servicemen's group, and representatives of the leading service organizations.

Present plans call for meeting the group at the East Boston Airport on Tuesday morning to be immediately followed by a motor cavalcade through the streets of downtown Boston. Stops will be made at the Charlestown Navy Yard, City Hall, and the State House.

Following an official City of Boston luncheon at the Copley Plaza at noon, the group will be escorted to the Parkman Bandstand on Boston Common to participate in the afternoon session of an all-day United Nations demonstration. Civilian representatives of the 21 United Nations countries taking part in the Battle of Korea also will play prominent parts in the program.

SECRETARY OF AIR FORCE JOINS IN PRAISING MAYOR HYNES AND BOSTON CITIZENS FOR PLAN, THROUGH CHRISTMAS FESTIVAL COMMITTEE, TO SEND GIFT PARCELS TO OVERSEAS MEN AND WOMEN—MORE THAN 1,000 TO BE REMEMBERED.

The proposed sending of gift boxes to all Boston servicemen and women overseas by the city's Christmas Festival Committee has been warmly commended in a letter from Secretary of the Air Force Thomas K. Finletter to Mayor John B. Hynes.

Secretary Finletter's letter reads: "I want to take this opportunity to thank you and express my personal appreciation to you, your committee, and the people of Boston, for the interest you are taking in our service personnel overseas.

"I do not believe that we can over-emphasize the importance of mail and packages to our servicemen overseas," the letter went on. "Your plan to send Christmas packages to Boston servicemen and women is certainly worth while and will, I am sure, receive the wholehearted support of your community.

"On behalf of the Air Force, may I extend to you best wishes for the success of your program."

Names and addresses of more than 1,000 Boston men and women on military duty in Korea, Japan, Europe, and elsewhere overseas have already been received, the Mayor's office announced simultaneously with releasing Secretary Finletter's letter, and the committee-in-charge continues preparations for mailing them gift boxes before November 15.

"Some contributions to help pay for the boxes have already been received," the announcement stated, "but several thousand dollars are still needed if every Boston man and woman on foreign military duty is to receive a package by Christmastime. Contributions may be sent to Robert Cutler, treasurer, Christmas Festival Committee, 1 Federal street, Boston.

"Any donation, large or small, will be gratefully received. All the packages will be sent in the name of 'The Grateful People of Boston.'"

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, October 16, 1951.

To All Department Heads.

GENTLEMEN:

The Combined Jewish Appeal has my sincere support, and, in the interest of furthering the success of the drive, I am authorizing Max H. Tobin, Assistant Corporation Counsel, as Captain, and Eleanor Zall, of my staff, as Co-Captain, to conduct the general solicitation within all city departments.

Will you please name a representative of your department who will be responsible for the solicitation, and furnish the name to the above appointed Captain and/or Co-Captain.

Respectfully,

JOHN B. HYNES,
Mayor.

NEW INSTRUCTIONS CONCERNING WITHHOLDING TAXES.

(Continued from page 1189.)

case of weekly paid employees the new withholding schedule will apply against the payroll for the week ending November 6, 1951. At this date official withholding tables are not available, but it is hoped that copies may be secured in time for distribution with preliminary payrolls.

Preliminary payrolls for the week ending November 6 will be available not later than October 30. These rolls will not reflect permanent changes appearing on the rolls for the week ending October 30. No amounts will appear on these rolls in the "Withholding Tax Amount" and "Total Net Amount" columns. The appropriate rates appearing in the new withholding schedule should be determined for each employee on the payroll and then entered in the "Withholding Tax Amount" column. The total of the new withholding tax and other deductions, exclusive of Blue Cross, should be subtracted from the figure in the "Amount" column and the difference entered in the "Total Net Amount" column.

Blue Cross deductions will be shown on the preliminary rolls in order to establish a new Blue Cross net amount figure. This deduction should be subtracted from the amount appearing in the "Total Net Amount" column, and the difference should be entered in the "Remarks" column. This latter figure will be used to set up new master cards in the Payroll Division, but it will not affect in any way the amounts to be paid as of November 6.

On payrolls where deductions are now being made for "Union Dues" the following special instructions should be observed. Enter the amount of this deduction below the Blue Cross figure, if any. Make certain that the amount of the dues is deducted in determining the figure appearing in "Total Net Amount" column. If employee is a member of Blue Cross, the amount to be entered in the "Remarks" column should be the figure regularly appearing in the "Total Net Amount" column plus the union dues deduction less the Blue Cross deduction. If the employee is not a member of Blue Cross, then there should be entered in the "Remarks" column the regular "Total Net Amount" plus the union dues deduction.

Under no circumstances should any temporary payroll changes be listed on these rolls, and permanent changes should be kept at the lowest possible minimum. In order to avoid delay in the payment of these rolls, it is imperative that they be returned to Room 60 at the earliest possible moment.

1. Rolls to be paid Wednesday, November 7, should be returned to Room 60 before 5 P.M. on Friday, November 2.

2. Rolls scheduled for payment on Thursday, November 8, should be returned before 5 P.M. on Monday, November 5.

It is important that return of the rolls conform with this schedule in order that the payroll revision involved in the withholding change will be accomplished without any dislocation of the paying schedule of the Treasurer's office.

CHARLES J. FOX,
City Auditor and Auditor of
the County of Suffolk.

U. N. MILITARY DELEGATION TO RECEIVE TREMENDOUS WELCOME TO BOSTON.

(Continued from page 1189.)

In urging the citizens of Boston to join wholeheartedly in the reception, Mayor Hynes said:

"We have been given an unusual opportunity by the Defense Department to demonstrate our faith in world peace by giving these servicemen from Korea a reception and demonstration the memory of which they will carry all through the United States.

"I urge all the people of Boston to remember to join in honoring the Korean servicemen when they come to Boston on October 30."

To assure complete cooperation by the people of Boston with the information program of the Department of Defense, the Mayor sent a message to the parents of Boston's school children, both public and parochial. It reads in part as follows:

"Defense Secretary Robert A. Lovett has designated Tuesday, October 30, as Boston's United Nations Servicemen's Day. On that day are scheduled to arrive in Boston from the front lines at Korea representatives of the armed forces of the 21 nations that are fighting in defense of the freedom of the world. These servicemen will represent United States, Great Britain, France, Canada, Belgium, Luxembourg, Columbia, Denmark, Norway, Sweden, Thailand, Turkey, Netherlands, Republic of Korea, New Zealand, Union of South Africa, Australia, Philippines, India, Greece, and Ethiopia.

"Needless to say, the people of our city, always anxious to further any movement designed for world peace in keeping with American ideals, will outdo themselves to assure these heroes a successful visit.

"It is my hope that when the fighting men from 21 United Nations in Korea come to Boston on that day, you will join in the public reception to be held in the downtown streets of Boston that morning and at the Parkman Bandstand on historic Boston Common in the afternoon.

"I urge you to honor them in every way possible."

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A catch basin in Public Alley No. 430, between Massachusetts avenue and 50 feet distant, in the Boston Proper district, at an estimated cost of \$500.

Twenty-five linear feet of 18-inch pipe surface drain, 5 linear feet of 15-inch pipe and 30 linear feet of 12-inch pipe surface drain in Park street, between Clayton street and Mapes street, in the Dorchester district, at an estimated cost of \$3,200.

Three hundred linear feet of 12-inch pipe surface drain and two catch basins in Suncrest road, between Alpine court and River street, in the Hyde Park district, at an estimated cost of \$3,900.

A surface drain of 1,156 feet of 12-inch pipe in Morton street, between Orchard-hill road and Forest Hills street, in the West Roxbury district, at an estimated cost of \$12,500.

MAYOR HYNES BREAKS GROUND FOR NEW HOUSING DEVELOPMENT.

(Continued from page 1189.)

Elevators will be installed in the seven-story buildings, as well as concrete scissors stairs. These buildings will contain two hundred family units, or nine hundred and seventy-seven rooms, and when completed and landscaped will not only improve the neighborhood, but will cut the cost of public services, such as medical and hospital care, and fire and police services, to mention but a few. However, of far greater importance, in my opinion, is the fact that it will brighten the lives of the many fathers and mothers and their children who will live here, and permit them an opportunity to build happy homes for themselves; this, I think, is the prime value of Public Housing.

We welcome children in Public Housing; in fact, I could almost say we build these Public Housing Developments, as well as administer them, with our children's care, comfort, and general development in mind. In other words, we differ, as many of you people know, from private landlords in this respect. Yes, married couples with children get a priority, rather than a refusal. Our system is the American way, I think, for it makes for a better citizen in the future.

In conclusion, I hope, my friends, to return here in about a year's time, for the purpose of officiating at the dedication exercises upon the completion of this development. In the meantime, we will go on with similar Public Housing, until we have solved the problem of decent living quarters in Boston.

CONGRESS STREET BRIDGE CLOSED.

Commissioner of Public Works George G. Hyland has announced that Congress Street Bridge, over Fort Point Channel, will be closed to vehicular and pedestrian use on Sunday, October 28, from 8 A.M. to 5 P.M., for the purpose of making emergency repairs to the steel work of the drawspan.

Mr. Hyland added that there will be no interference with the passage of vessels through the bridge while these repairs are being made.
